If the senate or house of representatives eliminates a committee or officer referenced in this SECTION and replaces the committee or officer with a new committee or position, the above appropriations for subsistence shall be used to pay for the new committee or officer. However, this does not permit any additional amounts to be paid under this SECTION for a replacement committee or officer than would have been spent for the eliminated committee or officer. If the senate or house of representatives creates a new, additional committee or officer, or assigns additional duties to an existing officer, the above appropriations for subsistence shall be used to pay for the new committee or officer, or to adjust the annual payments made to the existing officer, in amounts determined by the legislative council.

If the funds appropriated for legislators' subsistence are insufficient to pay all the subsistence incurred, there are hereby appropriated such further sums as may be necessary to pay such subsistence.

If the funds above appropriated for the legislative council and the legislative services agency and for legislator and lay member travel are insufficient to pay all the necessary expenses incurred, there are hereby appropriated such further sums as may be necessary to pay those expenses.

Any person other than a member of the general assembly who is appointed by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or legislative council to serve on any research, study, or survey committee or commission is entitled, when authorized by the legislative council, to a per diem instead of subsistence of \$75 per day during the 2019-2021 biennium. In addition to the per diem, such a person is entitled to mileage reimbursement, at the rate specified for members of the general assembly, for each mile necessarily traveled from the person's usual place of residence to the state capitol or other in-state site of the committee, commission, or conference. However, reimbursement for any out-of-state travel expenses claimed by lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council shall be based on SECTION 14 of this act, until the legislative council applies those travel policies and procedures that govern legislators and their staffs to such lay members as authorized elsewhere in this SECTION. The pay phone fund is established for the procurement of hardware, software, and related equipment and services needed to expand and enhance the state campus backbone and other central information technology initiatives. Such procurements may include, but are not limited to, wiring and rewiring of state offices, Internet services, video conferencing, telecommunications, application software, and related services. Notwithstanding IC 5-22-23-5, the fund consists of the net proceeds received from contracts with companies providing phone services at state institutions and other state properties. The fund shall be administered by the office of technology. Money in the fund may be spent by the office in compliance with a plan approved by the budget agency. Any money remaining in the fund at the end of any fiscal year does not revert to the general fund or any other fund but remains in the pay phone fund.

A taxpayer has a credit under Section 41(a)(1) of the Internal Revenue Code for the taxable year even if the credit is not claimed for federal income tax purposes in that taxable year, if the credit can be carried forward for federal income tax purposes.
 - (2) A determination by the Internal Revenue Service includes any decision resulting from an appeal of an allowance or disallowance of the credit under Section 41(a)(1) of the Internal Revenue Code, if the determination is a final determination within the meaning of IC 6-3-4-6(d).

- (b) If a taxpayer has a credit under Section 41(a)(1) of the Internal Revenue Code for a taxable year, and the Internal Revenue Service determines upon audit or other review that the credit is allowable in whole or in part, the department shall treat the portion of qualified research expenses allowed by the Internal Revenue Service as qualified research expenses for purposes of this chapter. the credit under this chapter shall be presumed to not be allowed. However, the presumption may be rebutted by the taxpayer pursuant only to subsection (d).

- (d) If a taxpayer does not have a credit under Section 41(a)(1) of the Internal Revenue Code for a taxable year because the amounts as computed under both Sections 41(a)(1) and 41(c)(5) of the Internal Revenue Code would be zero (0), or the Internal Revenue Service disallows the credit because the amount computed is zero (0), the taxpayer may establish that the credit under this chapter is allowable. However, if the credit under this chapter is presumed to be disallowed because the federal credit under Section 41(a)(1) of the Internal Revenue Code is determined to be zero (0), if requested by the department, the taxpayer must provide the following information in addition to any other information requested by the department:
 - (1) All information necessary to compute the federal credit potentially allowable under Section 41(a)(1) or Section 41(c)(5) of the Internal Revenue Code for the taxable year, with a breakdown of qualified research expenses, receipts, and any other information necessary to compute the federal credit allowable that is attributable to states other than Indiana.
 - (2) All information necessary to compute the credit potentially allowable under this chapter, including qualified research expenses, receipts, and any other information attributable to Indiana for all relevant taxable years.
 - (e) If:
 - (1) the taxpayer would be entitled to a credit under Section 41(a)(1) of the Internal Revenue Code for that taxable year; and
 - (2) the taxpayer could have determined, but did not claim, a federal tax credit under Section 41(a)(1) of the Internal Revenue Code for that taxable year;
- no credit shall be allowed pursuant to this chapter. For purposes of this subsection, subdivision (2) does not apply if the taxpayer had a credit disallowed solely due to the limitation under Section 41(g) of the Internal Revenue Code.
- (f) If a taxpayer has a credit under Section 41(a)(1) of the Internal Revenue Code for a taxable year, and the Internal Revenue Service determines upon audit or other review that amounts claimed by the taxpayer as qualified research expenses are not qualified research expenses, the expenses shall not be treated as qualified research expenses for purposes of this chapter, and such a disallowance shall be treated as conclusive.

SECTION 175. IC 20-43-10-3.5, AS AMENDED BY P.L.86-2018, SECTION 185, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JUNE 29, 2019]: Sec. 3.5. (a) As used in this section, "school" means a school corporation, charter school, and a virtual charter school.

- (b) Subject to the requirements of this section, a school qualifies for a teacher appreciation grant as provided in this section for a state fiscal year if one (1) or more licensed teachers:
 - (1) employed in the classroom by the school; or
 - (2) directly providing virtual education;

were rated as effective or as highly effective, using the most recently completed teacher ratings.

- (c) A school may not receive a teacher appreciation grant under this section unless:
 - (1) the school has in the state fiscal year in which the teacher appreciation grants are made under this section:
 - (A) adopted an annual policy concerning the distribution of teacher appreciation grants; and
 - (B) submitted the policy to the department for approval; and
 - (2) the department has approved the policy.

The department shall specify the date by which a policy described in subdivision (1) must be submitted to the department.

- (d) The amount of a teacher appreciation grant for a qualifying school corporation or virtual charter school is equal to:
 - (1) thirty dollars (\$30); multiplied by
 - (2) the school's current ADM.

However, the grant amount for a virtual charter school may not exceed the statewide average grant amount.

- (e) The following apply to the distribution of teacher appreciation grants:
 - (1) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year exceeds the amount appropriated by the general assembly for teacher appreciation grants for that state fiscal year, the total amount to be distributed as teacher appreciation grants to schools shall be proportionately reduced so that the total reduction equals the amount of the excess. The amount of the reduction for a particular school is equal to the total amount of the excess multiplied by a fraction. The numerator of the fraction is the amount of the teacher appreciation grant that the school would have received if a reduction were not made under this section. The denominator of the fraction is the total amount that would be distributed as teacher appreciation grants to all schools if a reduction were not made under this section.
 - (2) If the total amount to be distributed as teacher appreciation grants for a particular state fiscal year is less than the amount appropriated by the general assembly for teacher appreciation grants for that state fiscal year, the total amount to be distributed as teacher appreciation grants to schools for that particular state fiscal year shall be proportionately increased so that the total amount to be distributed equals the amount of the appropriation for that particular state fiscal year.
- (f) The annual teacher appreciation grant to which a school is entitled for a state fiscal year shall be distributed to the school before December 5 of that state fiscal year.
- (g) The following apply to a school's policy under subsection (c) concerning the distribution of teacher appreciation grants:
 - (1) The governing body shall differentiate between a teacher rated as a highly effective teacher and a teacher rated as an effective teacher. The policy must provide that the amount of a stipend awarded to a teacher rated as a highly effective teacher must be at least twenty-five percent (25%) more than the amount of a stipend awarded to a teacher rated as an effective teacher.
 - (2) The governing body of a school may differentiate between school buildings.

- (3) A stipend to an individual teacher in a particular year is not subject to collective bargaining, but is discussable, and is in addition to the minimum salary or increases in salary set under IC 20-28-9-1.5. The governing body may provide that an amount not exceeding fifty percent (50%) of the amount of a stipend to an individual teacher in a particular state fiscal year becomes a permanent part of and increases the base salary of the teacher receiving the stipend for school years beginning after the state fiscal year in which the stipend is received. The addition to base salary is not subject to collective bargaining, but is discussable.
- (h) A teacher appreciation grant received by a school shall be allocated among and used only to pay cash stipends to all licensed teachers employed in the classroom who are rated as effective or as highly effective and employed by the school as of December 1.
- (i) The lead school corporation or interlocal cooperative administering a cooperative or other special education program or administering a career and technical education program, including programs managed under IC 20-26-10, IC 20-35-5, IC 20-37, or IC 36-1-7, shall award teacher appreciation grant stipends to and carry out the other responsibilities of an employing school corporation under this section for the teachers in the special education program or career and technical education program.
- (j) A school shall distribute all stipends from a teacher appreciation grant to individual teachers within twenty (20) business days of the date the department distributes the teacher appreciation grant to the school. Any part of the teacher appreciation grant not distributed as stipends to teachers before February must be returned to the department on the earlier of the date set by the department or June 30 of that state fiscal year.
- (k) The department, after review by the budget committee, may waive the December 5 deadline under subsection (f) to distribute an annual teacher appreciation grant to the school under this section for that state fiscal year and approve an extension of that deadline to a later date within that state fiscal year, if the department determines that a waiver and extension of the deadline are in the public interest.
- (1) The state board may adopt rules under IC 4-22-2, including emergency rules in the manner provided in IC 4-22-2-37.1, as necessary to implement this section.
 - (m) This section expires June 30, 2019. **2021.**

The total amount to be distributed under this chapter to a school corporation or charter school for a state fiscal year is the amount determined using the following formula:

STEP ONE: Determine the product of:

- (A) the school corporation's complexity index determined under section 4 of this chapter; multiplied by
- (B) three thousand five hundred thirty-nine dollars (\$3,539).
