Second Regular Session 119th General Assembly (2016)

**SENATE CONCURRENT  
RESOLUTION No. \_\_\_\_\_**

---

1           A CONCURRENT RESOLUTION urging the legislative council  
2 to assign to the appropriate study committee the topic of deciding  
3 whether all of Indiana's 92 counties should be located in the Central  
4 Time Zone.

5           *Whereas, Based on the geographical location of Indiana,*  
6 *the original time zone designation for all of Indiana from*  
7 *1883-1965 was the Central Time Zone;*

8           *Whereas, Existing technology in the mid-1960s prompted*  
9 *80 Indiana counties to be reassigned to the Eastern Time Zone*  
10 *to facilitate financial transactions with, and television*  
11 *broadcasts from, New York and the Eastern United States;*

12           *Whereas, Modern technology has negated the original*  
13 *convenience advantage of being in the Eastern Time Zone, and*  
14 *the three-hour time difference with the West Coast that now*  
15 *exists year-round causes costly inconveniences when*  
16 *conducting direct business communications with that region of*  
17 *the country, California being the ninth largest economy in the*  
18 *world;*

19           *Whereas, Article 1, the Indiana Constitution's Bill of*  
20 *Rights, states that "all free governments are, and of right ought*  
21 *to be, founded on their (the People's) authority, and instituted*  
22 *for their peace, safety, and well-being";*

23           *Whereas, The excessive amount of morning darkness during*

1 *the majority of the school year in Indiana's 80 Eastern Time*  
 2 *Zone counties jeopardizes the safety of the 850,000 students*  
 3 *living in those counties;*

4 *Whereas, Additionally, students who are teenagers in those*  
 5 *Eastern Time Zone counties have to cope with a sunlight*  
 6 *schedule that is two hours out-of-sync with their biological*  
 7 *clocks, which jeopardizes their educational well-being by*  
 8 *compromising their ability to perform at their most optimum*  
 9 *level in school;*

10 *Whereas, An adverse sunlight schedule is a recognized*  
 11 *contributing cause of several recently released statistics*  
 12 *regarding Hoosiers' health, safety, and well-being: Hoosiers*  
 13 *are the seventh most obese and least physically fit in the U.S.;*  
 14 *Indiana teens have the highest death rate in the U.S. due to car*  
 15 *crashes; and 50,000 Indiana students are chronic absentees*  
 16 *each year, the majority due to truancy;*

17 *Whereas, Senate Bill 127 passed in 2005, directing the*  
 18 *governor to petition the United States Department of*  
 19 *Transportation (USDOT) to hold hearings to determine the*  
 20 *"time zone or time zones in which Indiana's 92 counties should*  
 21 *be located";*

22 *Whereas, In studying the issue, the USDOT stated that it is*  
 23 *within the Indiana General Assembly's purview to determine*  
 24 *where the time boundary within Indiana should be located;*

25 *Whereas, 50 Indiana school boards and 25,000 Indiana*  
 26 *citizens have signed a resolution in support of restoring*  
 27 *Indiana to its original Central Time Zone; and*

28 *Whereas, The issues of commerce, productivity, academic*  
 29 *achievement, student safety, and health are some of the issues*  
 30 *adversely affected by time zone placements: Therefore,*

31 *Be it resolved by the Senate of the General Assembly*  
 32 *of the State of Indiana, the House of Representatives concurring:*

33 SECTION 1. That the Indiana General Assembly urges the

1 legislative council to assign to the appropriate study committee the  
2 topic of determining whether all of Indiana's 92 counties should be  
3 located in the Central Time Zone.

4 SECTION 2. The Secretary of the Senate is hereby directed to  
5 transmit a copy of this Resolution to the legislative council.
