**Synopsis:** Environmental fees and expenses. Provides that the hazardous waste disposal fee (which replaces the hazardous waste disposal tax), the fee on the disposal or incineration of solid waste, and the annual registration fee paid by owners of underground storage tanks shall be collected by the department of environmental management instead of the department of state revenue. Provides that 75% of the revenue from the hazardous waste disposal fee shall be deposited in the hazardous substance response fund and 25% shall be paid over to the county in which the hazardous waste is disposed of. Allows the commissioner of the department of environmental management, under certain circumstances, to authorize the modification of a restrictive covenant that the owner of a property contaminated with a hazardous substance has been required to execute and record. Provides for the administrative and personnel expenses incurred by the state in evaluating a proposed modification of a restrictive covenant to be paid from the hazardous substances response trust fund, and requires the environmental rules board to adopt rules providing for the recovery of those expenses by the state.
