1 **Sec. 2. (a) The rules referred to in section 1(a) of this chapter**
 2 **concerning residential onsite sewage systems shall be administered**
 3 **by the local boards of health through their local health**
 4 **departments. However, the permit program for residential onsite**
 5 **sewage systems operated by a local board of health under local**
 6 **ordinances may be more stringent than the rules concerning**
 7 **residential onsite sewage systems that are applicable under**
 8 **IC 13-20.2-1-2.**

9 **(b) A permit program for residential onsite sewage systems**
 10 **operated by a local board of health is subject to review by the**

 19 **application submitted under this section must:**

20 **(1) be on a form provided by the local health department;**

 22 **sufficient clarity to enable the local health department to**
 23 **determine whether the system will comply with the rules that**
 24 **are applicable under IC 13-20.2-1-2; and**

25 **(3) include any other information the local health department**
 26 **considers necessary to enable the local health department to**

17 and opens to ground level.

18 (b) Each opening to an underground tank of a residential onsite
19 sewage system that allows access from ground level must be
20 covered with a lid or top that is securely fastened.

21 (c) Below a residential onsite sewage system's lid or top

41 (b) The department may issue a construction permit under this
42 section only if the application, plans, and specifications indicate

1 that the commercial onsite sewage system will satisfy the
 2 requirements of the applicable rules under IC 13-20.2-1-2
 3 protecting the surface waters and ground waters of Indiana from
 4 contamination.

5 Sec. 4. (a) The department shall include in a commercial onsite
