concerning any identified challenges with respect to Indiana's electric generation portfolios; and (3) issue a report setting forth the task force's recommendations not later than December 1, 2020. Requires the utility regulatory commission (IURC) to conduct, before July 1, 2020, a comprehensive study of the statewide impacts of: (1) transitions in the fuel sources and other resources used to generate electricity by electric utilities; and (2) new and emerging technologies for the generation of electricity; on electric generation capacity, system reliability, system resilience, and the cost of electric utility service. Requires the IURC to provide a final report on its study to the governor, the legislative council, and the 21st century energy policy development task force not later than July 1, 2020. Provides that an order affecting rates of service may be entered by the IURC without a formal public hearing in the case of any public or municipally owned utility that either: (1) serves less than 5,000 customers; or (2) has initiated a rate case on behalf of a single division of the utility and that division: (A) serves less than 5,000 customers; and (B) has an IURC-approved schedule of rates and charges that is separate and independent from that of any other division of the utility. (Current law permits the IURC to enter a service rate order without a public hearing only in the case of a utility that itself serves less than 5,000 customers.) Changes the term "distressed utility" to "offered utility" for purposes of provisions regarding acquisition of water or wastewater utilities. Makes the following changes for purposes of provisions under which a utility that acquires property from another utility at a cost differential may petition the IURC to include the cost differential in the acquiring utility's rate base: (1) Provides conditions for applicability of the rebuttable presumption that the cost differential is reasonable. (2) Amends the findings the IURC must make in order to approve the petition. (3) Provides that notice of the filing of the petition may be provided to customers of the acquiring utility company in a billing insert. Provides, for purposes of the requirement that a municipality that plans to sell or dispose of nonsurplus municipally owned utility property must appoint appraisers in a writing that is a public record, that a written contract with the appraisers or the appraisers' firms satisfies this requirement. Provides that the municipality must hold a public hearing regarding the appraisal and proposed sale not later than 180 days (rather than 90 days, under current law) after the appraisal is complete. Amends the factors the IURC must consider in deciding whether the sale or disposition is in the public interest. Urges the legislative council to assign to an appropriate interim study committee the task of studying the connection of unserved properties to sanitary sewer systems.

 34 and other resources described in subdivision (1) and for the
 35 implementation of new and emerging technologies described in
 36 subdivision (2).

37 (c) During the 2019 legislative interim, the commission shall

 11 SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 12 UPON PASSAGE]: Sec. 1. As used in this chapter, "cost differential"
 13 means the difference between:

- 14 (1) the cost to a utility company that acquires utility property from
 15 a ~~distressed~~ **an offered** utility, including the purchase price,
 16 incidental expenses, and other costs of acquisition; minus
 17 (2) the difference between:
 18 (A) the cost of the utility property when originally put into
 19 service by the ~~distressed~~ **offered** utility; minus
 20 (B) contributions or advances in aid of construction plus
 21 applicable accrued depreciation.

22 SECTION 5. IC 8-1-30.3-2 IS REPEALED [EFFECTIVE UPON
 23 PASSAGE]. ~~Sec. 2: As used in this chapter, "distressed utility" refers~~
 24 ~~to a utility company whose property is the subject of an acquisition~~
 25 ~~described in section 5(a) of this chapter.~~

26 SECTION 6. IC 8-1-30.3-2.6 IS ADDED TO THE INDIANA
 27 CODE AS A NEW SECTION TO READ AS FOLLOWS
 28 [EFFECTIVE UPON PASSAGE]: **Sec. 2.6. As used in this chapter,**
 29 **"offered utility" means a utility company whose property is the**
 30 **subject of an acquisition described in section 5(a) of this chapter.**

31 SECTION 7. IC 8-1-30.3-5, AS AMENDED BY P.L.64-2018,
 32 SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 33 UPON PASSAGE]: Sec. 5. (a) This section applies if:

- 34 (1) a utility company acquires property from ~~another~~ **an offered**
 35 ~~utility company~~ **at a cost differential** in a transaction involving a
 36 willing buyer and a willing seller; and
 37 (2) at least one (1) utility company described in subdivision (1) is
 38 subject to the jurisdiction of the commission under this article.

39 **(b) Subject to subsection (c),** there is a rebuttable presumption that
 40 a cost differential is reasonable.

41 **(c) If the acquisition is made under IC 8-1.5-2-6.1, and to the**
 42 **extent the purchase price does not exceed the appraised value as**

1 **determined under IC 8-1.5-2-5, the purchase price is considered**
 2 **reasonable for purposes of subsection (d) and any resulting cost**
 3 **differential is considered reasonable.**

4 **(c) (d) Before closing on the acquisition,** the utility company that
 5 acquires the utility property may petition the commission to include ~~the~~
 6 **any cost differentials differential** as part of its rate base **in future rate**
 7 **cases.** The commission shall approve the petition if the commission
 8 finds the following:

9 (1) The utility property is used and useful **to the offered utility**
 10 in providing water service, wastewater service, or both water and
 11 wastewater service.

12 (2) The ~~distressed~~ **offered utility is too small to capture**
 13 **economies of scale or has** failed to furnish or maintain adequate,
 14 efficient, safe, and reasonable service and facilities.

15 (3) The utility company will **improve economies of scale or, if**
 16 **otherwise needed,** make reasonable and prudent improvements
 17 to ~~ensure the offered utility's plant, the offered utility's~~
 18 **operations, or both,** so that customers of the ~~distressed offered~~
 19 utility will receive adequate, efficient, safe, and reasonable
 20 service.

21 (4) The acquisition of the utility property is the result of a mutual
 22 agreement made at arms length.

23 (5) The actual purchase price of the utility property is reasonable.

24 (6) The utility company and the ~~distressed offered~~ utility are not
 25 affiliated and share no ownership interests.

26 (7) The rates charged by the utility company ~~before acquiring the~~
 27 ~~utility property of the distressed utility~~ will not increase
 28 unreasonably **in future general rate cases solely** as a result of
 29 acquiring the utility property **from the offered utility. For**
 30 **purposes of this subdivision, the rates and charges will not**
 31 **increase unreasonably in future general rate cases so long as**
 32 **the net original cost proposed to be recorded under subsection**
 33 **(f) is not greater than two percent (2%) of the acquiring**
 34 **utility's net original cost rate base as determined in the**
 35 **acquiring utility's most recent general rate case. If the amount**
 36 **proposed to be recorded under subsection (f) is greater than**
 37 **two percent (2%) of the acquiring utility's net original cost**
 38 **rate base as determined in the acquiring utility's most recent**
 39 **general rate case, the commission shall proceed to determine**
 40 **whether the rates charged by the utility company will increase**
 41 **unreasonably in future general rate cases solely as a result of**
 42 **acquiring the utility property from the offered utility and, in**

1 **making the determination, may consider evidence of:**

2 **(A) the anticipated dollar value increase; and**

3 **(B) the increase as a percentage of the average bill.**

4 (8) The cost differential will be added to the utility company's rate
5 base to be amortized as an addition to expense over a reasonable
6 time with corresponding reductions in the rate base.

7 ~~(d)~~ **(e)** A utility company may petition the commission in an
8 independent proceeding to approve a petition under subsection ~~(c)~~
9 before the financial close of the transaction if the utility company
10 provides for **In connection with its petition under subsection (d), the**
11 **acquiring utility company shall provide** the following:

12 ~~(1)~~ **(1)** Notice of the proposed acquisition and any proposed changes
13 in rates or charges to customers of the distressed utility.

14 ~~(2)~~ **(1)** Notice to customers of the **acquiring** utility company that
15 a petition has been filed with the commission under this chapter.
16 The notice provided under this subdivision must include the cause
17 number assigned to the petition. **Notice under this subdivision**
18 **may be provided to customers in a billing insert.**

19 ~~(3)~~ **(2)** Notice to the office of the utility consumer counselor.

20 ~~(4)~~ **(3)** A plan for reasonable and prudent improvements to provide
21 adequate, efficient, safe, and reasonable service to customers of
22 the distressed utility.

23 ~~(e)~~ **(f)** In a proceeding under subsection (d), the commission shall
24 issue its final order not later than two hundred ten (210) days after the
25 filing of the petitioner's case in chief. If the commission grants the
26 petition, the commission's order shall authorize the acquiring utility
27 company to make accounting entries recording the acquisition and that
28 reflect:

29 (1) the full purchase price;

30 (2) incidental expenses; and

31 (3) other costs of acquisition;

32 as the **net** original cost of the utility plant in service assets being
33 acquired, allocated in a reasonable manner among appropriate utility
34 plant in service accounts.

35 SECTION 8. IC 8-1-30.3-6, AS AMENDED BY P.L.85-2017,
36 SECTION 37, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
37 UPON PASSAGE]: Sec. 6. For purposes of section ~~5(e)(2)~~ **5(d)(2)** of
38 this chapter, a **distressed an offered** utility is **too small to capture**
39 **economies of scale or is** not furnishing or maintaining adequate,
40 efficient, safe, and reasonable service and facilities if the commission
41 finds one (1) or more of the following:

42 (1) The **distressed offered** utility violated one (1) or more state or

1 federal statutory or regulatory requirements in a manner that the
 2 commission determines affects the safety, adequacy, efficiency,
 3 or reasonableness of its services or facilities.

4 (2) The ~~distressed~~ **offered** utility has inadequate financial,
 5 managerial, or technical ability or expertise.

6 (3) The ~~distressed~~ **offered** utility fails to provide water in
 7 sufficient amounts, that is palatable, or at adequate volume or
 8 pressure.

9 (4) The ~~distressed~~ **offered** utility, due to necessary improvements
 10 to its plant or distribution or collection system or operations, is
 11 unable to furnish and maintain adequate service to its customers
 12 at rates equal to or less than those of the acquiring utility
 13 company.

14 (5) The ~~distressed~~ **offered** utility

15 (A) is ~~municipally owned utility property of a municipally~~
 16 ~~owned utility that serves fewer than five thousand (5,000)~~
 17 ~~customers. and~~

18 ~~(B) is being sold under IC 8-1.5-2-6.1.~~

19 (6) Any other facts that the commission determines demonstrate
 20 the ~~distressed~~ **offered** utility's inability to **capture economies of**
 21 **scale or to** furnish or maintain adequate, efficient, safe, or
 22 reasonable service or facilities.

23 SECTION 9. IC 8-1.5-2-4, AS AMENDED BY P.L.98-2016,
 24 SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 25 UPON PASSAGE]: Sec. 4. Whenever the municipal legislative body
 26 or the municipal executive determines to sell or otherwise dispose of
 27 nonsurplus municipally owned utility property, it shall provide for the
 28 following in a ~~written document writing~~ that shall be made available,
 29 **upon request**, for inspection and copying at the offices of the
 30 municipality's municipally owned utility in accordance with IC 5-14-3:

31 (1) The appointment, as follows, of three (3) residents of Indiana
 32 to serve as appraisers:

40 (3) The time that the appraisal is due.

41 **It is sufficient for purposes of this section that the municipal**
 42 **legislative body or municipal executive provides for the**

 4 SECTION 8, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 5 UPON PASSAGE]: Sec. 5. (a) Each appraiser appointed as provided
 6 by section 4 of this chapter must:

 10 sale;
 11 (2) be a disinterested person; and
 12 (3) not be a resident or taxpayer of the municipality.

13 (b) The appraisers shall:

- 14 (1) be sworn to make a just and true valuation of the property; and

 16 (A) municipal legislative body; or
 17 (B) municipal executive;

18 that appointed them within the time fixed in the ~~written document~~
 19 **writing** appointing them under section 4 of this chapter.

20 (c) If all three (3) appraisers cannot agree as to the appraised value,
 21 the appraisal, when signed by two (2) of the appraisers, constitutes a
 22 good and valid appraisal.

23 (d) If, after the return of the appraisal by the appraisers, the
 24 legislative body and the municipal executive decide to proceed with the
 25 sale or disposition of the nonsurplus municipally owned utility
 26 property, the legislative body shall, not earlier than the thirty (30) day
 27 period described in subsection (e) and not later than ~~ninety (90) one~~

 39 body is not required to adopt an ordinance providing for the sale or
 40 disposition of the nonsurplus municipally owned utility property if,
 41 after the hearing, the legislative body determines it is not in the interest
 42 of the municipality to proceed with the sale or disposition. Notice of a

1 hearing under this section shall be published in the manner prescribed

- 36 (l) Notwithstanding the procedures set forth in this section, if:
- 37 (1) before July 1, 2015, a municipality adopts an ordinance under

40 in this section before its amendment on July 1, 2015; and
41 (2) the ordinance adopted takes effect before July 1, 2015, in
42 accordance with the procedures set forth in this section before its

1 amendment on July 1, 2015;
 2 the ordinance is not subject to challenge under subsection (g) after June
 3 30, 2015, regardless of whether the thirty (30) day period described in
 4 subsection (g) expires after June 30, 2015. An ordinance described in
 5 this subsection is effective for all purposes and is legalized and
 6 validated.

7 (m) Subsections (g) through (k) do not apply to an ordinance
 8 adopted under subsection (d) after March 28, 2016, if the commission
 9 determines, in reviewing the proposed sale or disposition under section
 10 6.1(h) of this chapter, that the factors set forth in ~~IC 8-1-30.3-5(c)~~
 11 **IC 8-1-30.3-5(d)** are satisfied as applied to the proposed sale or
 12 disposition.

13 SECTION 11. IC 8-1.5-2-6.1, AS AMENDED BY P.L.64-2018,
 14 SECTION 2, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 15 UPON PASSAGE]: Sec. 6.1. (a) This section applies to a municipality
 16 that adopts an ordinance under section 5(d) of this chapter after March
 17 28, 2016.

18 (b) Before a municipality may proceed to sell or otherwise dispose
 19 of all or part of its nonsurplus utility property under an ordinance
 20 adopted under section 5(d) of this chapter, the municipality and the
 21 prospective purchaser must obtain the approval of the commission
 22 under this section.

23 (c) As part of the sale or disposition of the property, the
 24 municipality and the prospective purchaser may include terms and
 25 conditions that the municipality and the prospective purchaser consider
 26 to be equitable to the existing utility customers of:

- 27 (1) the municipality's municipally owned utility; and
- 28 (2) the prospective purchaser;

29 as applicable.

30 (d) The commission shall approve the sale or disposition of the
 31 property according to the terms and conditions proposed by the
 32 municipality and the prospective purchaser if the commission finds that
 33 the sale or disposition according to the terms and conditions proposed
 34 is in the public interest. For purposes of this section, the purchase price
 35 of the municipality's nonsurplus utility property shall be considered
 36 reasonable if it does not exceed the appraised value set forth in the
 37 appraisal required under section 5 of this chapter.

38 (e) The following apply to the commission's determination under
 39 subsection (d) as to whether the proposed sale or disposition according
 40 to the proposed terms and conditions is in the public interest:

- 41 (1) If:

42 (A) the ~~municipality's municipally owned utility~~ **prospective**

1 **purchaser** petitions the commission under IC 8-1-30.3-5(d);
2 and
3 (B) the commission approves the ~~municipality's municipally~~
4 ~~owned utility's~~ **prospective purchaser's** petition; ~~under~~
5 ~~IC 8-1-30.3-5(c);~~
6 the proposed sale or disposition is considered to be in the public
7 interest.
8 (2) If subdivision (1) does not apply and subject to subsection (h),
9 the commission shall consider the extent to which the proposed
10 terms and conditions of the proposed sale or disposition would
11 require the existing utility customers of either the prospective
12 purchaser or the municipality's municipally owned utility, as
13 applicable, to pay rates that would subsidize utility service to the
14 other party's existing customers. **For purposes of this**
15 **subdivision, the proposed terms and conditions will not result**
16 **in rates that would subsidize service to other customers if the**
17 **amount to be recorded as net original cost under subsection**
18 **(f) is not greater than two percent (2%) of the prospective**
19 **purchaser's net original cost rate base as determined in the**
20 **prospective purchaser's most recent general rate case. If the**
21 **amount to be recorded is greater than two percent (2%), the**
22 ~~commission determines that:~~ **shall proceed to determine**
23 **whether:**
24 (A) the proposed terms and conditions would result in a
25 subsidy described in this subdivision; and
26 (B) the subsidy would cause the proposed terms and
27 conditions of the proposed sale or disposition not to be in the
28 public interest.
29 The commission shall calculate the amount of the subsidy that
30 would result and shall set forth in an order under this section such
31 changes to the proposed terms and conditions as the commission
32 considers appropriate to address the subsidy. The prospective
33 purchaser and the municipality shall each have thirty (30) days
34 from the date of the commission's order setting forth the
35 commission's changes to either accept or reject the changes. If
36 either party rejects the commission's changes, the proposed sale
37 or disposition is considered not to be in the public interest.
38 (3) In reviewing the proposed terms and conditions of the
39 proposed sale or disposition under either subdivision (1) or (2),
40 the commission shall consider the financial, managerial, and
41 technical ability of the prospective purchaser to provide the utility
42 service required after the proposed sale or disposition.

1 (4) In reviewing the proposed terms and conditions of the
 2 proposed sale or disposition under either subdivision (1) or (2),
 3 the commission shall accept as reasonable the valuation of the
 4 nonsurplus utility property determined through an appraisal and
 5 review under section 5 of this chapter.

6 (f) As part of an order approving a sale or disposition of property
 7 under this section, the commission shall, without regard to amounts
 8 that may be recorded on the books and records of the municipality and
 9 without regard to any grants or contributions previously received by the
 10 municipality, provide that for ratemaking purposes, the prospective
 11 purchaser shall record as the net original cost rate base an amount
 12 equal to:

- 13 (1) the full purchase price;
- 14 (2) incidental expenses; and
- 15 (3) other costs of acquisition;

16 allocated in a reasonable manner among appropriate utility plant in
 17 service accounts.

18 (g) The commission shall issue a final order under this section not
 19 later than two hundred ten (210) days after the filing of the parties' case
 20 in chief.

21 (h) In reviewing a proposed sale or disposition under subsection (e),
 22 the commission shall determine whether the factors set forth in
 23 ~~IC 8-1-30.3-5(c)~~ **IC 8-1-30.3-5(d)** are satisfied as applied to the
 24 proposed sale or disposition of the municipality's nonsurplus
 25 municipally owned utility property for purposes of section 5(m) of this
 26 chapter. If the commission determines that the factors set forth in
 27 ~~IC 8-1-30.3-5(c)~~ **IC 8-1-30.3-5(d)**:

- 28 (1) are satisfied as applied to the proposed sale or disposition,
 29 section 5(g) through 5(k) of this chapter does not apply to the
 30 municipality's ordinance adopted under section 5(d) of this
 31 chapter; or

- 32 (2) are not satisfied as applied to the proposed sale or disposition:
 33 (A) section 5(g) through 5(k) of this chapter applies to the
 34 municipality's ordinance adopted under section 5(d) of this
 35 chapter; and

- 36 (B) the question as to whether the sale or disposition should be
 37 made must be submitted to the voters of the municipality at a
 38 special or general election if at least the number of the
 39 registered voters of the municipality set forth in section 5(h) of
 40 this chapter sign and present a petition to the legislative body
 41 opposing the sale or disposition, in accordance with section
 42 5(g) through 5(k) of this chapter.

1 However, notwithstanding this subsection, in reviewing a proposed sale
2 or disposition under subsection (e)(2), the commission may not
3 condition its approval of the proposed sale or disposition on whether
4 the factors set forth in ~~IC 8-1-30.3-5(c)~~ **IC 8-1-30.3-5(d)** are satisfied
5 or on any other factors except those provided for in subsection (e)(2),
6 (e)(3), and (e)(4).

7 SECTION 12. [EFFECTIVE UPON PASSAGE] **(a) The legislative**
8 **council is urged to assign to an appropriate interim study**
9 **committee the task of studying the connection of unserved**
10 **properties to sanitary sewer systems.**

11 **(b) This SECTION expires January 1, 2020.**

12 SECTION 13. **An emergency is declared for this act.**

(h) If the commission determines under subsection (e) or (g) that a final order may not be issued in a particular matter or proceeding, the commission may, in an expedited proceeding not to exceed ninety (90) days, grant relief from the commission's determination and issue a final emergency order in the particular matter if the following conditions are met:

- (1) The electric utility involved in the matter or proceeding files with the commission a petition seeking emergency relief from the commission's determination.**
- (2) The commission determines after:**
 - (A) conducting a public hearing on the necessity for the relief sought by the electric utility; and**
 - (B) receiving public testimony from the appropriate regional transmission organizations;**

that an emergency exists, or that delaying or denying the issuance of an order in the matter would present significant adverse risks to the statewide or regional electric generation capacity, system reliability, or system resilience.

(i) Subsections (e) and (g) do not prohibit any of the following after April 30, 2019, and before January 1, 2021:

- (1) An electric utility from filing a petition for approval of:**
 - (A) a certificate of public convenience and necessity; or**
 - (B) a purchased power agreement.**
- (2) The commission, electric utilities, parties, or intervenors from conducting any procedural matters preceding a final order in a pending proceeding, including establishing procedural schedules, filing testimony and exhibits, holding hearings, conducting conferences, and taking such other actions necessary for the commission's final determination in the matter.**
- (3) The commission from issuing a final order denying all or**

part of an electric utility's petition for approval of:

(A) a certificate of public convenience and necessity; or

(B) a purchased power agreement;

if the denial of all or part of the petition would not have an impact on the generation capacity, system reliability, or system resilience of electric utility service on a statewide basis.
