ENGROSSED SENATE BILL No. 213

DIGEST OF SB 213 (Updated March 29, 2017 5:46 pm - DI 101)

Citations Affected: IC 8-1.

Synopsis: Support structures for wireless facilities. Makes the following changes to the statute concerning the local permitting of wireless support structures: (1) Amends the definition of "permit authority" to specify that with respect to decisions concerning wireless facilities or wireless support structures in an area designated as: (A) a historic preservation district, the term means the historic preservation commission that has jurisdiction over the historic preservation district; or (B) a historic preservation area in a county having a consolidated city, the term means the historic preservation commission that has jurisdiction over the historic preservation area. (2) Amends the definition of "small cell facility" to: (A) increase the maximum specified antenna volume from three cubic feet to six cubic feet per (Continued next page)

antenna; (B) eliminate the maximum specified total volume for all antennas; and (C) increase the maximum specified primary equipment enclosure volume from 17 cubic feet to 28 cubic feet. (3) Amends the definition of "utility pole" to: (A) mean a structure that is designed or used for certain specified purposes (versus existing Indiana Code language defining the term to mean a structure that is designed and used for those specified purposes); and (B) include structures designed or used to provide traffic control or signage. (4) Amends the definition of "wireless support structure" to include structures that are capable of supporting (in addition to those designed to support) wireless facilities. (5) Defines the following terms: (A) "Communications service provider". (B) "Micro wireless facility". (C) "Wireless communications service". (6) Prohibits a permit authority from requiring an application or a permit for, or charging fees for: (A) the routine maintenance of wireless facilities; (B) the replacement of wireless facilities with others that are: (i) substantially similar to; or (ii) the same size or smaller than; those being replaced; or (C) the installation, placement, maintenance, or replacement of micro wireless facilities that are suspended on messenger cables strung between existing utility poles in compliance with applicable codes. (7) Sets forth certain requirements and restrictions with respect to an application for a permit or approval for the construction, placement, or use of small cell facilities. (8) Exempts from these requirements and restrictions an application concerning the construction, placement, or use of small cell facilities in or within 500 feet of the boundaries of: (A) a historic preservation district; or (B) a historic preservation area. (9) Provides that the placement of a small cell facility and an associated supporting structure in the public right-of-way is considered a permitted use and is exempt from local zoning review if the height of supporting structure does not exceed 50 feet. (10) Sets forth limits for application fees for a permit for the construction, placement, or use of small cell facilities. (11) Allows a permit authority to propose, as an alternative location for a proposed small cell facility, that the small cell facility be collocated on an existing utility pole or wireless support structure if the existing utility pole or wireless support structure is located within 50 feet of the location proposed in the application. (12) Provides that for an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority has 60 days to approve or deny the application but shall otherwise follow the application procedures that apply to collocation permit applications under the statute. (13) Prohibits a permit authority from taking certain specified actions with respect to the construction, placement, or use of small cell facilities and the associated supporting structures. (14) Specifies that a permit authority is not prohibited from applying a reasonable and generally applicable safety regulation to the construction, placement, or use of small cell facilities and associated supporting structures in the public right-of-way. (15) With respect to the construction, placement, or use of small cell facilities on a utility pole owned or controlled by a governmental unit, sets forth certain requirements with which the unit must comply and certain actions that the unit is prohibited from taking, including a prohibition against the unit or a utility owned by the unit imposing a rental or other recurring fee for small cell facilities that are strung or located between utility poles if one or more of the utility poles has an associated attachment for which a rental rate is charged. (16) Provides that a unit may impose additional general terms and conditions for the construction, placement, or use of small cell facilities on utility poles owned or controlled by the unit if the additional general terms and conditions are reasonable and consistent with the bill's requirements.

PRINTING CODE. Amendments: Whenever an existing statute (or a section of the Indiana Constitution) is being amended, the text of the existing provision will appear in this style type, additions will appear in **this style type**, and deletions will appear in ~~this style type~~.

Additions: Whenever a new statutory provision is being enacted (or a new constitutional provision adopted), the text of the new provision will appear in **this style type**. Also, the word **NEW** will appear in that style type in the introductory clause of each SECTION that adds a new provision to the Indiana Code or the Indiana Constitution.

Conflict reconciliation: Text in a statute in *this style type* or ~~this style type~~ reconciles conflicts between statutes enacted by the 2016 Regular Session of the General Assembly.

ENGROSSED SENATE BILL No. 213

A BILL FOR AN ACT to amend the Indiana Code concerning utilities.

Be it enacted by the General Assembly of the State of Indiana:

- 1 SECTION 1. IC 8-1-32.3-4.2 IS ADDED TO THE INDIANA
2 CODE AS A **NEW** SECTION TO READ AS FOLLOWS
3 [EFFECTIVE JULY 1, 2017]: **Sec. 4.2. As used in this chapter,**
4 **"communications service provider" has the meaning set forth in**
5 **IC 8-1-2.6-13.**
- 6 SECTION 2. IC 8-1-32.3-7.5 IS ADDED TO THE INDIANA
7 CODE AS A **NEW** SECTION TO READ AS FOLLOWS
8 [EFFECTIVE JULY 1, 2017]: **Sec. 7.5. As used in this chapter,**
9 **"micro wireless facility" means a small cell facility to which both**
10 **of the following apply:**
- 11 (1) **The small cell facility is not larger in dimension than:**
12 (A) **twenty-four (24) inches in length;**
13 (B) **fifteen (15) inches in width; and**
14 (C) **twelve (12) inches in height.**
- 15 (2) **If the small cell facility has an exterior antenna, the**
16 **exterior antenna is not longer than eleven (11) inches.**
- 17 SECTION 3. IC 8-1-32.3-8, AS ADDED BY P.L.145-2015,

ES 213—LS 6015/DI 13

SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 8. **(a)** As used in this chapter, "permit authority" means a unit, a board, a commission, or any other governing body that makes legislative or administrative decisions concerning the construction, installation, modification, or siting of wireless facilities or wireless support structures. The term does not include:

- (1) the Indiana department of transportation;
- (2) the Indiana finance authority;
- (3) the state or any of its agencies, departments, boards, commissions, authorities, or instrumentalities;
- (4) the director of the department of natural resources; or
- (5) a court or other judicial body that reviews decisions or rulings made by a permit authority.

(b) With respect to decisions concerning the construction, installation, modification, or siting of wireless facilities or wireless support structures in an area designated as:

(1) a historic preservation district under IC 36-7-11, "permit authority" means the historic preservation commission that:

(A) is established under IC 36-7-11-4; and

(B) has jurisdiction over the historic preservation district;
or

(2) a historic preservation area under IC 36-7-11.1, "permit authority" means the historic preservation commission that:

(A) is established under IC 36-7-11.1-3; and

(B) has jurisdiction over the historic preservation area.

SECTION 4. IC 8-1-32.3-9, AS ADDED BY P.L.145-2015, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 9. (a) As used in this chapter, "small cell facility" means:

(1) a personal wireless service facility (as defined by the Federal Telecommunications Act of 1996 as in effect on July 1, 2015); or

(2) a wireless ~~service~~ facility that satisfies the following requirements:

(A) Each antenna, including exposed elements, has a volume of ~~three (3)~~ **six (6)** cubic feet or less.

~~(B) All antennas, including exposed elements, have a total volume of six (6) cubic feet or less.~~

~~(C)~~ **(B)** The primary equipment enclosure located with the facility has a volume of ~~seventeen (17)~~ **twenty-eight (28)** cubic feet or less.

(b) For purposes of subsection ~~(a)(2)(C)~~; **(a)(2)(B)**, the volume of the primary equipment enclosure does not include the following

equipment that is located outside the primary equipment enclosure:

- (1) Electric meters.
- (2) Concealment equipment.
- (3) Telecommunications demarcation boxes.
- (4) Ground based enclosures.
- (5) Back up power systems.
- (6) Grounding equipment.
- (7) Power transfer switches.
- (8) Cut off switches.

SECTION 5. IC 8-1-32.3-12, AS ADDED BY P.L.145-2015, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 12. As used in this chapter, "utility pole" means a structure that is:

- (1) owned or operated by:
 - (A) a public utility;
 - (B) a communications service provider;
 - (C) a municipality;
 - (D) an electric membership corporation; or
 - (E) a rural electric cooperative; and
- (2) designed ~~and~~ **or** used to:
 - (A) carry lines, cables, or wires for telephony, cable television, or electricity; ~~or~~
 - (B) provide lighting;
 - (C) **provide traffic control; or**
 - (D) **provide signage.**

The term does not include a wireless support structure or an electrical transmission tower.

SECTION 6. IC 8-1-32.3-12.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: **Sec. 12.5. As used in this chapter, "wireless communications service" means services, whether mobile or at a fixed location, that are provided using wireless facilities through licensed or unlicensed spectrum.**

SECTION 7. IC 8-1-32.3-13, AS ADDED BY P.L.145-2015, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 13. As used in this chapter, "wireless facility" means the set of equipment and network components **that are:**

- (1) **owned and operated by a communications service provider; and**
- (2) necessary to provide wireless communications service.

The term does not include a wireless support structure.

SECTION 8. IC 8-1-32.3-14, AS ADDED BY P.L.145-2015,

SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 14. **(a)** As used in this chapter, "wireless support structure" means a freestanding structure **that is:**

(1) designed to support; or

(2) capable of supporting;
wireless facilities.

(b) The term does not include a utility pole or an electrical transmission tower.

SECTION 9. IC 8-1-32.3-15, AS ADDED BY P.L.145-2015, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 15. **(a)** This chapter applies to permits issued by a permit authority, under local law and consistent with IC 36-7, for the following:

(1) Construction of a new wireless support structure.

(2) Substantial modification of a wireless support structure.

(3) Collocation of wireless facilities on an existing structure.

(4) Construction, placement, and use of small cell facilities.

(b) A permit authority may not require an application or a permit for, or charge fees for, any of the following:

(1) The routine maintenance of wireless facilities.

(2) The replacement of wireless facilities with wireless facilities that are:

(A) substantially similar to; or

(B) the same size or smaller than;

the wireless facilities being replaced.

(3) The installation, placement, maintenance, or replacement of micro wireless facilities that are suspended on messenger cables strung between existing utility poles in compliance with applicable codes by a communications service provider that is authorized to use the public rights-of-way. For purposes of this subdivision, "applicable codes" means uniform building, fire, electrical, plumbing, or mechanical codes that are:

(A) adopted by a recognized national code organization;
and

(B) enacted solely to address imminent threats of destruction of property or injury to persons;
including any local amendments to those codes.

SECTION 10. IC 8-1-32.3-26, AS ADDED BY P.L.145-2015, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 26. **(a)** This section does not apply to an application for a permit or approval for the construction, placement, or use of small cell facilities in or within five hundred

(500) feet of the boundaries of an area designated as:

- (1) a historic preservation district under IC 36-7-11; or**
- (2) a historic preservation area under IC 36-7-11.1.**

(b) An application for a permit or approval for the construction, placement, or use of small cell facilities is subject to the following:

(1) The placement of a small cell facility and the associated supporting structure in the public right-of-way is considered a permitted use and is exempt from local zoning review if the total height of the structure supporting the small cell facility does not exceed fifty (50) feet measured from grade.

(2) A permit authority shall allow an applicant to submit a single consolidated application for multiple small cell facilities that are located within the permit authority's jurisdiction and constitute a single small cell network. The permit authority shall issue a single permit for the small cell network rather than multiple permits for each small cell facility.

(3) The total of any application fees allowed under this section may not exceed the lesser of:

(A) the amount charged by the permit authority for an application for a building permit for any similar type of commercial:

- (i) construction;**
- (ii) activity; or**
- (iii) land use development;**

within the jurisdiction of the permit authority; or

(B) an amount equal to:

- (i) for the first five (5) small cell facilities included in the application, five hundred dollars (\$500) per small cell facility included in the application; plus**
- (ii) for any additional small cell facility included in the application above the first five (5) referenced in item (i), two hundred fifty dollars (\$250) per small cell facility included in the application.**

(4) With respect to an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority may propose, as an alternative location for the proposed small cell facility, that the small cell facility be collocated on an existing utility pole or on an existing wireless support structure if the existing utility pole or the existing wireless support structure is located within fifty (50) feet of the location proposed in the application. The applicant shall use the alternative location

proposed by the permit authority if:

(A) the applicant will have the right to use the alternative location on reasonable terms and conditions; and

(B) the alternative location will not result in technical limitations or additional costs, as determined by the applicant.

(5) With respect to an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority shall follow the application procedures and time limits for review and approval that apply to collocation permit applications under section 22 of this chapter. However, notwithstanding section 22(f) of this chapter, not more than sixty (60) days after making an initial determination of completeness under section 22(d) of this chapter with respect to an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority shall notify the applicant in writing whether the application is approved or denied. However, if the applicant requested additional time as allowed under section 22(e) of this chapter to cure defects in the application, the sixty (60) day period is extended for a corresponding amount of time.

(c) Subject to subsection (d), with respect to the construction, placement, or use of any small cell facility and the associated supporting structure, a permit authority shall not do any of the following:

(1) Limit the placement of the small cell facility by minimum separation distances or maximum height limitations.

(2) Condition the grant of approval on the applicant's agreement to allow other wireless facilities to be placed at, attached to, or located on the associated wireless support structure or utility pole.

(3) Limit the duration of any permit that is granted. However, a permit authority may require that, as applicable, construction commence not later than two (2) years after the date the permit is granted.

(4) Prohibit an applicant from locating a small cell facility, wireless support structure, or utility pole in a residential area.

(5) Require the removal of existing wireless support structures, wireless facilities, or utility poles, wherever located, as a condition for approval of the application. However, this subdivision does not prohibit the permit

1 authority from adopting reasonable rules intended to ensure
2 the public health, safety, and welfare with respect to the
3 removal of an abandoned wireless support structure or
4 abandoned wireless facilities.

5 (d) This chapter does not prohibit a permit authority from
6 applying a reasonable and generally applicable safety regulation
7 under IC 8-1-2-101(b) to the construction, placement, or use of
8 small cell facilities and associated supporting structures in the
9 public right-of-way.

10 (e) The construction, placement, or use of small cell facilities on
11 a utility pole owned or controlled by a governmental unit is subject
12 to the following:

13 (1) The rate for the construction, placement, or use of small
14 cell facilities on the utility pole owned or controlled by the
15 unit may not exceed fifty dollars (\$50) per utility pole per
16 year.

17 (2) For a utility pole used to provide communications service
18 or electric service, the parties to the construction, placement,
19 or use shall comply with the process for make ready work
20 under 47 U.S.C. 224 and any associated implementing
21 regulations. The good faith estimate of the unit owning or
22 controlling the utility pole with respect to any make ready
23 work necessary to enable the utility pole to support the
24 requested placement must include pole replacement if
25 necessary.

26 (3) For a utility pole that does not support aerial facilities
27 used to provide communications service or electric service,
28 the unit shall provide a good faith estimate for any make
29 ready work necessary to enable the utility pole to support the
30 requested construction, placement, or use, including pole
31 replacement if necessary, not later than sixty (60) days after
32 the unit's receipt of a complete application. Make ready work,
33 including any pole replacement, shall be completed not later
34 than sixty (60) days after the applicant's written acceptance
35 of the good faith estimate.

36 (4) The unit shall not require more make ready work than
37 required to meet applicable codes (as defined in section
38 15(b)(3) of this chapter) or industry standards. Fees for make
39 ready work may not include costs related to preexisting or
40 prior damage or to noncompliance. Fees for make ready
41 work, including any utility pole replacement, may not:

42 (A) exceed actual costs or the amount charged to

1 communications service providers for similar work; and
 2 (B) include any consultants' fees or expenses.
 3 (5) Subject to subdivision (7), the unit shall offer rates, fees,
 4 and other terms for the construction, placement, or use that
 5 comply with this chapter. Not later than:
 6 (A) December 31, 2017; or
 7 (B) three (3) months after receiving the first request under
 8 this chapter for the construction, placement, or use of a
 9 small wireless facility on a utility pole owned or controlled
 10 by the unit;
 11 whichever occurs later, the unit shall establish and make
 12 available, by ordinance or otherwise, the rates, fees, and
 13 terms that govern the construction, placement, or use of small
 14 cell facilities on utility poles owned or controlled by the unit
 15 and that are in compliance with this chapter.
 16 (6) The unit or a utility owned by the unit shall not impose a
 17 rental or other recurring fee for small cell facilities that are
 18 strung or located between utility poles if one (1) or more of
 19 the utility poles has an associated attachment for which a
 20 rental rate is charged.
 21 (7) The unit may impose additional general terms and
 22 conditions for the construction, placement, or use of small cell
 23 facilities on utility poles owned or controlled by the unit if the
 24 additional general terms and conditions are reasonable and
 25 consistent with this chapter. Any additional general terms and
 26 conditions authorized by this subdivision must be included in
 27 the rates, fees, and terms that the unit is required to establish
 28 and make available under subdivision (5).

"(4) With respect to an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority shall follow the application procedures and time limits for review and approval that apply to collocation permit applications under section 22 of this chapter.

(b) With respect to the construction, placement, or use of any small cell facility and the associated supporting structure, a permit authority shall not do any of the following:

(1) Limit the placement of the small cell facility by minimum separation distances or maximum height limitations.

(2) Impose unreasonable requirements regarding the maintenance or appearance of the small cell facility and associated supporting structure, including requirements concerning the types of materials to be used or the screening or landscaping of the location.

(3) Condition the grant of approval on the applicant's agreement to allow other wireless facilities to be placed at, attached to, or located on the associated wireless support structure or utility pole.

(4) Limit the duration of any permit that is granted. However, a permit authority may require that, as applicable, construction commence not later than two (2) years after the date the permit is granted.

(5) Prohibit an applicant from locating a small cell facility, wireless support structure, or utility pole in a residential area or within a specific distance from a residence or other structure.

(6) Impose setback or fall-zone requirements for the associated wireless support structure or utility pole that are different from requirements imposed on other types of structures in the right-of-way.

(7) Require the removal of existing wireless support structures, wireless facilities, or utility poles, wherever located, as a condition for approval of the application. However, this subdivision does not prohibit the permit authority from adopting reasonable rules intended to ensure the public health, safety, and welfare with respect to the removal of an abandoned wireless support structure or abandoned wireless facilities.

(c) The construction, placement, or use of small cell facilities on a utility pole owned or controlled by a governmental unit is subject to the following:

(1) The rate for the construction, placement, or use of small cell facilities on the utility pole owned or controlled by the unit may not exceed the lesser of:

(A) the annual recurring rate that would apply under the regulations adopted by the Federal Communications Commission under 47 U.S.C. 224(e) if the rates were regulated by the Federal Communications Commission; or

(B) twenty dollars (\$20) per utility pole per year.

(2) For a utility pole used to provide communications service or electric service, the parties to the construction, placement, or use shall comply with the process for make ready work under 47 U.S.C. § 224 and any associated implementing regulations. The good faith estimate of the unit owning or controlling the utility pole with respect to any make ready work necessary to enable the utility pole to support the requested placement must include pole replacement if necessary.

(3) For a utility pole that does not support aerial facilities used to provide communications service or electric service, the unit shall provide a good faith estimate for any make ready work necessary to enable the utility pole to support the requested construction, placement, or use, including pole replacement if necessary, not later than sixty (60) days after the unit's receipt of a complete application. Make ready work, including any pole replacement, shall be completed not later than sixty (60) days after the applicant's written acceptance of the good faith estimate.

(4) The unit shall not require more make ready work than required to meet applicable codes (as defined in section 15(b)(3) of this chapter) or industry standards. Fees for make ready work may not include costs related to preexisting or prior damage or to noncompliance. Fees for make ready work, including any utility pole replacement, may not:

- (A) exceed actual costs or the amount charged to communications service providers for similar work; and**
- (B) include any consultants' fees or expenses.**

(5) The unit shall offer rates, fees, and other terms for the construction, placement, or use that comply with this chapter. Not later than:

- (A) December 31, 2017; or**
- (B) three (3) months after receiving the first request under this chapter for the construction, placement, or use of a small wireless facility on a utility pole owned or controlled by the unit;**

whichever occurs later, the unit shall establish and make available, by ordinance or otherwise, the rates, fees, and terms that govern the construction, placement, or use of small cell facilities on utility poles owned or controlled by the unit and that are in compliance with this chapter."

"SECTION 3. IC 8-1-32.3-8, AS ADDED BY P.L.145-2015, SECTION 3, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2017]: Sec. 8. **(a)** As used in this chapter, "permit authority" means a unit, a board, a commission, or any other governing body that makes legislative or administrative decisions concerning the construction, installation, modification, or siting of wireless facilities or wireless support structures. The term does not include:

- (1) the Indiana department of transportation;
- (2) the Indiana finance authority;
- (3) the state or any of its agencies, departments, boards, commissions, authorities, or instrumentalities;
- (4) the director of the department of natural resources; or
- (5) a court or other judicial body that reviews decisions or rulings made by a permit authority.

(b) With respect to decisions concerning the construction, installation, modification, or siting of wireless facilities or wireless support structures in an area designated as:

ES 213—LS 6015/DI 13

(1) a historic preservation district under IC 36-7-11, "permit authority" means the historic preservation commission that:

(A) is established under IC 36-7-11-4; and

(B) has jurisdiction over the historic preservation district;
or

(2) a historic preservation area under IC 36-7-11.1, "permit authority" means the historic preservation commission that:

(A) is established under IC 36-7-11.1-3; and

(B) has jurisdiction over the historic preservation area."

Page 4, line 14, delete "An application for a permit or approval" and insert **"This section does not apply to an application for a permit or approval for the construction, placement, or use of small cell facilities in or within five hundred (500) feet of the boundaries of an area designated as:**

(1) a historic preservation district under IC 36-7-11; or

(2) a historic preservation area under IC 36-7-11.1.

(b) An application for a permit or approval for the construction, placement, or use of small cell facilities is subject to the following:"

Page 5, between lines 6 and 7, begin a new line block indented and insert:

"(4) With respect to an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority may propose, as an alternative location for the proposed small cell facility, that the small cell facility be collocated on an existing utility pole or on an existing wireless support structure if the existing utility pole or the existing wireless support structure is located within fifty (50) feet of the location proposed in the application. The applicant shall use the alternative location proposed by the permit authority if:

(A) the applicant will have the right to use the alternative location on reasonable terms and conditions; and

(B) the alternative location will not result in technical limitations or additional costs, as determined by the

applicant."

Page 5, line 7, delete "(4)" and insert **"(5)"**.

Page 5, line 12, after "chapter." insert **"However, notwithstanding section 22(f) of this chapter, not more than sixty (60) days after making an initial determination of completeness under section 22(d) of this chapter with respect to an application for the construction, placement, or use of a small cell facility and the associated supporting structure, a permit authority shall notify the applicant in writing whether the application is approved or denied. However, if the applicant requested additional time as allowed under section 22(e) of this chapter to cure defects in the application, the sixty (60) day period is extended for a corresponding amount of time."**

Page 5, line 13, delete "(b) With" and insert **"(c) Subject to subsection (d), with"**.
