SENATE CONCURRENT RESOLUTION NO. 113

BY STATE AFFAIRS COMMITTEE

A CONCURRENT RESOLUTION

TO ENCOURAGE HOSPITALS IN THE STATE OF IDAHO TO HELP DEVELOP RESIDENCY PRO-GRAMS FOR NEW IDAHO PHYSICIANS.

Be It Resolved by the Legislature of the State of Idaho:

WHEREAS, Idaho ranks 48th in the nation for the number of actively practicing physicians per 100,000 population, with just 180.7 physicians per 100,000 population; and

WHEREAS, more than 25% of physicians in Idaho are over the age of 60 years old and therefore are approaching retirement; and

WHEREAS, in 2009, the Medical Education Subcommittee of the Idaho State Board of Education named as its top priority the expansion of medical residency programs in Idaho; and

WHEREAS, in 2016, the Governor's Medical Education Work Group of the Idaho State Board of Education made the growth of accredited residency programs its top priority for the production of a quality healthcare workforce for Idaho; and

WHEREAS, Idaho ranks 47th in the nation for the number of residency positions available to medical school graduates; and

WHEREAS, 54% of medical school graduates who complete their residencies in Idaho stay in Idaho, which is well above the national average retention rate of 44%; and

WHEREAS, Idaho is ranked second in the nation for the percentage increase in the number of residency positions in Idaho between 2004 and 2014, in areas such as family medicine, internal medicine and psychiatry; and

WHEREAS, there are still many types of residencies that are not offered in Idaho, forcing Idaho medical school graduates to go to other states if they specialize in areas such as emergency care, pediatrics or general surgery; and

WHEREAS, creating new residency positions is a good investment for Idaho, as it results in a higher likelihood that the new physicians who complete their residencies in Idaho will stay in the state; and

WHEREAS, much of the federal money that previously assisted in setting up new residency positions in Idaho has been capped; and

WHEREAS, all of Idaho will benefit from an increase in the number of residency positions in Idaho, and especially an increase in the types of residency positions in Idaho, such as adding general surgery, emergency care and pediatrics; and

WHEREAS, Idaho hospitals should be encouraged to invest in Idaho by providing funding and faculty for setting up new residency positions in their facilities.

NOW, THEREFORE, BE IT RESOLVED by the members of the First Regular Session of the Sixty-fourth Idaho Legislature, the Senate and the House of Representatives concurring therein, that hospitals in Idaho are hereby encour-

- aged to take the actions needed to establish new residency programs and additional residency positions in their facilities for Idaho medical student 1
- 2
- graduates, thus planting the seeds for a new crop of physicians practicing in 3
- Idaho.
