- Sec. 4. (a) The teachers' defined contribution plan is established for the purpose of providing amounts funded by an employer and a member for the use of the member or the member's beneficiaries or survivors after the member's retirement.
- (b) The board shall adopt provisions to implement the plan established under subsection (a) as follows:
 - (1) The board shall initially offer the plan using the annuity savings account, subject to obtaining the approval of the Internal Revenue Service in a manner satisfactory to the board to preserve the qualified status of the plan and the fund. The plan as provided under this subdivision is a component within the fund.
 - (2) If the approval of the Internal Revenue Service to offer the plan using the annuity savings account cannot be obtained in a manner satisfactory to the board, the board shall offer the plan as a separate fund under Section 401(a) or another applicable section of the Internal Revenue Code.
 - (c) The board shall administer the plan.
- (d) The board may adopt a plan document that it considers appropriate or necessary to administer the plan.

- Sec. 5. The board may request from the Internal Revenue Service any rulings or determination letters that the board considers necessary or appropriate in order to implement or administer the plan.

 - (1) the date the individual begins the individual's employment in a covered position with an employer that participates in the plan; or
 - (2) the date the individual's position with the employer that participates in the plan becomes covered by the plan, as specified in the resolution adopted by the employer under IC 5-10.4-9.
 - Sec. 7. (a) The plan consists of the following:

 - (2) The employer contribution subaccount consists of:
 - (A) the employer's contributions made on behalf of the member to the plan under section 10 of this chapter; and
 - (B) the earnings on the contributions described in clause
 - (A) as determined under section 8 of this chapter.

The board may combine the two (2) subaccounts established under this subsection into a single account, if the board determines that a single account is administratively appropriate and permissible under applicable law.

(c) If a member makes rollover contributions under section 15

of this chapter, the plan shall establish a rollover account as a separate subaccount within the member's account.

- Sec. 8. (a) Subject to the board obtaining the approval of the Internal Revenue Service as described in section 4(b) of this chapter, the board shall establish the alternative investment programs (as described by IC 5-10.2-2-3 and IC 5-10.2-2-4) within the annuity savings account as the initial alternative investment programs for the plan, except that the board shall maintain at least one (1) alternative investment program that is a stable value fund. If the board considers it necessary or appropriate, the board may establish different or additional alternative investment programs for the plan. However, the guaranteed program (as defined in IC 5-10.2-2-3) shall not be offered as an investment option under the plan.
- (b) The requirements and rules that apply to the alternative investment programs within the annuity savings account are the initial requirements and rules that apply to the alternative investment programs within the plan, including the following:

 - (2) A member's selection of and changes to the member's investment options.
 - (3) The valuation of a member's account.

- (d) The board shall determine the appropriate administrative fees to be charged to the member accounts.
- Sec. 9. (a) Each member's contribution to the plan is equal to three percent (3%) of the member's compensation. The state shall pay the member's contribution on behalf of each member of the plan each year.
- (b) To the extent permitted by the Internal Revenue Code and applicable regulations, a member of the plan may make contributions to the plan in addition to the contribution required under subsection (a). IC 5-10.2-3-2(c) and IC 5-10.2-3-2(d) govern additional contributions made under this subsection.
- (c) Member contributions must be credited to the member's account as specified in IC 5-10.2-3.
 - (d) Although designated as employee contributions, the

contributions made under subsection (a) are picked up and paid by an employer instead of the contributions being paid by the employee in accordance with Section 414(h)(2) of the Internal Revenue Code. A member may not receive any amounts paid by the state under this section directly instead of having the amounts paid to the plan.

- Sec. 10. (a) An employer shall make employer contributions to the plan based on the amount determined under this section.
- (b) The employer's contribution amount for the plan for any period equals the sum of:
 - (1) the sum of the amounts determined under subsection (c) for members of the plan that were employed during the period by the employer; and
 - (2) the employer's share for the period of the amount necessary to amortize the unfunded accrued liability of the fund as determined under IC 5-10.2-2-11(a)(3) and IC 5-10.2-2-11(a)(4).
- (c) For each member of the plan, the amount to be credited to the member's account from the employer's contribution determined under subsection (b) is the lesser of:
 - (1) the product of:
 - (A) the sum of the amounts contributed by the member under section 9(a) and 9(b) of this chapter; multiplied by (B) two (2); or
 - (2) seven and five-tenths percent (7.5%) of the member's compensation.
- (d) Any amount not credited to the member's account shall be applied to the unfunded accrued liability of the fund as determined under IC 5-10.2-2-11(a)(3) and IC 5-10.2-2-11(a)(4).
- (e) An employer shall submit the employer contributions determined under this section as provided in IC 5-10.2-2-12.5.
- Sec. 11. (a) Member contributions and net earnings on the member contributions in the member contribution subaccount belong to the member at all times and do not belong to the state.
- (b) A member is vested in the employer contribution subaccount in accordance with the following schedule:

Years of participation in the	Vested percentage of
plan	employer contributions
	and earnings
1	20%
2	40%
3	60%

4 80% 5 100%

For purposes of vesting in the employer contribution subaccount, only a member's full years of participation in the plan may be counted.

- (c) The amount that a member may withdraw from the member's account is limited to the vested portion of the account.
- (d) A member who attains normal retirement age is fully vested in all amounts in the member's account.
- (e) If a member separates from service with an employer before the member is fully vested in the employer contribution subaccount, the amount in the employer contribution subaccount that is not vested is forfeited as of the date the member separates from service.
- (f) Amounts forfeited under subsection (e) must be used to reduce the employer's unfunded accrued liability of the fund as determined under IC 5-10.2-2-11(a)(3) and IC 5-10.2-2-11(a)(4).
- (g) A member may not earn creditable service (as defined in IC 5-10.2-3-1(a)) under the plan.
- Sec. 12. (a) Subject to the provisions of the Internal Revenue Code applicable to qualified plan distributions, a member who:
 - (1) terminates service in a covered position; and
 - (2) does not perform any service in a position covered by the fund for at least thirty (30) days after the date on which the member terminates service;

is entitled to withdraw amounts in the member's account to the extent the member is vested in the account. A member must make a required withdrawal from the member's account not later than the required beginning date under the Internal Revenue Code.

- (b) The member may elect to have withdrawals paid as:
 - (1) a lump sum;
 - (2) a direct rollover to another eligible retirement plan; or
 - (3) if the member has attained normal retirement age, a monthly annuity in accordance with the rules of the board.
- (c) The board may establish a minimum account balance or a minimum monthly payment amount in order for a member to select the monthly annuity option. The board shall establish the forms of annuity by rule, in consultation with the board's actuary. The board shall give members information about these forms of payment and any information required by federal law to accompany such distributions.
 - (d) Unless otherwise required by federal or state law, the

requirements and rules that apply to the distribution of the annuity savings account apply to distributions from a member's account.

Sec. 13. (a) If a member dies:

- (1) while in service in a position covered by the plan but not in the line of duty; or
- (2) after terminating service in a position covered by the plan but before withdrawing the member's account;

to the extent that the member is vested, the member's account shall be paid to the beneficiary or beneficiaries designated by the member on a form prescribed by the board. The amount paid shall be valued as provided in IC 5-10.2-2-3 and IC 5-10.2-2-4. The board shall invest the total amount in the member's account in the stable value fund not later than thirty (30) days after receiving notification of a member's death.

- (b) If there is no properly designated beneficiary, or if no beneficiary survives the member, the member's account shall be paid to:
 - (1) the surviving spouse of the member;
 - (2) if there is not a surviving spouse, the surviving dependent or dependents of the member in equal shares; or
 - (3) if there is not a surviving spouse or dependent, the member's estate.
