(a) Subject to the requirements of this 3 4 section, a school corporation qualifies for a teacher appreciation grant as provided in this section 5 for a state fiscal year if one (1) or more licensed teachers employed by the school corporation were 6 rated as effective or as highly effective, using the most recently completed teacher ratings. 7 (b) A school corporation may not receive a teacher appreciation grant under this section unless: 8 (1) the school corporation has in the state fiscal year in which the teacher appreciation grants 9 are made under this section: 10 (A) adopted an annual policy concerning the distribution of teacher appreciation grants; 11 and 12 (B) submitted the policy to the department for approval; and 13 (2) the department has approved the policy. 14 The department shall specify the date by which a policy described in subdivision (1) must be 15 submitted to the department. 16 (c) A virtual school may not receive a teacher appreciation grant under this section. 17 (d) The amount of a teacher appreciation grant for a qualifying school corporation is equal to: 18 (1) thirty-nine dollars (\$39): multiplied by 19 (2) the school corporation's current ADM. 20 (e) The following apply to the distribution of teacher appreciation grants: 21 (1) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year exceeds the amount appropriated by the general assembly for teacher appreciation 22 23 grants for that state fiscal year, the total amount to be distributed as teacher appreciation 24 grants to school corporations shall be proportionately reduced so that the total reduction 25 equals the amount of the excess. The amount of the reduction for a particular school 26 corporation is equal to the total amount of the excess multiplied by a fraction. The numerator 27 of the fraction is the amount of the teacher appreciation grant that the school corporation 28 would have received if a reduction were not made under this section. The denominator of the 29 fraction is the total amount that would be distributed as teacher appreciation grants to all 30 school corporations if a reduction were not made under this section. 31 (2) If the total amount to be distributed as teacher appreciation grants for a particular state 32 fiscal year is less than the amount appropriated by the general assembly for teacher 33 appreciation grants for that state fiscal year, the total amount to be distributed as teacher appreciation grants to school corporations for that particular state fiscal year shall be 34 35 proportionately increased so that the total amount to be distributed equals the amount of the 36 appropriation for that particular state fiscal year. 37 (f) The annual teacher appreciation grant to which a school corporation is entitled for a state 38 fiscal year shall be distributed to the school corporation before December 5 of that state fiscal year. 39 (g) The following apply to a school corporation's policy under subsection (f) concerning the 40 distribution of teacher appreciation grants: 41 (1) The governing body shall differentiate between a teacher rated as a highly effective teacher 42 and a teacher rated as an effective teacher. The policy must provide that the amount of a 43 stipend awarded to a teacher rated as a highly effective teacher must be at least twenty-five 44 percent (25%) more than the amount of a stipend awarded to a teacher rated as an effective 45 teacher. 46 (3) The governing body may differentiate between school buildings.

47 (4) A stipend to an individual teacher in a particular year is not subject to collective

1 bargaining, but is discussable, and is in addition to the minimum salary or increases in salary 2 set under IC 20-28-9-1.5. The governing body may provide that an amount not exceeding fifty 3 percent (50%) of the amount of a stipend to an individual teacher in a particular state fiscal 4 year becomes a permanent part of and increases the base salary of the teacher receiving the 5 stipend for school years beginning after the state fiscal year in which the stipend is received.

6 The addition to base salary is not subject to collective bargaining, but is discussable.

7 (h) A teacher appreciation grant received by a school corporation shall be allocated among and 8 used only to pay cash stipends to all licensed teachers who are rated as effective or as highly 9 effective and employed by the school corporation as of December 1.

10 (i) The lead school corporation or interlocal cooperative administering a cooperative or other special education program or administering a career and technical education program, including 11 12 programs managed under IC 20-26-10, IC 20-35-5, IC 20-37, or IC 36-1-7, shall award teacher 13 appreciation grant stipends to and carry out the other responsibilities of an employing school 14 corporation under this section for the teachers in the special education program or career and 15 technical education program.

16 (i) A school corporation shall distribute all stipends from a teacher appreciation grant to 17 individual teachers within twenty (20) business days of the date the department distributes the 18 teacher appreciation grant to the school corporation. Any part of the teacher appreciation grant 19 not distributed as stipends to teachers before February must be returned to the department on the 20 earlier of the date set by the department or June 30 of that state fiscal year.

21 (k) The department, after review by the budget committee, may waive the December 5 deadline 22 under subsection (f) to distribute an annual teacher appreciation grant to the school corporation 23 under this section for that state fiscal year and approve an extension of that deadline to a later date 24 within that state fiscal year, if the department determines that a waiver and extension of the 25 deadline is in the public interest.

26 (1) The state board may adopt rules under IC 4-22-2, including emergency rules in the manner 27 provided in IC 4-22-2-37.1, as necessary to implement this section.

28 (m) This section expires June 30, 2019.
