SENATE BILL No. 185

A BILL FOR AN ACT to amend the Indiana Code concerning elections.

Be it enacted by the General Assembly of the State of Indiana:

- 1 SECTION 1. IC 3-10-1-24, AS AMENDED BY P.L.271-2013,
2 SECTION 12, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
3 UPON PASSAGE]: Sec. 24. (a) A voter who desires to vote must give
4 the voter's name and political party to the poll clerks of the precinct on
5 primary election day. **In a vote center county using an electronic poll
6 list, two (2) election officers who are not members of the same
7 political party must be present when a voter signs in on the
8 electronic poll list.** The poll clerks shall require the voter to write the
9 following on the poll list or to provide the following information for
10 entry into the electronic poll list:
11 (1) The voter's name.
12 (2) Except as provided in subsection (d), the voter's current
13 residence address.
14 (3) The name of the voter's party.
15 (b) The poll clerks shall:
16 (1) ask the voter to provide or update the voter's voter

- 1 identification number;
- 2 (2) tell the voter the number the voter may use as a voter
- 3 identification number; and
- 4 (3) explain to the voter that the voter is not required to provide a
- 5 voter identification number at the polls.
- 6 (c) If the voter is unable to sign the voter's name, the voter must sign
- 7 the poll list by mark, which must be witnessed by one (1) of the poll
- 8 clerks or assistant poll clerks acting under IC 3-6-6, who shall place the
- 9 poll clerk's or assistant poll clerk's initials after or under the mark.
- 10 (d) The electronic poll list (or each line on a poll list sheet provided
- 11 to take a voter's current residence address) must include a box under
- 12 the heading "Address Unchanged" so that the voter may check the box
- 13 instead of writing the voter's current address on the poll list, or if an
- 14 electronic poll list is used, the poll clerk may check the box after
- 15 stating to the voter the address shown on the electronic poll list and
- 16 receiving an oral affirmation from the voter that the voter's residence
- 17 address shown on the poll list is the voter's current residence address
- 18 instead of writing the voter's current residence address on the poll list
- 19 or reentering the address in the electronic poll list.
- 20 (e) If the voter makes:
- 21 (1) a written affirmation on the poll list that the voter resides at an
- 22 address within the precinct but not at the address shown on the
- 23 poll list for the precinct; or
- 24 (2) an oral affirmation of a change of address under IC 3-7-39-7;
- 25 the county election board shall direct the county voter registration

- 35 mutilated, or spoiled.
- 36 (b) The cards must contain, in underlined type, the following:
- 37 (1) That it is a crime to violate Indiana election laws.
- 38 (2) That the voter should examine the ballot to determine if it
- 39 contains **whether the back of the ballot has:**
- 40 (A) the initials of the poll clerks in ink; ~~or on the back of the~~
- 41 ~~ballot.~~
- 42 (B) the printed initials of the poll clerks, in a vote center

- 1 **county using an electronic poll list that prints on the back**
 2 **of each ballot card, immediately before the ballot card is**
 3 **delivered to the voter, the initials used by the poll clerks to**
 4 **log into the electronic poll book system.**
 5 (3) That the voter should examine the ballot to determine if the
 6 ballot has any mark (other than the initials of the poll clerks)
 7 before voting.
 8 (4) That the voter should not make any mark on the ballot except
 9 a voting mark in the manner provided by IC 3-12-1 because a
 10 mark other than a voting mark may void the ballot.
 11 (5) That the voter should return the ballot to the poll clerks and
 12 request another ballot if:
 13 (A) the poll clerks' initials have not been properly placed on
 14 the ballot;
 15 (B) the ballot has a mark (other than the initials of the poll

 20 and IC 3-14-4-9.

 24 poll list" refers to a poll list that is maintained in a computer data base.
 25 (b) An electronic poll list must satisfy all of the following:
 26 (1) An electronic poll list must be programmed so that the
 27 coordinated action of two (2) election officers who are not
 28 members of the same political party is necessary to access the
 29 electronic poll list.
 30 (2) An electronic poll list may not be connected to a voting
 31 system.
 32 (3) An electronic poll list may not permit access to voter
 33 information other than:
 34 (A) information provided on the certified list of voters
 35 prepared under IC 3-7-29-1; or
 36 (B) information concerning any of the following received or
 37 issued after the electronic poll list has been downloaded by the
 38 county election board under IC 3-7-29-6:
 39 (i) The county's receipt of an absentee ballot from the voter.
 40 (ii) The county's receipt of additional documentation
 41 provided by the voter to the county voter registration office.
 42 (iii) The county's issuance of a certificate of error.

- 1 (4) The information contained on an electronic poll list must be
2 encrypted and placed on a dedicated, private server to secure
3 connectivity between a precinct polling place or satellite absentee
4 office and the county election board. The electronic poll book
5 must have the capability of:
6 (A) storing (in external or internal memory) a local version of
7 the data base; and
8 (B) producing a list of audit records that reflect all of the
9 idiosyncrasies of the system, including in-process audit
10 records that set forth all transactions.
11 (5) The electronic poll list must permit a poll clerk to enter
12 information regarding an individual who has appeared to vote to
13 verify whether the individual is eligible to vote, and if so, whether
14 the voter has:
15 (A) already cast a ballot at the election;
16 (B) returned an absentee ballot; or
17 (C) submitted any additional documentation required under
18 IC 3-7-33-4.5.
19 (6) After the voter has been provided with a ballot, the electronic
20 poll list must permit a poll clerk to enter information indicating
21 that the voter has voted at the election.
22 (7) The electronic poll list must transmit the information in
23 subdivision (6) to the county election board so that the board may
24 transmit the information immediately to every other polling place
25 or satellite absentee office in the county in which an electronic
26 poll list is being used.
27 (8) The electronic poll list must permit reports to be:
28 (A) generated by a county election board for a watcher
29 appointed under IC 3-6-8 at any time during election day; and
30 (B) electronically transmitted by the county election board to
31 a political party or independent candidate who has appointed
32 a watcher under IC 3-6-8.
33 (9) On each day after absentee ballots are cast before an absentee
34 voter board in the circuit court clerk's office, a satellite office, or
35 a vote center, and after election day, the electronic poll list must
36 permit voter history to be quickly and accurately uploaded into
37 the computerized list.
38 (10) The electronic poll list must be able to display an electronic
39 image of the signature of a voter taken from the voter's
40 registration application, if available.
41 (11) The electronic poll list must be used with a signature pad,
42 tablet, or other signature capturing device that permits the voter

1 to make an electronic signature for comparison with the signature
 2 displayed under subdivision (10). An image of the electronic
 3 signature made by the voter on the signature pad, tablet, or other
 4 signature capturing device must be retained and identified as the
 5 signature of the voter for the period required for retention under
 6 IC 3-10-1-31.1.

7 (12) The electronic poll list must include a bar code reader or
 8 tablet that:

9 (A) permits a voter who presents an Indiana driver's license or
 10 a state identification card issued under IC 9-24-16 to scan the
 11 license or card through the bar code reader or tablet; and

12 (B) has the capability to display the voter's registration record
 13 upon processing the information contained within the bar code
 14 on the license or card.

15 **(13) The electronic poll list used in a vote center county may**
 16 **be programmed to print on the back of a ballot card,**
 17 **immediately before the ballot card is delivered to the voter,**
 18 **the initials used by the poll clerks to log into the electronic**
 19 **poll book system.**

20 ~~(13)~~ (14) The electronic poll list must be compatible with:

21 (A) any hardware attached to the poll book, such as signature
 22 pads, bar code scanners, and network cards;

23 (B) the statewide voter registration system; and

24 (C) any software system used to prepare voter information to
 25 be included on the electronic poll list.

26 ~~(14)~~ (15) The electronic poll list must have the ability to be used
 27 in conformity with this title for:

28 (A) any type of election conducted in Indiana; or

29 (B) any combination of elections held concurrently with a
 30 general election, municipal election, primary election, or
 31 special election.

32 ~~(15)~~ (16) The procedures for setting up, using, and shutting down
 33 an electronic poll list must:

34 (A) be reasonably easy for a precinct election officer to learn,
 35 understand, and perform; and

36 (B) not require a significant amount of training in addition to
 37 the training required by IC 3-6-6-40.

38 ~~(16)~~ (17) The electronic poll list must enable a precinct election
 39 officer to verify that the electronic poll list:

40 (A) has been set up correctly;

41 (B) is working correctly so as to verify the eligibility of the
 42 voter;

- 1 (C) is correctly recording that a voter has voted; and
 2 (D) has been shut down correctly.
 3 ~~(17)~~ **(18)** The electronic poll list must include the following
 4 documentation:
 5 (A) Plainly worded, complete, and detailed instructions
 6 sufficient for a precinct election officer to set up, use, and shut
 7 down the electronic poll list.
 8 (B) Training materials that:
 9 (i) may be in written or video form; and
 10 (ii) must be in a format suitable for use at a polling place,
 11 such as simple "how to" guides.
 12 (C) Failsafe data recovery procedures for information included
 13 in the electronic poll list.
 14 (D) Usability tests:
 15 (i) that are conducted by the manufacturer of the electronic
 16 poll list using individuals who are representative of the
 17 general public;
 18 (ii) that include the setting up, using, and shutting down of
 19 the electronic poll list; and
 20 (iii) that report their results using the ANSI/INCITS -354
 21 Common Industry Format (CIF) for Usability Test Reports
 22 approved by the American National Standards Institute
 23 (ANSI) on December 12, 2001.
 24 (E) A clear model of the electronic poll list system architecture
 25 and the following documentation:
 26 (i) End user documentation.
 27 (ii) System-level documentation.
 28 (iii) Developer documentation.
 29 (F) Detailed information concerning:
 30 (i) electronic poll list consumables; and
 31 (ii) the vendor's supply chain for those consumables.
 32 (G) Vendor internal quality assurance procedures and any
 33 internal or external test data and reports available to the
 34 vendor concerning the electronic poll list.
 35 (H) Repair and maintenance policies for the electronic poll
 36 list.
 37 (I) As of the date of the vendor's application for approval of
 38 the electronic poll list by the secretary of state as required by
 39 ~~IC 3-11-18.1-12(2)~~, **IC 3-11-18.1-12**, the following:
 40 (i) A list of customers who are using or have previously used
 41 the vendor's electronic poll list.
 42 (ii) A description of any known anomalies involving the

- 1 functioning of the electronic poll list, including how those
 2 anomalies were resolved.
- 3 ~~(18)~~ **(19)** The electronic poll list and any hardware attached to the
 4 poll book must be designed to prevent injury or damage to any
 5 individual or the hardware, including fire and electrical hazards.
- 6 ~~(19)~~ **(20)** The electronic poll list must demonstrate that it correctly
 7 processes all activity regarding each voter registration record
 8 included on the list, including the use, alteration, storage, and
 9 transmittal of information that is part of the record. Compliance
 10 with this subdivision requires the mapping of the data life cycle
 11 of the voter registration record as processed by the electronic poll
 12 list.
- 13 ~~(20)~~ **(21)** The electronic poll list must successfully perform in
 14 accordance with all representations concerning functionality,
 15 usability, security, accessibility, and sustainability made in the
 16 vendor's application for approval of the electronic poll list by the
 17 secretary of state as required by ~~IC 3-11-18.1-12~~
 18 **IC 3-11-18.1-12.**
- 19 ~~(21)~~ **(22)** The electronic poll list must have the capacity to
 20 transmit all information generated by the voter or poll clerk as
 21 part of the process of casting a ballot, including the time and date
 22 stamp indicating when the voter voted, and the electronic
 23 signature of the voter, for retention on the dedicated private server
 24 maintained by the county election board for the period required
 25 by Indiana and federal law.
- 26 ~~(22)~~ **(23)** The electronic poll list must:
- 27 (A) permit a voter to sign the poll list even when there is a
 28 temporary interruption in connectivity to the Internet; and
- 29 (B) provide for the uploading of each signature and its
 30 assignment to the voter's registration record.
- 31 SECTION 4. IC 3-11-8-25.1, AS AMENDED BY P.L.219-2013,
 32 SECTION 45, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 33 UPON PASSAGE]: Sec. 25.1. (a) Except as provided in subsection (e),
 34 a voter who desires to vote an official ballot at an election shall provide
 35 proof of identification.
- 36 (b) Except as provided in subsection (e), before the voter proceeds
 37 to vote in the election, a precinct election officer shall ask the voter to
 38 provide proof of identification. One (1) of each of the precinct election
 39 officers nominated by each county chairman of a major political party
 40 of the county under IC 3-6-6-8 or IC 3-6-6-9 is entitled to ask the voter
 41 to provide proof of identification. The voter shall produce the proof of
 42 identification to each precinct officer requesting the proof of

1 identification before being permitted to sign the poll list.

2 (c) If:

3 (1) the voter is unable or declines to present the proof of
4 identification; or

5 (2) a member of the precinct election board determines that the
6 proof of identification provided by the voter does not qualify as
7 proof of identification under IC 3-5-2-40.5;

8 a member of the precinct election board shall challenge the voter as
9 prescribed by this chapter.

10 (d) If the voter executes a challenged voter's affidavit under section
11 22.1 of this chapter, the voter may:

12 (1) sign the poll list; and

13 (2) receive a provisional ballot.

14 (e) A voter who votes in person at a precinct polling place that is
15 located at a state licensed care facility where the voter resides is not
16 required to provide proof of identification before voting in an election.

17 (f) After a voter has passed the challengers or has been sworn in, the
18 voter shall be instructed by a member of the precinct election board to
19 proceed to the location where the poll clerks are stationed. **In a vote
20 center county using an electronic poll list, two (2) election officers
21 who are not members of the same political party must be present
22 when a voter signs in on the electronic poll list.** The voter shall
23 announce the voter's name to the poll clerks or assistant poll clerks. A
24 poll clerk, an assistant poll clerk, or a member of the precinct election
25 board shall require the voter to write the following on the poll list or to
26 provide the following information for entry into the electronic poll list:

27 (1) The voter's name.

28 (2) Except as provided in subsection (k), the voter's current
29 residence address.

30 (g) The poll clerk, an assistant poll clerk, or a member of the
31 precinct election board shall:

32 (1) ask the voter to provide or update the voter's voter
33 identification number;

34 (2) tell the voter the number the voter may use as a voter
35 identification number; and

36 (3) explain to the voter that the voter is not required to provide or
37 update a voter identification number at the polls.

38 (h) The poll clerk, an assistant poll clerk, or a member of the
39 precinct election board shall ask the voter to provide proof of
40 identification.

41 (i) In case of doubt concerning a voter's identity, the precinct
42 election board shall compare the voter's signature with the signature on

1 the affidavit of registration or any certified copy of the signature
 2 provided under IC 3-7-29 or enter the information into the electronic
 3 poll list. If the board determines that the voter's signature is authentic,
 4 the voter may then vote. If either poll clerk doubts the voter's identity
 5 following comparison of the signatures, the poll clerk shall challenge
 6 the voter in the manner prescribed by section 21 of this chapter.

7 (j) If, in a precinct governed by subsection (g):

8 (1) the poll clerk does not execute a challenger's affidavit; or

9 (2) the voter executes a challenged voter's affidavit under section
 10 22.1 of this chapter or executed the affidavit before signing the
 11 poll list;

12 the voter may then vote.

13 (k) The electronic poll list (or each line on a poll list sheet provided
 14 to take a voter's current address) must include a box under the heading
 15 "Address Unchanged" so that the voter may check the box instead of
 16 writing the voter's current address on the poll list, or if an electronic
 17 poll list is used, the poll clerk may check the box after stating to the
 18 voter the address shown on the electronic poll list and receiving an oral
 19 affirmation from the voter that the voter's residence address shown on
 20 the poll list is the voter's current residence address instead of writing
 21 the voter's current residence address on the poll list or reentering the
 22 address in the electronic poll list.

23 (l) If the voter indicates that the voter's current residence is located
 24 within another county in Indiana, the voter is considered to have
 25 directed the county voter registration office of the county where the
 26 precinct is located to cancel the voter registration record within the
 27 county. The precinct election board shall provide the voter with a voter
 28 registration application for the voter to complete and file with the
 29 county voter registration office of the county where the voter's current
 30 residence address is located.

31 (m) If the voter indicates that the voter's current residence is located
 32 outside Indiana, the voter is considered to have directed the county
 33 voter registration office of the county where the precinct is located to
 34 cancel the voter registration record within the county.

35 SECTION 5. IC 3-11-13-19 IS AMENDED TO READ AS
 36 FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 19. **(a) Except as**
 37 **provided in subsection (b)**, each circuit court clerk shall print or
 38 stamp the precinct number or designation and a line for each poll
 39 clerk's initials on both a ballot card and the ballot card's secrecy
 40 envelope before the election.

41 **(b) In a vote center county using an electronic poll list, the**
 42 **circuit court clerk shall not print or stamp the information**

1 **required by subsection (a) if the precinct number or designation**
 2 **and the initials used by the poll clerks to log into the electronic poll**
 3 **book system are printed on the back of each ballot card**
 4 **immediately before the ballot card is delivered to the voter.**

5 SECTION 6. IC 3-11-13-28 IS AMENDED TO READ AS
 6 FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 28. (a) This section
 7 does not apply to a ballot card voted by absentee ballot.

8 (b) **Except as provided in subsection (c),** the two (2) poll clerks of
 9 each precinct shall place their initials in ink on the back of each ballot
 10 card at the time the card is issued to a voter. The initials must be in the
 11 poll clerks' ordinary handwriting or printing and without a
 12 distinguishing mark of any kind.

13 (c) **In a vote center county using an electronic poll list, the**
 14 **initials used by the poll clerks to log into the electronic poll book**
 15 **system may be printed on the back of each ballot card immediately**
 16 **before the ballot card is delivered to the voter.**

17 (d) Except as provided in IC 3-12-1-12, a ballot card is not valid
 18 unless, **immediately before the ballot card is delivered to the voter:**

19 (1) **the ballot card** is initialed by both poll clerks; **or**

20 (2) **the initials of both poll clerks are printed on the back of**
 21 **the ballot card in accordance with subsection (c).**

22 SECTION 7. IC 3-11-13-29, AS AMENDED BY P.L.164-2006,
 23 SECTION 116, IS AMENDED TO READ AS FOLLOWS
 24 [EFFECTIVE UPON PASSAGE]: Sec. 29. (a) In addition to the
 25 instructions printed on the ballot card or ballot labels, instructions to
 26 voters shall be posted in each voting booth or placed on the marking
 27 device. Each voter shall be instructed by both judges, on request, on
 28 how to operate the voting device before the voter enters the voting
 29 booth.

30 (b) The instructions posted in the voting booth or placed on the
 31 marking device must state the following:

32 (1) That the voter should examine the ballot card to determine if
 33 **it contains whether the back of the ballot card has:**

34 (A) the initials of the poll clerks in ink; **or on the back of the**
 35 **card:**

36 (B) **the printed initials of the poll clerks, in a vote center**
 37 **county using an electronic poll list that prints on the back**
 38 **of each ballot card, immediately before the ballot card is**
 39 **delivered to the voter, the initials used by the poll clerks to**
 40 **log into the electronic poll book system.**

41 (2) That the voter should not make an unnecessary mark on the
 42 ballot card because the mark may void the card.

- 1 (3) That the voter should examine the ballot card to determine if
- 2 the card has any mark (other than the initials of the poll clerks)
- 3 before voting.
- 4 (4) That the voter should return the ballot card to the poll clerks
- 5 and request another ballot card if:
- 6 (A) the poll clerks' initials have not been properly placed on
- 7 the card;
- 8 (B) the card has a mark (other than the initials of the poll
- 9 clerks) before the voter places a voting mark on the ballot; or
- 10 (C) the voter has improperly marked the card.
- 11 (5) That the voter should examine the ballot card after voting to
- 12 determine that all marks made on the card to indicate the voter's

- 14 (c) As provided by 42 U.S.C. 15481, a voter casting an optical scan
- 15 ballot card under this section must be:
- 16 (1) permitted to verify in a private and independent manner the
- 17 votes selected by the voter before the ballot is cast and counted;
- 18 (2) provided the opportunity to change the ballot or correct any
- 19 error in a private and independent manner before the ballot is cast
- 20 and counted, including the opportunity to receive a replacement
- 21 ballot if the voter is otherwise unable to change or correct the
- 22 ballot; and
- 23 (3) notified before the ballot is cast regarding the effect of casting
- 24 multiple votes for the office and provided an opportunity to
- 25 correct the ballot before the ballot is cast and counted.
- 26 SECTION 8. IC 3-11-18.1-4, AS AMENDED BY P.L.258-2013,
