21 median AVPP of all school districts as the point of beginning. The
22 schedule of dollar amounts shall range upward in equal \$1,000 intervals
23 from the point of beginning to and including an amount that is equal to the
24 amount of the AVPP of the school district with the highest AVPP of all
25 school districts and shall range downward in equal \$1,000 intervals from
26 the point of beginning to and including an amount that is equal to the
27 amount of the AVPP of the school district with the lowest AVPP of all
28 school districts;

29 (D) determine a state aid percentage factor for each school district by
30 assigning a state aid computation percentage to the amount of the median
31 AVPP shown on the schedule, decreasing the state aid computation
32 percentage assigned to the amount of the median AVPP by one percentage
33 point for each \$1,000 interval above the amount of the median AVPP, and
34 increasing the state aid computation percentage assigned to the amount of
35 the median AVPP by one percentage point for each \$1,000 interval below
36 the amount of the median AVPP. Except as provided by K.S.A. 72-5463,
37 and amendments thereto, the state aid percentage factor of a school district
38 is the percentage assigned to the schedule amount that is equal to the
39 amount of the AVPP of the school district. The state aid percentage factor
40 of a school district shall not exceed 100%. The state aid computation
41 percentage is 25%;

42 (E) determine the amount of payments that a school district is
43 obligated to make from its bond and interest fund attributable to general

1 obligation bonds approved for issuance at an election held prior to July 1,
2 2015; and

3 (F) multiply the amount determined under subsection (b)(1)(E) by the
4 applicable state aid percentage factor.

5 (2) For general obligation bonds approved for issuance at an election
6 held on or after July 1, 2015, the state board of education shall:

7 (A) Determine the amount of the AVPP of each school district in the
8 state for the preceding school year and round such amount to the nearest
9 \$1,000. The rounded amount is the AVPP of a school district for the
10 purposes of this subsection (b)(2);

11 (B) prepare a schedule of dollar amounts using the amount of the
12 AVPP of the school district with the lowest AVPP of all school districts as
13 the point of beginning. The schedule of dollar amounts shall range upward
14 in equal \$1,000 intervals from the point of beginning to and including an
15 amount that is equal to the amount of the AVPP of the school district with
16 the highest AVPP of all school districts;

17 (C) determine a state aid percentage factor for each school district by
18 assigning a state aid computation percentage to the amount of the lowest
19 AVPP shown on the schedule and decreasing the state aid computation
20 percentage assigned to the amount of the lowest AVPP by one percentage
21 point for each \$1,000 interval above the amount of the lowest AVPP.
22 Except as provided by K.S.A. 72-5463, and amendments thereto, the state
23 aid percentage factor of a school district is the percentage assigned to the
24 schedule amount that is equal to the amount of the AVPP of the school
25 district. The state aid computation percentage is 75%;

26 (D) determine the amount of payments that a school district is
27 obligated to make from its bond and interest fund attributable to general
28 obligation bonds approved for issuance at an election held on or after July
29 1, 2015; and

30 (E) multiply the amount determined under subsection (b)(2)(D) by
31 the applicable state aid percentage factor.

32 (3) For general obligation bonds approved for issuance at an election
33 held on or before June 30, 2016, the sum of the amount determined under
34 subsection (b)(1)(F) and the amount determined under subsection (b)(2)(E)
35 is the amount of payment the school district is entitled to receive from the
36 school district capital improvements fund in the school year.

37 (4) For general obligation bonds approved for issuance at an election
38 held on or after July 1, 2016, the amount determined under subsection (b)
39 (2)(E) is the amount of payment the school district shall receive from the
40 school district capital improvements fund in the school year, except the
41 total amount of payments school districts receive from the school district
42 capital improvements fund in the school year for such bonds shall not
43 exceed the six-year average amount of capital improvement state aid as

1 determined by the state board of education.

2 (A) The state board of education shall determine the six-year average
3 amount of capital improvement state aid by calculating the average of the
4 total amount of moneys expended per year from the school district capital
5 improvements fund in the immediately preceding six fiscal years, not to
6 include the current fiscal year.

7 (B) (i) Subject to clause (ii), the state board of education shall
8 prioritize the allocations to school districts from the school district capital
9 improvements fund in accordance with the priorities set forth as follows in
10 order of highest priority to lowest priority:

11 (a) Safety of the current facility and disability access to such facility
12 as demonstrated by a state fire marshal report, an inspection under the
13 Americans with disabilities act, 42 U.S.C. § 12101 et seq., or other similar
14 evaluation;

15 (b) enrollment growth and imminent overcrowding as demonstrated
16 by successive increases in enrollment of the school district in the
17 immediately preceding three school years;

18 (c) impact on the delivery of educational services as demonstrated by
19 restrictive inflexible design or limitations on installation of technology;
20 and

21 (d) energy usage and other operational inefficiencies as demonstrated
22 by a district-wide energy usage analysis, district-wide architectural
23 analysis or other similar evaluation.

24 (ii) In allocating capital improvement state aid, the state board shall
25 give higher priority to those school districts with a lower AVPP compared
26 to the other school districts that are to receive capital improvement state
27 aid under this section.

28 (C) On and after July 1, 2016, the state board of education shall
29 approve the amount of state aid payments a school district shall receive
30 from the school district capital improvements fund pursuant to subsection
31 (b)(5) prior to an election to approve the issuance of general obligation
32 bonds.

33 (5) Except as provided in subsections (b)(6) and (b)(7), the sum of the
34 amounts determined under subsection (b)(3) and the amount determined or
35 allocated to the district by the state board of education pursuant to
36 subsection (b)(4), is the amount of payment the school district is entitled to
37 receive from the school district capital improvements fund in the school
38 year.

39 (6) A school district that had an enrollment of less than 260 students
40 in the school year immediately preceding the school year in which an
41 election is held to approve the issuance of general obligation bonds shall
42 not be entitled to receive payments from the school district capital
43 improvements fund unless such school district applied for and received

1 approval from the state board of education to issue such bonds prior to
2 holding an election to approve such bond issuance. The provisions of this
3 paragraph shall apply to general obligation bonds approved for issuance at
4 an election held on or after July 1, 2017, that are issued for the purpose of
5 financing the construction of new school facilities.

6 (7) For general obligation bonds approved for issuance at an election
7 held on or after July 1, 2017, in determining the amount under subsection
8 (b)(2)(D), the state board shall exclude payments for any capital
9 improvement project, or portion thereof, that proposes to construct,
10 reconstruct or remodel a facility that would be used primarily for
11 extracurricular activities, unless the construction, reconstruction or
12 remodeling of such facility is necessary due to concerns relating to the
13 safety of the current facility or disability access to such facility as
14 demonstrated by a state fire marshal report, an inspection under the
15 Americans with disabilities act, 42 U.S.C. § 12101 et seq., or other similar
16 evaluation.

17 (c) The state board of education shall certify to the director of
18 accounts and reports the entitlements of school districts determined under
19 the provisions of subsection (b), and an amount equal thereto shall be
20 transferred by the director from the state general fund to the school district
21 capital improvements fund for distribution to school districts. All transfers
22 made in accordance with the provisions of this subsection shall be
23 considered to be demand transfers from the state general fund, except that
24 all such transfers during the fiscal years ending ~~June 30, 2021~~, June 30,
25 2022, ~~and~~ June 30, 2023, *and June 30, 2024*, shall be considered to be
26 revenue transfers from the state general fund.

27 (d) Payments from the school district capital improvements fund shall
28 be distributed to school districts at times determined by the state board of
29 education to be necessary to assist school districts in making scheduled
30 payments pursuant to contractual bond obligations. The state board of
31 education shall certify to the director of accounts and reports the amount
32 due each school district entitled to payment from the fund, and the director
33 of accounts and reports shall draw a warrant on the state treasurer payable
34 to the treasurer of the school district. Upon receipt of the warrant, the
35 treasurer of the school district shall credit the amount thereof to the bond
36 and interest fund of the school district to be used for the purposes of such
37 fund.

38 (e) The provisions of this section apply only to contractual
39 obligations incurred by school districts pursuant to general obligation
40 bonds issued upon approval of a majority of the qualified electors of the
41 school district voting at an election upon the question of the issuance of
42 such bonds.

43 (f) On or before the first day of the legislative session in 2017, and

1 each year thereafter, the state board of education shall prepare and submit
2 a report to the legislature that includes information on school district
3 elections held on or after July 1, 2016, to approve the issuance of general
4 obligation bonds and the amount of payments school districts were
5 approved to receive from the school district capital improvements fund
6 pursuant to subsection (b)(4)(C).
