Medicaid Oversight Committee: The bill repeals statutes governing the Medicaid Oversight Committee and relocates them to the law governing interim study committees.

Statutory Entities: It identifies certain state employees serving on statutory entities by their specific job titles. The bill provides for the reimbursement of expenses of state employees, lay persons, and members of the General Assembly serving on statutory entities. It specifies the expiration dates of the terms of members of certain statutory entities.

(The introduced version of this bill was prepared by the Code Revision Commission.)

Effective Date: Upon passage.

Explanation of State Expenditures: Summary - Some administrative costs may increase for certain state agencies by assigning supporting roles and by establishing per diem payments for task forces, committees, boards, and councils where these functions are not currently specified. The bill states that for any reimbursement expenses of a task force, commission, committee or another body, a member of the General Assembly is not considered a state employee. The bill's requirements for per diem costs and staffing reflect current practice of task forces, committees, boards, and councils. The bill adds mileage reimbursement for lay members of various task forces, committees, boards, and councils. As of June 15, 2022, the mileage reimbursement for lay members is \$0.49 per mile.

Department of Administration (DOA): The bill makes a representative of the DOA a member of the Governor's Commission on Supplier Diversity.

Medicaid Oversight Committee (MOC): The bill relocates the Medicaid Oversight Committee to the interim study committee area, affirms the committee is a legislative committee. The Medicaid Oversight Committee met three times during the 2023 interim.

Code Revision Committee: The bill reestablishes the Code Revision Commission as the Code Revision Committee (CRC). The CRC will continue to consist of 15 members with each member receiving the per diem, mileage, and travel allowances paid to individuals who serve as legislative and lay members of interim study committees established by the Legislative Council. The Code Revision Commission met twice during both the 2022 and the 2023 interim.
