4	individual" means an individual who is:
5	(1) covered under a self-insurance program established under
6	section 7(b) of this chapter to provide group health coverage; or
7	(2) entitled to services under a contract with a prepaid health care

- (c) Upon the filing of such application, the board shall set the date of hearing, which shall be as early as practicable, and shall notify the parties, in the manner prescribed by the board, of the time and place of hearing. The hearing of all claims for compensation on account of occupational disease shall be held in the county in which the last exposure occurred or in any adjoining county, except when the parties consent to a hearing elsewhere. Claims assigned to an individual board member that are considered to be of an emergency nature by that board member, may be heard in any county within the board member's jurisdiction.
- (d) The board by any or all of its members shall hear the parties at issue, their representatives, and witnesses, and shall determine the dispute in a summary manner. The award shall be filed with the record of proceedings, and a copy thereof shall immediately be sent by registered mail to each of the parties in dispute.
- (e) If an application for review is made to the board within thirty (30) days from the date of the award made by less than all the members, the full board, if the first hearing was not held before the full board, shall review the evidence, or, if deemed advisable, hear the

parties at issue, their representatives, and witnesses as soon as practicable, and shall make an award and file the same with the finding of the facts on which it is based and send a copy thereof to each of the parties in dispute, in like manner as specified in subsection (d).

- (f) An award of the board by less than all of the members as provided in this section, if not reviewed as provided in this section, shall be final and conclusive. An award by the full board shall be conclusive and binding unless either party to the dispute, within thirty (30) days after receiving a copy of such award, appeals to the court of appeals under the same terms and conditions as govern appeals in ordinary civil actions. The court of appeals shall have jurisdiction to review all questions of law and of fact. The board, of its own motion, may certify questions of law to the court of appeals for its decision and determination. An assignment of errors that the award of the full board is contrary to law shall be sufficient to present both the sufficiency of the facts found to sustain the award and the sufficiency of the evidence to sustain the finding of facts. All such appeals and certified questions of law shall be submitted upon the date filed in the court of appeals, shall be advanced upon the docket of the court, and shall be determined at the earliest practicable date, without any extensions of time for filing briefs. An award of the full board affirmed on appeal, by the employer, shall be increased thereby five percent (5%), and by order of the court may be increased ten percent (10%).
- (g) Upon order of the worker's compensation board made after five (5) days notice is given to the opposite party, any party in interest may file in the circuit or superior court of the county in which the disablement occurred a certified copy of the memorandum of agreement, approved by the board, or of an order or decision of the board, or of an award of the full board unappealed from, or of an award of the full board affirmed upon an appeal, whereupon the court shall render judgment in accordance therewith and notify the parties. Such judgment shall have the same effect and all proceedings in relation thereto shall thereafter be the same as though such judgment has been rendered in a suit duly heard and determined by the court. Any such judgment of such circuit or superior court, unappealed from or affirmed on appeal or modified in obedience to the mandate of the court of appeals, shall be modified to conform to any decision of the worker's compensation board ending, diminishing, or increasing any weekly payment under the provisions of subsection (i) upon the presentation to it of a certified copy of such decision.
- (h) In all proceedings before the worker's compensation board or in a court under the compensation provisions of this chapter, the costs

shall be awarded and taxed as provided by law in ordinary civil actions in the circuit court.

- (i) The power and jurisdiction of the worker's compensation board over each case shall be continuing, and, from time to time, it may, upon its own motion or upon the application of either party on account of a change in conditions, make such modification or change in the award ending, lessening, continuing, or extending the payments previously awarded, either by agreement or upon hearing, as it may deem just, subject to the maximum and minimum provided for in this chapter. When compensation which is payable in accordance with an award or settlement contract approved by the board is ordered paid in a lump sum by the board, no review shall be had as in this subsection mentioned. Upon making any such change, the board shall immediately send to each of the parties a copy of the modified award. No such modification shall affect the previous award as to any money paid thereunder. The board shall not make any such modification upon its own motion, nor shall any application therefor be filed by either party after the expiration of two (2) years from the last day for which compensation was paid. The board may at any time correct any clerical error in any finding or award.
- (j) The board or any member thereof may, upon the application of either party or upon its own motion, appoint a disinterested and duly qualified physician, or surgeon, or advanced practice registered nurse to make any necessary medical examination of the employee and to testify in respect thereto. Such physician, or surgeon, or advanced practice registered nurse shall be allowed traveling expenses and a reasonable fee, to be fixed by the board. The fees and expenses of such physician, or surgeon, or advanced practice registered nurse shall be paid by the state only on special order of the board or a member thereof.
- (k) The board or any member thereof may, upon the application of either party or upon its own motion, appoint a disinterested and duly qualified industrial hygienist, industrial engineer, industrial physician, or chemist to make any necessary investigation of the occupation in which the employee alleges that the employee was last exposed to the hazards of the occupational disease claimed upon, and testify with respect to the occupational disease health hazards found by such person or persons to exist in such occupation. Such person or persons shall be allowed traveling expenses and a reasonable fee, to be fixed by the board. The fees and expenses of such persons shall be paid by the state, only on special order of the board or a member thereof.
  - (1) Whenever any claimant misconceives the claimant's remedy and

files an application for adjustment of a claim under IC 22-3-2 through IC 22-3-6 and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury or death which was the basis for such application should properly have been made under the provisions of this chapter, then the application so filed under IC 22-3-2 through IC 22-3-6 may be amended in form or substance or both to assert a claim for such disability or death under the provisions of this chapter, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the worker's compensation board when deemed necessary. Nothing in this section contained shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice or time for filing a claim, but notice of filing of a claim, if given or done, shall be deemed to be a notice or filing of a claim under the provisions of this chapter if given or done within the time required in this chapter.
