9 health information which may be contrary to, inconsistent with or more  
10 restrictive than the rules set forth in this act shall be superseded by the  
11 rules set forth in this act, except that: (1) Nothing in this act shall limit or  
12 restrict the effect and application of the peer review statute, K.S.A. 65-

16 act shall supersede the provisions of any state law relating to the  
17 confidentiality, privacy, security or privileged status of protected health  
18 information in the possession or custody of any state agency.

19 (b) Nothing in this act shall limit or restrict the ability of any state  
20 agency to require the disclosure of protected health information by any  
21 person or entity pursuant to law.

22 New Sec. 9. It is the purpose of this act to identify the person who  
23 qualifies as a personal representative to act on behalf of an individual for  
24 any of the following purposes:

26 individual by a health care provider;

27 (2) consent for autopsy of a decedent's body or part;

28 (3) disposition of a decedent's remains including burial, cremation  
29 or entombment;

30 (4) consent for anatomical gift of decedent's body or part;

31 (5) Informed consent for an individual's participation in a research  
32 protocol in accordance with the provisions of 21 C.F.R. 56.101 et seq.,  
33 and 45 C.F.R. 46.101 et seq.;

34 (6) an individual's exercise of individual rights under the HIPAA  
35 privacy rule in accordance with 45 C.F.R. 164.520 to 164.528;

36 (7) an individual's authorization for use or disclosure of that  
37 individual's protected health information in accordance with 45 C.F.R.  
38 164.502 to 164.514;

39 (8) an individual's exercise of individual rights with respect to  
40 inclusion of protected health information within an approved HIO in  
41 accordance with section 16 of this act; or

42 (9) an individual's exercise of patient rights in accordance with any  
43 other state or federal statute or regulation, including, but not limited to,

1 42 C.F.R. 482.13 and 45 C.F.R. 635, but only to the extent such statute or  
2 regulation does not otherwise identify a personal representative for such  
3 purpose.

4 New Sec. 10. (a) When any person or entity requires a personal  
5 representative to act on behalf of an incapacitated adult or deceased  
6 individual for one of the purposes listed in section 9 of this act, such  
7 person or entity shall first make a reasonable inquiry as to whether a  
8 DPOA-HC or a legal guardian has been designated or appointed for such  
9 incapacitated adult or deceased individual.

10 (b) If no DPOA-HC or legal guardian has been designated or  
11 appointed or such DPOA-HC or legal guardian is incompetent or  
12 unavailable at the time, the person or entity requiring a personal  
13 representative to act on behalf of an incapacitated adult or deceased  
14 individual for one of the purposes listed in section 9 of this act shall make  
15 a reasonable inquiry as to the availability of another individual to serve as  
16 the personal representative, in the following priority, provided such  
17 person is competent and available at the time:

18 (1) The incapacitated adult's or deceased individual's spouse;

19 (2) any adult son or daughter of the incapacitated adult or deceased  
20 individual;

21 (3) either parent of the incapacitated adult or deceased individual;

22 (4) any adult brother or sister of the incapacitated adult or deceased  
23 individual;

24 (5) any adult grandchild of the incapacitated adult or deceased  
25 individual; or

26 (6) a close friend of the incapacitated adult or deceased individual.

27 (c) Where there are multiple personal representatives at the same  
28 priority level in the hierarchy, it shall be the responsibility of those  
29 personal representatives to make reasonable efforts to reach a consensus  
30 as to their decision on behalf of the patient. If two or more personal  
31 representatives who are in the same category and have equal priority  
32 disagree about the matter at issue, a majority of the available persons in  
33 that category shall control, unless, in the case of an incapacitated adult,  
34 the minority initiates guardianship proceedings in accordance with K.S.A.  
35 59-3050 et seq., and amendments thereto. No health care provider or  
36 other person or entity shall be required to seek appointment of a legal  
37 guardian on behalf of an incapacitated adult for any purpose listed in  
38 section 9 of this act.

39 (d) In the event a person of a higher priority to an individual's  
40 identified personal representative becomes available and is willing to  
41 serve the individual's personal representative for one of the purposes  
42 listed in section 9 of this act, the person with higher priority shall be  
43 identified as the individual's personal representative. In the event a

1 person in a higher, a lower, or the same priority level or a health care  
2 provider seeks to challenge the priority of an individual's recognized  
3 personal representative, the challenging party may initiate guardianship  
4 proceedings in accordance with the K.S.A. 59-3030 et seq., and  
5 amendments thereto.

6 (e) A personal representative's authority to act on behalf of an  
7 incapacitated adult shall extend only so long as the adult is incapacitated.  
8 Upon gaining capacity, the individual shall have the sole authority to act  
9 for any of the purposes listed in section 9 of this act.

10 New Sec. 11. (a) The person with the authority to consent to the  
11 provision of health care to a minor by a health care provider also shall  
12 have the authority to act as that minor's personal representative with  
13 respect to any other purpose listed in section 9 of this act as it relates to  
14 the provision of such health care.

15 (b) If no parent or legal guardian of a minor with authority to  
16 consent to the provision of health care by a health care provider to that  
17 minor is available by any means, personally, telephonically or  
18 electronically or competent to provide such consent, the person or entity  
19 requiring a personal representative for a minor for one of the purposes  
20 listed in section 9 of this act shall make a reasonable inquiry as to the  
21 availability of another person to act as the minor's personal  
22 representative, in the following priority, provided such person is  
23 competent and available at the time:

24 (1) Any person designated in writing by such parent or legal  
25 guardian to consent for the provision of health care by a health care  
26 provider for the minor;

27 (2) any grandparent of the minor;

28 (3) any adult brother or sister of the minor;

29 (4) any adult aunt or uncle of the minor;

30 (5) any adult cousin of the minor; or

31 (6) any adult close friend of the minor's parent or legal guardian.

32 No person or entity shall seek or rely upon a decision made by a  
33 personal representative of a minor with respect to treatment and provision  
34 of health care unless such person or entity reasonably determines the  
35 delay associated with locating the minor's parent or legal guardian would  
36 be detrimental to the health or welfare of such minor.

37 (c) Upon reaching the age of majority and otherwise becoming  
38 emancipated, an individual shall gain control over the protected health  
39 information, including protected health information relating to the  
40 provision of health care to the individual while such individual was a  
41 minor. The parent, legal guardian or other person who consented for the  
42 provision of health care by a health care provider may not access or  
43 otherwise exercise control over such protected health information once

1 the individual reaches the age of majority or otherwise becomes  
2 emancipated.

3 (d) Any person who identifies and relies upon a personal  
4 representative to act for a minor with respect to one of the purposes listed  
5 in section 9 of this act in compliance with this provision shall be immune  
6 from any civil or criminal liability or adverse licensure or disciplinary  
7 action by a state agency relating to the subject matter of such purpose  
8 regardless of any other provision of state law.

9 New Sec. 12. (a) Nothing herein shall amend or repeal the laws  
10 related to the Kansas durable power of attorney act for health care  
11 decisions, K.S.A. 58-625 et seq., and amendments thereto, the Kansas  
12 natural death act, K.S.A. 65-28,101 et seq., and amendments thereto, or  
13 the laws related to do-not-resuscitate directives, K.S.A. 65-4941 et seq.,  
14 and amendments thereto. A personal representative does not have the  
15 power to revoke any of the following valid advance directives properly  
16 executed by the individual, regardless of the individual's subsequent  
17 incapacity:

18 (1) A durable power of attorney for health care decisions; or

19 (2) a Kansas natural death act declaration.

20 (b) Nothing herein shall alter or amend any existing laws related to  
21 the necessity of obtaining consent for provision of health care by a health  
22 care provider; informed consent for a research protocol; the determination  
23 of whether an adult has an impairment or a minor has been emancipated;  
24 or the circumstances in which a minor may consent for the provision of  
25 health care by a health care provider on such minor's own behalf.

26 New Sec. 13. A health care provider may disclose protected health  
27 information without authorization to any state agency for any public  
28 health purpose that is permitted or required by law. Nothing in this act  
29 shall be construed to limit the use, transfer, or disclosure of protected  
30 health information as required or permitted by any other provision of law.

31 New Sec. 14. (a) The corporation shall establish and revise, as  
32 appropriate, standards for approval and operation of statewide and  
33 regional health information organizations operating in the state as  
34 approved HIOs including, but not limited to, the following:

35 (1) Satisfaction of certification standards for health information  
36 exchanges promulgated by the federal government;

37 (2) adherence to nationally recognized standards for interoperability;

38 (3) adoption and adherence to rules promulgated by the corporation  
39 regarding access to and use and disclosure of protected health  
40 information maintained by or on an approved HIO;

41 (4) demonstration of adequate financial resources to sustain  
42 continued operations in compliance with the standards;

43 (5) participation in outreach activities for individuals and covered

1 entities;

2 (6) conduct of operations in a transparent manner to promote  
3 consumer confidence;

4 (7) implementation of security breach notification procedures; and

5 (8) development of procedures for entering into and enforcing the  
6 terms of participation agreements with covered entities which satisfy the  
7 requirements established by the corporation pursuant to section 16 of this  
8 act.

9 New Sec. 15. (a) The corporation shall establish and implement:

10 (1) A process by which a health information exchange may apply for  
11 and receive approval by the corporation by demonstrating compliance  
12 with the standards promulgated by the corporation pursuant to section 14  
13 of this act;

14 (2) a process by which an approved HIO shall be re-approved on  
15 appropriate intervals by demonstrating continued compliance with the  
16 standards promulgated by the corporation pursuant to section 14 of this  
17 act; and

18 (3) a process for the investigation of reported concerns and  
19 complaints regarding an approved HIO and imposition of appropriate  
20 remedial and proactive measures to address any identified deficiencies.

21 New Sec. 16. (a) The corporation shall establish requirements for  
22 participation agreements to include the following:

23 (1) Specification of procedures for the covered entity to disclose an  
24 individual's protected health information to the approved HIO;

25 (2) specification of procedures for the covered entity to access an  
26 individual's protected health information from the approved HIO;

27 (3) specification of the written notice to be provided by the covered  
28 entity to any individual, or such individual's personal representative, prior  
29 to the covered entity's disclosure of the individual's protected health  
30 information to the approved HIO. Such written notice, which may be  
31 incorporated into the covered entity's notice of privacy practices required  
32 under the HIPAA privacy rule, shall include the following that:

33 (A) The individual's protected health information will be  
34 disclosed to the approved HIO to facilitate the provision of health care to  
35 the individual;

36 (B) the approved HIO maintains appropriate safeguards to protect  
37 the privacy and security of protected health information;

38 (C) only authorized individuals may access protected health  
39 information from the approved HIO;

40 (D) the individual, or such individual's personal representative, has  
41 the right to request in writing that the covered entity: (i) Not disclose any  
42 of the individual's protected health information to the approved HIO; or  
43 (ii) not disclose specified categories of the individual's protected health

1 information to the approved HIO;

2 (E) such restrictions may result in a health care provider not having  
3 access to information necessary to provide appropriate care for the  
4 individual;

5 (F) the covered entity is required to honor a written request  
6 delivered to the covered entity by an individual, or such individual's  
7 representative, not to disclose any of the individual's protected health  
8 information to an approved HIO; and

9 (G) the covered entity is required to honor a written request  
10 delivered to the covered entity by an individual, or such individual's  
11 representative, for reasonable restrictions on the disclosure of specified  
12 categories of the individual's protected health information to an approved  
13 HIO.

14 (4) specification of documentation requirements to demonstrate  
15 delivery of such notice to an individual, or such individual's personal  
16 representative, by or on behalf of the covered entity prior to the covered  
17 entity's disclosure of the individual's protected health information to the  
18 approved HIO;

19 (5) standards for determining the reasonableness of an individual's  
20 written request, or the written request of such individual's personal  
21 representative, not to disclose specified categories of the individual's  
22 protected health information to the approved HIO based on the covered  
23 entity's technological capabilities; and

24 (6) specification of the purposes for which a covered entity may  
25 access protected health information through the approved HIO.

26 New Sec. 17. Any health information organization which is not an  
27 approved HIO shall not be eligible for any financial support from the  
28 state, or assistance or support from the state in securing any other source  
29 of funding.

30 New Sec. 18. Notwithstanding any other provision of this act, no use  
31 or disclosure of protected health information maintained by or on an  
32 approved HIO shall be made except pursuant to rules adopted by the  
33 corporation consistent with this act. An approved HIO that uses or  
34 discloses protected health information in compliance with such rules shall  
35 be immune from any civil or criminal liability or any adverse  
36 administrative action arising out of or relating to such use or disclosure.

37 Sec. 19. K.S.A. 16-1602 is hereby amended to read as follows: 16-
