(2) a marching band leader; or

(3) a drama or musical leader; or

4 (3) (4) a leader of an extracurricular activity in which students 5 have an increased risk of sudden cardiac arrest activity as 6 determined by the department in consultation with an 7 organization that specializes in the prevention of sudden cardiac 8 arrest.

9 (b) An individual described in subsection (a) shall complete the 10 sudden cardiac arrest training course offered by a provider approved by the department in a manner specified by the state board under 11 12 IC 20-28-5.5-1. The sudden cardiac arrest training course described 13 in this subsection must include training in the use of an automated 14 external defibrillator (AED). An individual described in subsection (a) may not coach or lead the athletic activity event in which students 15 16 have an increased risk of sudden cardiac arrest until the individual 17 completes the training course required under this subsection. The 18 provider shall provide the school with a certificate of completion to the 19 school corporation, charter school, or state accredited nonpublic school 20 for each individual who completes a course under this subsection.

(c) Each school corporation, charter school, or state accredited nonpublic school shall maintain all certificates of completion awarded under subsection (b) for each individual described in subsection (a).

(d) An individual described in subsection (a) who complies with this section and provides coaching or leadership services in good faith is not personally liable for damages in a civil action as a result of a sudden cardiac arrest incurred by an applicable student participating in an athletic activity event in which students have an increased risk of sudden cardiac arrest for which the head coach, assistant coach, marching band leader, drama or musical leader, or other applicable leader provided coaching or leadership services, except for an act or omission by the individual described in subsection (a) that constitutes gross negligence or willful or wanton misconduct.

(e) An individual described in subsection (a) may ensure that an operational automated external defibrillator (AED) is present at each event in which students have an increased risk of sudden cardiac arrest for which the individual described in subsection (a) is providing coaching or leadership.

39 (f) One (1) automated external defibrillator (AED) may be 40 shared by two (2) or more events in which students have an increased risk of sudden cardiac arrest if the following conditions 42 are met:

1 (1) The events in which students have an increased risk of 2 sudden cardiac arrest occur at the same time. 3 (2) The events in which students have an increased risk of 4 sudden cardiac arrest occur in locations that are in close 5 proximity to each other, as determined by the department. 6 (3) The automated external defibrillator (AED) is placed in a 7 designated location that is between the events in which 8 students have an increased risk of sudden cardiac arrest. 9 (4) Each individual described in subsection (a) who conducts 10 an event in which students have an increased risk of sudden 11 cardiac arrest described in this subsection is aware of the 12 designated location of the automated external defibrillator (AED). 14 (g) Each school corporation, charter school, and state accredited 16 (1) Ensure that an automated external defibrillator (AED) 16 (1) Ensure that an automated external defibrillator (AED) 16 (2) Establish a goal of responding within three (3) minutes to 17 a sudden cardiac arrest occurring within the venue. 18 (2) Establish a goal of responding within three (3) minutes to 19 a sud
