1	AN ACT relating to broadband deployment, making an appropriation therefor, and
2	declaring an emergency.
3	Be it enacted by the General Assembly of the Commonwealth of Kentucky:
4	→ SECTION 1. A NEW SECTION OF KRS CHAPTER 224A IS CREATED TO
5	READ AS FOLLOWS:
6	(1) There is established the Office of Broadband Development, which shall:
7	(a) Be administratively attached to the Kentucky Infrastructure Authority;
8	(b) Encourage, foster, develop, and improve broadband within the
9	<u>Commonwealth to:</u>
10	1. Drive job creation, promote innovation, and expand markets for
11	Kentucky businesses; and
12	2. Serve the ongoing and growing needs of Kentucky's:
13	a. Agricultural, educational, health care, and public safety systems;
14	b. Industries and businesses;
15	c. Governmental operations; and
16	<u>d. Citizens;</u>
17	(c) Improve broadband accessibility for unserved communities and
18	populations;
19	(d) Develop, coordinate, administer, and implement the Commonwealth's
20	broadband deployment fund under Section 3 of this Act;
21	(e) Perform all administrative functions necessary to carry out the purposes of
22	this section;
23	(f) On behalf of the Commonwealth, serve as:
24	<u>1.</u> The central broadband planning and coordination entity;
25	2. The single point of contact and liaison to federal agencies and
26	programs regarding broadband issues, including:
27	a. National Telecommunications and Information Administration;

1	b. Federal Communications Commission;
2	c. United States Department of Agriculture Rural Utilities Service;
3	and
4	d. United States Treasury;
5	3. An information clearinghouse for federal programs providing
6	financial assistance to institutions located in rural areas seeking to
7	obtain access to broadband;
8	(g) Coordinate with other state, regional, local, and private entities to:
9	1. Develop and implement a statewide broadband plan, including
10	relevant goals and objectives;
11	2. Develop and encourage cost-effective broadband;
12	3. Make recommendations for broadband infrastructure development,
13	particularly in rural and unserved areas; and
14	4. Provide consultation services to local units of government or other
15	project sponsors in connection with the planning, acquisition,
16	improvement, construction, or development of any broadband
17	<u>deployment project;</u>
18	(h) Monitor the broadband development efforts of other states and nations;
19	(i) Develop and improve carrier-neutral colocation, interconnection, and
20	content delivery network infrastructure, including the development of data
21	centers and neutral Internet exchange point facilities;
22	(j) Maintain data and statistics on broadband throughout the Commonwealth
23	<u>by:</u>
24	1. Collecting broadband availability data from Kentucky broadband
25	providers and other sources on a street address or location-specific
26	<u>basis;</u>
27	2. Verifying the accuracy of that data through on-the-ground testing;

1	3. Creating and maintaining a statewide interactive map displaying
2	broadband availability, which shall be available for public and state
3	government use online;
4	4. Analyzing the deployment data collected to inform and guide future
5	investments in broadband infrastructure, including moneys expended
6	under the broadband deployment fund;
7	5. Empirically validating, on a targeted basis, the accuracy of broadband
8	data that is routinely collected by the Federal Communications
9	Commission to pinpoint areas of overstatement and understatement
10	that may exist; and
11	6. Challenging the validity of the data as may be warranted, on behalf of
12	the Commonwealth, to ensure that this state is receiving its due share
13	of funding from federal broadband programs; and
14	(k) Perform other duties and responsibilities as necessary to promote the
15	development of broadband within the Commonwealth.
16	(2) The office shall have all the power, not explicitly prohibited by statute, necessary
17	and convenient to carry out and effectuate the purposes of this section, including:
18	(a) Entering into contracts or agreements necessary or incidental to the
19	performance of its duties, functions, and responsibilities; and
20	(b) Soliciting, borrowing, accepting, receiving, and expending funds from any
21	public or private source, property, labor, or other things of value to be used
22	to carry out the office's operations, functions, and responsibilities.
23	(3) (a) The authority may contract with a private nonprofit corporation with at
24	least five (5) years of broadband and telecommunications public policy
25	research and mapping experience to fulfill the purposes, duties, and
26	responsibilities of the office as required in subsections (1) and (2) of this
27	section.

1		(b) If the authority exercises its option to contract with an entity to fulfill the
2		office's obligations under this section, the procurement shall not abrogate
3		the authority from fulfilling the office's duties or achieving the timelines for
4		issuing grants in Section 4 of this Act.
5	<u>(4)</u>	The authority shall report the activities of the office to the Legislative Research
6		Commission on a semiannual basis, each January 1 and each July 1.
7		→ Section 2. KRS 224A.011 is amended to read as follows:
8	As u	used in this chapter, unless the context requires otherwise:
9	(1)	"Administrative fee" means a fee assessed and collected by the authority from
10		borrowers and applicants under assistance agreements, to be used for operational
11		expenses of the authority;
12	(2)	"Applicable interest rate" means the rate of interest which shall be used as part of
13		the repayment criteria for an assistance agreement between a governmental agency
14		and the authority, and shall be determined by the authority pertinent to the source of
15		funds from which the assistance agreement is funded;
16	(3)	"Applicant" means a governmental agency or private sector entity that has
17		submitted an application to the office[authority] for a grant from the broadband
18		deployment fund;
19	(4)	"Application" means an application submitted by an applicant for a grant from the
20		broadband deployment fund;
21	(5)	"Assistance agreement" means the agreement to be made and entered into by and
22		between a governmental agency or a private entity and the authority, as authorized
23		by this chapter, providing for a lease, loan, services, or grant to a governmental
24		agency or a private entity or for the purchase of obligations issued by the
25		governmental agency, and for the repayment thereof to the authority by the
26		governmental agency or a private entity;
27	(6)	"Authority" means the Kentucky Infrastructure Authority, which is created by this

Page 4 of 39

1		chap	chapter;		
2	(7)	"Aut	"Authority revenues" means the totality of all:		
3		(a)	(a) Service charges;		
4		(b)	Utility tax receipts, to the extent not otherwise committed and budgeted by the		
5			authority during any fiscal period of the authority;		
6		(c)	Any gifts, grants, or loans received, to the extent not otherwise required to be		
7			applied;		
8		(d)	Any and all appropriations made to the authority by the General Assembly of		
9			the Commonwealth of Kentucky, to the extent not otherwise required to be		
10			applied;		
11		(e)	All moneys received in repayment of and for interest on any loans made by the		
12			authority to a governmental agency, except as provided in KRS 224A.111,		
13			224A.1115, and 224A.112, or as principal of and interest on any obligations		
14			issued by a governmental agency and purchased by the authority, or as receipts		
15			under any assistance agreement;		
16		(f)	The proceeds of bonds or long-term debt obligations of governmental		
17			agencies pledged to the payment of bond anticipation notes issued by the		
18			authority on behalf of the said governmental agency to provide interim		
19			construction financing; and		
20		(g)	Payments under agreements with any agencies of the state and federal		
21			government;		
22	(8)	"Boı	rrower or borrowing entity" means any agency of the state or its political		
23		subd	livisions, any city, or any special district created under the laws of the state		
24		actir	ng individually or jointly under interagency or interlocal cooperative agreements		
25		to er	nter into assistance agreements with the authority;		
26	(9)	"Broadband" means any wireline[or fixed terrestrial] technology having a capacity			
27		to tr	ransmit data from or to the Internet with a minimum speed of one hundred		

Page 5 of 39

(100)[twenty-five (25)] megabits per second downstream and twenty (20)[three (3)]
 megabits per second upstream or a faster speed as defined by the Federal
 Communications Commission, the United States Treasury, the National
 Telecommunications and Information Administration, or the United States
 Department of Agriculture and any amendments to those definitions. If the agencies
 use different speed definitions, the faster speed definition shall apply to KRS
 224A.110, 224A.112, and 224A.1121;

- 8 (10) "Broadband deployment fund" means a fund to assist with the construction,
 9 development, or improvement of broadband infrastructure, broadband services, or
 10 technologies that constitute a part of, or are related to, broadband infrastructure or
 11 broadband services, to provide for broadband service in[underserved or] unserved
 12 areas of the Commonwealth;
- (11) "Broadband deployment project" means a proposed deployment of broadband
 service infrastructure set forth in an application for grant funding under KRS
 224A.112;

(12) "Broadband deployment project area" means a geographic area determined by
 census block, [-or] shapefile geospatial data, or list of addresses[-for] which has
 been proposed for grant funding[-has been authorized] under this section and KRS
 224A.110, 224A.112, and 224A.1121;

- (13) "Census block" means the smallest geographic unit used by the United States
 Census Bureau that is reported on the Federal Communications Commission (FCC)
 Form 477 relating to fixed broadband deployment data;
- (14) "Community flood damage abatement project" means any structural or nonstructural
 study, plan, design, construction, development, improvement, or other activity to
 provide for flood control;
- 26 (15) "Construction" means and includes but is not limited to:
- 27 (a) Preliminary planning to determine the economic and engineering feasibility of

22 RS HB 315/HCS 1

1			infrastructure projects, the engineering, architectural, legal, fiscal, and
2			economic investigations, and studies necessary thereto, and surveys, designs,
3			plans, working drawings, specifications, procedures, and other actions
4			necessary to the construction of infrastructure or solid waste projects;
5		(b)	The erection, building, acquisition, alteration, remodeling, improvement, or
6			extension of infrastructure or solid waste projects; and
7		(c)	The inspection and supervision of the construction of infrastructure or solid
8			waste projects and all costs incidental to the acquisition and financing of
9			same. This term shall also relate to and mean any other physical devices or
10			appurtenances in connection with, or reasonably attendant to, infrastructure or
11			solid waste projects;
12	(16)	"Dar	ns" means any artificial barrier, including appurtenant works, which does or
13		can i	impound or divert water, and which either:
14		(a)	Is or will be twenty-five (25) feet or more in height from the natural bed of the
15			stream or watercourse at the downstream toe of the barrier, as determined by
16			the Energy and Environment Cabinet; or
17		(b)	Has or will have an impounding capacity at maximum water storage elevation
18			of fifty (50) acre feet or more;
19	(17)	"Dis	tribution facilities" means all or any part of any facilities, devices, and systems
20		used	and useful in obtaining, pumping, storing, treating, and distributing water for
21		agric	cultural, industrial, commercial, recreational, public, and domestic use;
22	(18)	"Ene	ergy and Environment Cabinet" means the Kentucky Energy and Environment
23		Cabi	net, or its successor, said term being meant to relate specifically to the state
24		agen	cy which is designated as the water pollution agency for the Commonwealth of
25		Kent	tucky, for purposes of the federal act;
26	(19)	"Fed	eral act" means the Federal Clean Water Act (33 U.S.C. secs. 1251 et seq.) as
27		said	federal act may be amended from time to time in the future, or any other

Page 7 of 39

22 RS HB 315/HCS 1

1

2

enactment of the United States Congress providing funds that may assist in carrying out the purposes of the authority;

(20) "Federally assisted wastewater revolving fund" means that fund which will receive
federal and state funds or the proceeds from the sale of revenue bonds of the
authority for the purpose of providing loans to finance construction of publicly
owned treatment works as defined in Section 212 of the federal act and for the
implementation of a management program established under Section 319 of the
federal act and for the development and implementation of a conservation and
management plan under Section 320 of the federal act;

(21) "Governmental agency" means any incorporated city or municipal corporation, or 10 11 other agency, or unit of government within or a department or a cabinet of the 12 Commonwealth of Kentucky, now having or hereafter granted, the authority and 13 power to finance, acquire, construct, or operate infrastructure or solid waste 14 projects. This definition shall specifically apply but not by way of limitation to 15 incorporated cities; counties, including any counties containing a metropolitan 16 sewer district; sanitation districts; water districts; water associations if these 17 associations are permitted to issue interest-bearing obligations which interest would be excludable from gross income under Section 103 of the Internal Revenue Code 18 19 of 1986 as amended; sewer construction districts; metropolitan sewer districts; 20 sanitation taxing districts; a regional wastewater commission established under 21 KRS 65.8901 to 65.8923; and any other agencies, commissions, districts, or 22 authorities (either acting alone, or in combination with one another in accordance 23 with any regional or area compact, or intergovernmental cooperative agreements), 24 now or hereafter established in accordance with the laws of the Commonwealth of 25 Kentucky having and possessing the described powers described in this subsection; 26 (22) "Industrial waste" means any liquid, gaseous, or solid waste substances resulting

27

from any process of industry, manufacture, trade, or business, or from the mining or

22 RS HB 315/HCS 1

taking, development, processing, or recovery of any natural resources, including
heat and radioactivity, together with any sewage as is present therein, which
pollutes the waters of the state, and specifically, but not by way of limitation, means
heat or thermal differentials created in the waters of the state by any industrial
processing, generating, or manufacturing processes;

6 (23) "Infrastructure project" means any construction or acquisition of treatment works, 7 facilities related to the collection, transportation, and treatment of wastewater as defined in KRS 65.8903, distribution facilities, or water resources projects instituted 8 9 by a governmental agency or an investor-owned water utility which is approved by 10 the authority and, if required, by the Energy and Environment Cabinet, Public Service Commission, or other agency; solid waste projects; dams; storm water 11 12 control and treatment systems; gas or electric utility; broadband deployment project; 13 or any other public utility or public service project which the authority finds would 14 assist in carrying out the purposes set out in KRS 224A.300;

(24) "Infrastructure revolving fund" means that fund which will receive state funds, the
proceeds from the sale of revenue bonds of the authority or other moneys earmarked
for that fund for the purpose of providing loans or grants to finance construction or
acquisition of infrastructure projects as defined in this section;

(25) "Loan or grant" means moneys to be made available to governmental agencies by
the authority for the purpose of defraying all or any part of the total costs incidental
to construction or acquisition of any infrastructure project;

(26) "Market interest rate" means the interest rate determined by the authority under
existing market conditions at the time the authority shall provide financial
assistance to a governmental agency;

(27) "Obligation of a governmental agency" means a revenue bond, bond anticipation
 note, revenue anticipation note, lease, or other obligation issued by a governmental
 agency under KRS 58.010 et seq. or other applicable statutes;

1

(28) <u>"Office" means the Office of Broadband Development;</u>

(29) "Person" means any individual, firm, partnership, association, corporation, or
 governmental agency;

4 (30)[(29)] "Pollution" means the placing of any noxious or deleterious substances
5 ("pollutants"), including sewage and industrial wastes, in any waters of the state or
6 affecting the properties of any waters of the state in a manner which renders the
7 waters harmful or inimical to the public health or to animal or aquatic life, or to the
8 use, present or future, of these waters for domestic water supply, industrial or
9 agricultural purposes, or recreational purposes;

(31)[(30)] "Prioritization schedules" means the list of wastewater treatment works, 10 11 distribution facilities and water resources projects which the Energy and 12 Environment Cabinet has evaluated and determined to be of priority for receiving 13 financial assistance from the federally assisted wastewater revolving fund and the 14 federally assisted drinking water revolving fund, or the list of infrastructure projects 15 which the authority has evaluated and determined to be of priority for receiving 16 financial aid from the infrastructure revolving fund. The evaluation by the authority 17 of infrastructure projects for water systems shall be undertaken with input from the 18 appropriate area development district;

19 (32) [(31)] "Recovered material" means those materials which have known current use, 20 reuse, or recycling potential, which can be feasibly used, reused, or recycled, and 21 which have been diverted or removed from the solid waste stream for sale, use, 22 reuse, or recycling, whether or not requiring subsequent separation and processing 23 but does not include materials diverted or removed for purposes of energy recovery 24 or combustion except refuse-derived fuel (RDF), which shall be credited as a 25 recovered material in an amount equal to that percentage of the municipal solid 26 waste received on a daily basis at the processing facility and processed into RDF; 27 but not to exceed fifteen percent (15%) of the total amount of the municipal solid

22 RS HB 315/HCS 1

1 waste received at the processing facility on a daily basis;

2 (33)[(32)] "Recovered material processing facility" means a facility engaged solely in the
3 storage, processing, and resale or reuse of recovered material but does not mean a
4 solid waste facility if solid waste generated by a recovered material processing
5 facility is managed in accordance with KRS Chapter 224 and administrative
6 regulations adopted by the cabinet;

7 (<u>34)</u>[(<u>33)</u>] "Revenue bonds" means special obligation bonds issued by the authority as
8 provided by the provisions of this chapter, which are not direct or general
9 obligations of the state, and which are payable only from a pledge of, and lien upon,
10 authority revenues as provided in the resolution authorizing the issuance of the
11 bonds, and shall include revenue bond anticipation notes;

(35)[(34)] "Service charge" means any monthly, quarterly, semiannual, or annual charge
 to be imposed by a governmental agency, or by the authority, for any infrastructure
 project financed by the authority, which service charge arises by reason of the
 existence of, and requirements of, any assistance agreement;

16 (36)[(35)] "Sewage" means any of the waste products or excrements, or other discharges
 17 from the bodies of human beings or animals, which pollute the waters of the state;

18 (37)[(36)] "Shapefile" means a file format for storing, depicting, and analyzing
 19 geospatial data showing broadband coverage;

20 (38)[(37)] "Solid waste" means "solid waste" as defined by KRS 224.1-010(30)(a);

(39)[(38)] "Solid waste facility" means any facility for collection, handling, storage,
 transportation, transfer, processing, treatment, or disposal of solid waste, whether
 the facility is associated with facilities generating the waste or otherwise, but does
 not include a container located on property where the waste is generated and which
 is used solely for the purpose of collection and temporary storage of that solid waste
 prior to off-site disposal, or a recovered material processing facility;

27 (40)[(39)] "Solid waste project" means construction, renovation, or acquisition of a solid

1

2

3

4

5

22 RS HB 315/HCS 1

waste facility which shall be instituted and owned by a governmental agency;
(41)[(40)] "Solid waste revolving fund" means that fund which shall receive state funds, the proceeds from the sale of revenue bonds of the authority, or other moneys earmarked for the purpose of providing loans or grants to finance solid waste projects defined in this section;

 $6 \quad (42)[(41)]$ "State" means the Commonwealth of Kentucky;

7 (43)[(42)] "System" means the system owned and operated by a governmental agency
8 with respect to solid waste projects, treatment works, or infrastructure projects
9 financed as provided by the assistance agreement between the governmental agency
10 and the authority;

11 (44)[(43)] "Treatment works" or "wastewater treatment works" means all or any part of 12 any facilities, devices, and systems used and useful in the storage, treatment, 13 recycling, and reclamation of wastewater or the abatement of pollution, including 14 facilities for the treatment, neutralization, disposal of, stabilization, collecting, 15 segregating, or holding of wastewater, including without limiting the generality of 16 the foregoing, intercepting sewers, outfall sewers, pumping power stations, and 17 other equipment and their appurtenances; extensions, improvements, remodeling, 18 additions, and alterations thereof, and any wastewater treatment works, including 19 site acquisition of the land that will be an integral part of the wastewater treatment 20 process, or is used for ultimate disposal of residues resulting from wastewater 21 treatment, together with any other facilities which are deemed to be treatment works 22 in accordance with the federal act;

[(44) "Underserved area" means any project area where fixed, terrestrial broadband
 service with a minimum twenty-five (25) megabits per second downstream and
 three (3) megabits per second upstream is not available;]

26 (45) "Unserved area" means any project area where [fixed, terrestrial] broadband service
27 with a minimum <u>twenty-five (25)[ten (10)]</u> megabits per second downstream and

1		three (3) megabits[one (1) megabit] per second upstream is not available;
2	(46)	"Utility tax" means the tax which may be imposed by the authority on every
3		purchase of water or sewer service in the Commonwealth of Kentucky;
4	(47)	"Variable rate revenue bonds" means revenue bonds the rate of interest on which
5		fluctuates either automatically by reference to a predetermined formula or index or
6		in accordance with the standards set forth in KRS 224A.120;
7	(48)	"Wastewater" means any water or liquid substance containing sewage, industrial
8		waste, or other pollutants or contaminants derived from the prior use of these
9		waters;
10	(49)	"Water resources" means all waters of the state occurring on the surface, in natural
11		or artificial channels, lakes, reservoirs, or impoundments, and in subsurface
12		aquifers, which are available, or which may be made available to agricultural,
13		industrial, commercial, recreational, public, and domestic users;
14	(50)	"Water resources project" means any structural or nonstructural study, plan, design,
15		construction, development, improvement, or any other activity including programs
16		for management, intended to conserve and develop the water resources of the state
17		and shall include all aspects of water supply, facilities to collect, transport, and treat
18		wastewater as defined in KRS 65.8903, flood damage abatement, navigation, water-
19		related recreation, and land conservation facilities and measures; and
20	(51)	"Waters of the state" means all streams, lakes, watercourses, waterways, ponds,
21		marshes, wells, springs, irrigation systems, drainage systems, and all other bodies or
22		accumulations of water, surface and underground, natural or artificial, which are
23		situated wholly or partly within, or border upon, this state, or are within its
24		jurisdiction, except those private waters which do not combine or effect a junction
25		with natural, surface, or underground waters.
26		→Section 3. KRS 224A.112 is amended to read as follows:

27 (1) The infrastructure revolving fund shall be established in the State Treasury and shall

22 RS HB 315/HCS 1

be administered by the authority. The fund shall be a dedicated fund, and all moneys
in the fund shall be allocated and dedicated solely to providing financial assistance
to governmental agencies, and investor-owned water systems as provided for in
KRS 96.540, 224A.306, 224A.308, and 224A.310, for the construction or
acquisition of infrastructure projects through an account designated as the 2020
water service account.

7 (2) The broadband deployment fund shall be established in the State Treasury and shall
8 be administered by the <u>office</u>[authority]. The fund shall be a dedicated fund, and all
9 moneys in the fund shall be allocated and dedicated solely to providing grant funds
10 to governmental agencies and private sector entities to construct infrastructure for
11 the deployment of broadband service to households and businesses in[<u>underserved</u>
12 or] unserved areas of the Commonwealth through an account designated as the
13 broadband deployment fund.

14 (3) Funds in subsections (1) and (2) of this section shall not be commingled and shall
15 be used only for the stated purposes in subsections (1) and (2) of this section.

- 16 (4) The financial assistance which may be provided by the revolving fund shall be17 limited to:
- (a) Making loans, on the condition that the loans are made at or below market
 interest rates, including interest free loans, at terms not to exceed thirty (30)
 years and that the fund will be credited with all payments of principal and
 interest on all loans;
- (b) Purchasing or guaranteeing, or purchasing insurance for, local or state
 obligations when the action would improve credit market access or reduce
 interest rates;
- (c) Providing a source of revenue or security for the payment of principal and
 interest on bonds or notes issued by the authority or other agencies of the state
 if the proceeds of the sale of the bonds will be deposited in the fund;

1		(d) Providing moneys with which to carry out the requirements of assistance
2		agreements; and
3		(e) Making grants as funds specifically appropriated for grants or proceeds from
4		the sale of the authority's revenue bonds are available.
5	(5)	The revolving fund shall be established, maintained, and credited with repayments
6		and the fund balance shall be available in perpetuity for its stated purposes.
7	(6)	The authority may provide financial assistance from the <i>revolving</i> fund to
8		supplement assistance provided from the federally assisted wastewater revolving
9		fund as created in KRS 224A.111.
10	(7)	The authority shall advise governmental agencies of the availability of the
11		infrastructure revolving fund and how moneys may be obtained from the fund.
12	(8)	The authority may enter into any necessary or required agreement with federal or
13		state agencies or persons to carry out the provisions of this section. All state
14		agencies shall cooperate with the authority and share information with the authority
15		as appropriate to accomplish the purposes set out in KRS 224A.300.
16	(9)	Moneys in the <i>broadband deployment</i> fund are hereby appropriated for the
17		purposes set forth in this section and KRS 224A.1121.
18	(10)	Notwithstanding KRS 45.229, any moneys remaining in the <i>broadband deployment</i>
19		fund at the close of the fiscal year shall not lapse but shall be carried forward into
20		the succeeding fiscal year to be used for the purposes set forth in this section and
21		KRS 224A.1121.
22	(11)	Interest earned on moneys in the broadband deployment fund shall stay in the fund.
23		→Section 4. KRS 224A.1121 is amended to read as follows:
24	(1)	(a) The purpose of the broadband deployment fund set forth in KRS 224A.112
25		shall be to <u>:</u>
26		<u>1.</u> Assist governmental agencies and private sector entities to construct
27		infrastructure for the deployment of broadband service to [underserved

Page 15 of 39

1			or] unserved areas of the Commonwealth: and
2		<u>2.</u>	Provide supplemental funding for recipients of federal government
3		•	awards specifically to support the deployment or expansion of
4		į	broadband networks.
5		<u>(b)</u> The <u>a</u>	office[authority] shall manage the fund and may accept and receive
6		approj	priations from the General Assembly or other funds or gifts from both
7		public	c and private sources, including but not limited to local governments and
8		federa	al agencies.
9	(2)	The <u>office</u>	authority] shall establish a grant program that allocates funds from the
10		broadband of	deployment fund in accordance with this section.
11	<u>(3)</u>	(a) The a	office shall issue grant applications for all projects awarded grant
12		<u>funds</u>	on or after April 5, 2022.
13		<u>(b)</u> Grant	funds may be used by government or private sector entities for
14		broad	band deployment projects.
15	(3)	The grant j	program shall be developed to give highest funding priority to those
16		projects wh	ich most effectively provide broadband service to the greatest number of
17		underserved	d and unserved Kentucky citizens and at the lowest cost. Funding shall
18		not be used	to duplicate broadband service to citizens, households, and businesses
19		in a broadb	and deployment project area where fixed, terrestrial broadband service
20		meets or ex	sceeds twenty-five (25) megabits per second downstream and three (3)
21		megabits pe	er second upstream.]
22	(4)	The <u>office</u> [authority] shall develop funding criteria and prioritization schedules for
23		broadband	deployment projects[in a technology-neutral manner] in accordance
24		with this see	ction.
25	(5)	<u>(a)</u> The <u>o</u>	ffice[authority] shall establish guidelines and standards for applying for
26		and a	pproving grants from the broadband deployment fund <i>according to the</i>
27		minin	num requirements in this section. No additional requirement shall be

1		added which could delay broadband deployment.
2	<u>(b)</u>	An eligible applicant shall submit an application to the <i>office</i> [authority].
3	<u>(c)</u>	An application for a grant shall contain any information the office [authority]
4		requires, including but not limited to:
5		<u>1.[(a)]</u> A <u>shapefile[geographic description]</u> of the broadband deployment
6		project area and a list of addresses in the broadband deployment
7		project area[, including whether the area is partially served];
8		2.[(b)] A description of the broadband deployment project, including
9		facilities, equipment, total cost, timeframe for completion, and network
10		capabilities, including minimum speed thresholds;
11		$\underline{3.[(c)]}$ Documentation of the applicant's technical, financial, and
12		managerial resources and experience to build, operate, and manage
13		broadband <i>networks</i> serving citizens, households, and businesses in
14		Kentucky, including a detailed project management plan identifying
15		staff, contractors, and key responsibilities;
16		$\underline{4.[(d)]}$ Documentation of the economic and commercial feasibility of the
17		proposed broadband deployment project, including a detailed project
18		budget and documentation of availability of supplies;
19		5.[(e)] The number of addresses within the broadband deployment
20		project area[citizens, households, or businesses] that would have new
21		access to broadband as a result of the grant;
22		$\underline{6.[(f)]}$ The amount of matching funds the eligible applicant will
23		contribute and a certification that no portion of the matching funds is
24		derived from any state or federal grant received for the purpose of
		funding broadband infrastructure within the project area; and
25		
25 26		$\underline{7.[(g)]}$ A certification that none of the funds provided by the program for

1		to any currently served addresses[citizens, households, or businesses].
2	(6)	The <u>office[authority]</u> shall make <u>all information within each application[the</u>
3		applications] available to the public within five (5) business days <u>following</u> [of] the
4		deadline for submission of applications, provided the information contained within
5		an application is not exempt from disclosure under the provisions of the Open
6		Records Act, KRS 61.870 to 61.884. The description of the geographic scope of the
7		broadband deployment project area shall not be exempt under the Open Records
8		Act, KRS 61.870 to 61.884, and shall be made available to the public within five (5)
9		days after submission of the application.
10	(7)	(a) As part of the grant application process, <u>under[pursuant to]</u> subsection
11		(5) (3) of this section, the <u>office</u> (authority) shall include an opportunity for a
12		challenging broadband service provider to challenge an[the] application
13		within fifteen (15) days from making all information available to the public
14		under subsection (6) of this section.
15		(b) A challenging provider shall provide the office with proof that: [As part of

Geospatial data may include but is not limited to shapefiles detailing broadband coverage, the most current Federal Communications Commission Form 477 fixed broadband deployment data reporting, or other documentation of broadband deployment infrastructure in the project area to show that a challenged project area is underserved or unserved. A challenging provider may provide the authority with proof, including but not limited to:] <u><i>I</i>.[(a)]</u> The broadband deployment project area is:

Page 18 of 39

1	2.[(b)] The applicant has received funds from another state or federally
2	funded grant program designed to encourage broadband deployment in
3	the <i>broadband deployment project</i> area <i>that covers more than fifty</i>
4	percent (50%) of the eligible project expenses.
5	(c) As part of the challenge process and in order to meet the burden of proof in
6	paragraph (b) of this subsection, the challenging provider shall submit:
7	1. A shapefile and a list of addresses containing all addresses within the
8	broadband deployment project area that the challenging broadband
9	service provider currently serves and the maximum megabits per
10	second downstream speed and the maximum megabits per second
11	upstream speed provided to each challenged address;
12	2. A feasibility study, construction plan, or other relevant documentation
13	that clearly and convincingly demonstrates that the challenging
14	broadband service provider will be under construction within twelve
15	(12) months of the application date for the broadband deployment
16	fund grant, which may be extended by the office an additional six (6)
17	months because of undue construction delays; or
18	3. Loan documents, grant award receipts, or other financial information
19	that clearly and convincingly demonstrates to the office that the
20	challenging broadband service provider has received adequate funds
21	from another state or federally funded grant program designed to
22	encourage broadband deployment in the area.
23	(d) Within five (5) business days of a challenge being submitted to the office,
24	the provider submitting the application which is challenged shall be
25	provided copies of all challenge material.
26	(e) The office shall treat any information submitted as part of a challenge as
27	confidential and exempt from disclosure under the Open Records Act, KRS

1			61.870 to 61.884, upon the challenging provider's request for confidential
2			treatment.
3		<u>(f)</u>	Within fifteen (15) days of receipt of the copies under paragraph (d) of this
4			subsection, the applicant shall respond to the challenge.
5		<u>(g)</u>	Once the response to the challenge is submitted to the office by the
6			applicant, the office shall have fifteen (15) business days to resolve the
7			<u>dispute.</u>
8		<u>(h)</u>	Upon a determination that a challenge is unsuccessful because the
9			challenging provider is unable to prove, within the timeframe provided
10			under this section, that the provider currently serves a broadband
11			deployment project area, the office shall move forward with the funding
12			process provided in this section.
13	(8)	<u>(a)</u>	Upon a determination that an application meets the funding criteria, but the
14			proposed project area is found to be partially served, the <u>office[authority]</u> may
15			amend the application and grant partial funding based on the partial service
16			provided in order to ensure that grant funds are used to only provide
17			broadband service to <u>addresses</u> [citizens, households, or businesses] deemed[
18			underserved or] unserved.
19		<u>(b)</u>	In the event of a challenge that involves subsection (7)(c)2. of this section
20			and those addresses are not under construction within twelve (12) months,
21			or eighteen (18) months if extended by the office, the challenging provider
22			shall pay a civil penalty to the applicant in an amount equal to the amount
23			of grant funding for those addresses plus ten percent (10%).
24	(9)	Whe	en awarding grant funds, the office shall award funding to addresses with no
25		<u>broc</u>	udband service and then shall:
26		<u>(a)</u>	Score the remaining grant applications based on the following criteria,
27			giving priority consideration in the order listed:

1	1. Projects in unserved areas that reach the customers that are the least
2	economical to serve, in the following order;
3	a. Projects that average zero to five (5) locations per route mile;
4	b. Projects that average five (5) to ten (10) locations per route mile;
5	and
6	c. Projects that average eleven (11) locations or more per route
7	<u>mile;</u>
8	2. Projects in unserved areas where local, state, or federal funds are not
9	<u>available;</u>
10	3. Fiber-to-the-premise projects that will deploy broadband services with
11	a capacity to transmit data from or to the Internet with symmetrical
12	downstream and upstream speeds of at least one (1) gigabit;
13	4. Projects deploying infrastructure capable of achieving symmetrical
14	speeds at a minimum of one hundred (100) megabits per second
15	download and upload speeds;
16	5. The size and the scope of the unserved area proposed to be served;
17	6. The technical, managerial, and financial capabilities of the applicant,
18	demonstrating the ability to successfully deploy the proposed project
19	and provide broadband service;
20	7. A project requesting less than fifty percent (50%) funding from the
21	requested grant;
22	8. Projects that will be eligible for the Affordable Connectivity Program
23	for low-income consumers administered by the Federal
24	Communications Commission; and
25	9. Projects that plan to encourage adoption of broadband services,
26	including community outreach to promote adoption, technical
27	support, and training on how to connect;

1	(b) Award no more than fifty percent (50%) of the total project cost, unless the
2	project meets the following density requirements:
3	1. Projects that average zero (0) to five (5) locations per route mile,
4	which may be eligible for reimbursement of up to seventy percent
5	(70%) of the cost of the project;
6	2. Projects that average five (5) to ten (10) locations per route mile,
7	which may be eligible for reimbursement of up to sixty percent (60%)
8	of the cost of the project; and
9	3. Projects that average eleven (11) locations or more per route mile,
10	which may be eligible for reimbursement of fifty percent (50%) of the
11	cost of the project;
12	(c) Require the remaining project costs to be paid by matching funds from:
13	1. A private source, including but not limited to financial institutions
14	that serve distribution cooperatives;
15	2. A city, county, urban-county government, or consolidated local
16	government; or
17	3. Any combination of matching moneys provided under subparagraphs
18	<u>1. and 2. of this paragraph;</u>
19	(d) Allow eligible project expenses, including those that are incurred starting
20	on or after the date in the written acknowledgement of acceptance issued
21	under paragraph (f) of this subsection and ending at the conclusion of the
22	grant project, or grant project contractual term, whichever is earlier, and
23	<u>may include:</u>
24	1. Project engineering or design plans;
25	2. Permitting;
26	3. Pre-construction costs to make ready the project site;
27	4. Outside plant materials, including fiber; poles, hardware, conduit or

1	<u>splitters;</u>
2	5. Labor, construction management, and equipment; and
3	6. Installation and testing of the broadband services;
4	(e) Make a determination that an application meets the funding criteria, unless
5	the proposed project area is found to be partially served, in which case the
6	application may be amended and partial funding based on the partial
7	service provided may be granted in order to ensure that grant funds are
8	used to only provide broadband service to addresses unserved; and
9	(f) 1. Issue within sixty (60) days of receipt of an application for grant
10	funds, except in the case of a challenged application under the
11	timeline in subsection (7) of this section, a written acknowledgement
12	<u>of either:</u>
13	<u>a. Acceptance;</u>
14	b. Denial and any reasons for denial of the application; or
15	c. A request for additional information to process the application
16	listing the specific information required; and
17	2. Issue grant funds to the applicant within ten (10) days upon
18	acceptance of the application.
19	(10) The office shall not reimburse applicants for special construction charges,
20	including fees or charges imposed upon the end user as a condition of receiving
21	broadband service at an address.
22	(11) The office may provide an incentive for timely completion or a disincentive for
23	not meeting agreed upon timeframes.
24	(12) Grant funds awarded to an applicant to supplement the applicant's federal fund
25	award may not be used for costs that will be reimbursed by the other federal
26	<u>funds.</u>
27	(13) No funds shall be used:

27 (13) No funds shall be used:

1	<u>(a)</u>	To support any broadband deployment project involving the upgrade of an
2		existing facility already delivering broadband services, including an
3		upgrade of existing wireline, or terrestrial infrastructure capable of
4		delivering services greater than twenty-five (25) megabits per second
5		downstream and three (3) megabits per second upstream; or
6	<u>(b)</u>	For non-capital expenses, non-broadband services, marketing, or advertising.
7		[The broadband deployment project area shall be described by census block
8		including the specific addresses to be serviced or by shapefile geospatial data.
9	(10) Gra	at applicants shall pay a minimum of fifty percent (50%) of the project cost
10	whice	ch shall not include any matching funds received from federal or state
11	gove	ernment grants for broadband deployment in the project area.]
12	<u>(14)</u> [(11)]	Moneys in this fund shall not be used by or transferred to the Kentucky
13	Com	munications Network Authority.
14	<u>(15) (a)</u> [(12)] To carry out the purposes of this section, the <u>office may</u> [authority shall]
15		promulgate administration regulations <u>under</u> [in accordance with] KRS
16		Chapter 13A.[Within one hundred eighty (180) days of July 15, 2020, the
17		authority shall promulgate regulations to implement the provisions of this
18		section and KRS 224A.011, 224A.110, and 224A.112 and govern the
19		submission, review, and approval of applications and the administration of
20		broadband deployment projects.]
21	<u>(b)</u>	The <u>office</u> [authority] shall not promulgate any regulations that place
22		obligations on the applicants that are more restrictive than applicable federal
23		or state law. [Except as otherwise provided in this section, all of the
24		authority's records relating to the broadband deployment fund shall be deemed
25		confidential unless disclosure is required under the provisions of the Open
26		Records Act, KRS 61.870 to 61.884.]
27	<u>(c)</u>	In the event that any state law or administrative regulation affecting the

Page 24 of 39

1	broadband deployment fund conflicts with any federal law or regulation
2	related to federal broadband funding, the federal law or regulation shall
3	govern. The office may adopt state and local program requirements to
4	comply with all federal laws and regulation related to federal broadband
5	funding.
6	→SECTION 5. A NEW SECTION OF KRS CHAPTER 224A IS CREATED TO
7	READ AS FOLLOWS:
8	(1) The General Assembly hereby finds and declares that:
9	(a) A rural infrastructure improvement fund, and a program to administer the
10	fund, is necessary to further the Commonwealth's goal to expand and
11	accelerate access to broadband service throughout the entire
12	Commonwealth; and
13	(b) Supporting the replacement of utility poles will provide benefits to Kentucky
14	residents by:
15	<u>1.</u> Facilitating the construction of broadband networks;
16	2. Minimizing the potential for disputes between broadband providers
17	and utility pole owners that could otherwise delay deployment;
18	3. Improving the resiliency and longevity of broadband infrastructure;
19	and
20	4. Addressing needs for broadband investment not yet fully met by
21	existing programs.
22	(2) As used in this section:
23	(a) "Application" means an application made under subsection (4) of this
24	section for eligible pole replacement costs;
25	(b) ''Eligible pole replacement'':
26	1. Means the removal of an existing utility pole and replacement with a
27	new utility pole in an unserved area in order to accommodate the

1	attachment of facilities to be used, in whole or in part, by a retail
2	provider to provide qualifying broadband service access to residences
3	or businesses within an unserved area; and
4	2. Does not include the removal and replacement of a utility pole in
5	order to accommodate facilities used only for the provision of
6	wholesale broadband or data transport service, where the owner of the
7	facilities, or its affiliate, does not use the facilities to provide
8	qualifying broadband services directly to residences or businesses;
9	(c) ''Eligible pole replacement costs'':
10	<u>1. Means:</u>
11	a. The actual and reasonable costs paid or incurred to perform an
12	eligible pole replacement;
13	b. The amounts of any expenditures to remove and dispose of the
14	existing utility pole, to purchase and install a replacement utility
15	pole, or to transfer any existing facilities to the new pole; and
16	<u>c. The costs of reimbursing another party for the costs of</u>
17	performing an eligible pole replacement, when paid or incurred
18	by the person responsible for the costs; and
19	2. Does not include:
20	a. Costs paid or incurred to perform an eligible pole replacement by
21	a party who is not responsible for those costs, and which are
22	charged or passed along to the responsible party; or
23	b. Costs for which the part incurring or paying the costs separately
24	has received or is entitled to receive reimbursement under the
25	terms of a state or federal grant program for the deployment of
26	broadband facilities; and
27	c. The receipt of a state or federal grant where the pole

1		replacement costs, for which reimbursement is requested, exceed
2		the pole replacement costs that were reasonably anticipated at
3		the time of, or on which the amount of, the other support
4		funding was predicated.
5		Costs are considered separately reimbursed for purposes of this paragraph
6		if the amount of an award under another state or federal broadband
7		program included consideration, by the awarding entity, of the pole
8		replacement costs by the applicant;
9	<u>(d)</u>	"Fund" means the rural infrastructure improvement fund established by
10		subsection (3) of this section;
11	<u>(e)</u>	"Pole owner" means any person or entity that owns or controls a utility
12		<u>pole;</u>
13	<u>(f)</u>	"Program" means the Kentucky Rural Infrastructure Improvement
14		Program established by subsection (4) of this section;
15	<u>(g)</u>	"Qualifying broadband service" means a retail wireline or wireless
16		broadband service capable of delivering Internet access at speeds of at least
17		one hundred (100) megabits per second in both the downstream and
18		upstream directions, and with latency at a level sufficient to permit real-
19		time, interactive applications; and
20	<u>(h)</u>	"Utility pole" means any pole used, in whole or in part, for any wire
21		communications or electric distribution, regardless of the owner or operator
22		of the pole.
23	<u>(3) (a)</u>	There is created within the State Treasury a trust and agency account to be
24		known as the rural infrastructure improvement fund, consisting of moneys
25		appropriated by the General Assembly, federal funds, grants, and gifts.
26	<u>(b)</u>	The fund shall be administered by the Office of Broadband Development
27		and all money deposited in the fund shall be used:

1	1. By the office to provide reimbursements to qualified applicants under
2	the Rural Infrastructure Improvement Program established under
3	subsection (4) of this section;
4	2. For the purposes of covering the costs of program administration and
5	operation; and
6	3. In a manner consistent with federal law.
7	(c) Notwithstanding KRS 45.229, any moneys remaining in the fund at the
8	close of the fiscal year shall not lapse but shall be carried forward into the
9	succeeding fiscal year to be used for the purposes set forth in this section.
10	(d) Interest earned on money deposited to the credit of the fund shall be
11	retained in the fund and shall not lapse.
12	(e) Moneys deposited in the fund are hereby appropriated for the purposes in
13	this section.
14	(4) (a) There is hereby established the Kentucky Rural Infrastructure Improvement
15	Program for the purpose of expediting and facilitating the deployment of
16	broadband service to individuals, businesses, agricultural operations, and
17	community access points in unserved areas by reimbursing a portion of
18	eligible pole replacement costs incurred by eligible applicants.
19	(b) The office shall administer and provide staff assistance for the program and
20	shall be responsible for receiving, reviewing, and approving applications for
21	pole reimbursements.
22	(c) The office shall award pole reimbursements from moneys in the fund
23	created by subsection (3) of this section until all moneys in the fund are
24	exhausted.
25	(d) No later than September 1, 2022, the office shall:
26	1. Promulgate administrative regulations under KRS Chapter 13A
27	necessary for the administration of this section;

1	<u>2.</u>	Pub	lish an application for pole replacement reimbursements that shall
2		requ	<u>tire:</u>
3		<u>a.</u>	Information sufficient to establish the number, cost, and
4			eligibility of eligible pole replacements that qualify for
5			<u>reimbursement;</u>
6		<u>b.</u>	Documentation sufficient to establish that the claimed eligible
7			pole replacements have been completed, including receipts
8			verifying the amount of eligible pole replacement costs paid by
9			<u>the applicant;</u>
10		с.	The amount of program reimbursement requested in the
11			application and any grant funding or accounting information
12			required to justify the amount of the request;
13		<u>d.</u>	i. A statement that the costs for which reimbursement is
14			requested have not been reimbursed through any other
15			state or federal broadband grant program.
16			ii. If the applicant is a recipient of funding from another
17			program, the statement shall include an explanation of
18			how the costs for which reimbursement is requested exceed
19			the pole replacement costs on which the original award was
20			predicated or that were reasonably anticipated at the time
21			of the original award;
22		<u>e.</u>	A notarized statement from an officer or agent of the applicant
23			that the contents of the application are true and accurate and
24			that the applicant accepts the requirements of this section and
25			any promulgated administrative regulations as a condition of
26			receiving an award of program reimbursement; and
27		<u>f.</u>	Any other information necessary for the office to comply with

1	any conditions on federal funding used in connection with the
2	program; and
3	3. Publish and maintain on its Web site:
4	a. Statistics on the number of applications received, processed, and
5	rejected by the office under the pole replacement program;
6	b. Statistics on the size, number, and status of reimbursements
7	awarded by the office under the pole replacement program,
8	including the pole owners and broadband providers receiving
9	reimbursements; and
10	c. The amount of money remaining in the fund.
11	(e) An applicant who incurs or pays the costs of an eligible pole replacement to
12	accommodate broadband facilities consistent with this section may apply to
13	the office for reimbursement.
14	(f) As a condition of receiving reimbursement under this subsection, an
15	applicant shall:
16	<u>1.</u> Certify its compliance with the requirements of this section;
17	2. Agree to comply with any requirements that the office determines to be
18	necessary conditions on federal funding used in connection with the
19	program;
20	3. Agree to refund, with interest at the applicable federal funds rate as
21	specified by KRS 355.4A-506, to the fund, any reimbursements or
22	portions of reimbursements received from the fund under this
23	subsection, if the office finds, upon substantial evidence and after
24	notice and opportunity to respond, that the recipient materially
25	violated any of the requirements agreed to under this section;
26	4. Agree that no funds awarded by the program will be used to meet any
27	cash match requirement under any other broadband program

1	administered by the Commonwealth or one (1) of its subdivisions;
2	5. Agree to submit reports as the office may require regarding broadband
3	deployment facilitated by the program, which may include reports
4	demonstrating that an application that has received a federally funded
5	award is meeting or exceeding buildout requirements contained in
6	that award; and
7	6. Agree to not include in any rates or fees charged for its services any
8	eligible pole replacement costs that were reimbursed by the program,
9	paid for by a broadband provider, or funded by another grant source.
10	(g) 1. If the necessary information is not otherwise reasonably available to
11	the applicant, the applicant may request a pole owner performing an
12	eligible pole replacement to provide the number and costs of the pole
13	replacements, receipts verifying the amount of pole replacement costs
14	paid by the applicant, and confirmation that the pole replacement
15	costs were incurred to accommodate the applicant's attachment and
16	not due to some other reason.
17	2. In the event the office requires additional information from an
18	applicant following the submission of an application to confirm the
19	eligibility of costs in an application that is in the possession of the pole
20	owner and not otherwise reasonably available to the applicant, the
21	applicant may also request that the pole owner assist with providing
22	the information as requested by the office.
23	3. A pole owner shall coordinate in good faith to provide the information
24	to the applicant, and may require reimbursement from the broadband
25	provider of its actual and reasonable administrative expenses in
26	connection with the coordination, which shall not exceed five percent
27	(5%) of the eligible pole replacement costs.

1	4. Administrative costs that a broadband provider reimburses to a pole
2	owner under this subsection are not eligible for reimbursement from
3	the fund as eligible pole replacement costs.
4	(h) Within sixty (60) days of receipt of a completed application establishing the
5	eligibility of costs for reimbursement, and to the extent that moneys are
6	available in the fund, the office shall award the lesser of:
7	1. Five thousand dollars (\$5,000) for each pole replaced; or
8	2. Fifty percent (50%) of the total amount incurred or paid by the
9	applicant for eligible pole replacement costs.
10	(i) Any application pending at the exhaustion of the moneys in the fund shall
11	be deemed denied but may be refiled if sufficient moneys are later made
12	available in the fund.
13	(j) No later than one (1) year after the fund receives moneys for the purpose of
14	providing pole replacement reimbursements to qualified applicants, the
15	Auditor of Public Accounts shall audit the fund and its administration by
16	the office for compliance with the requirements of this section.
17	(k) No later than one (1) year after the exhaustion of the money in the fund, the
18	office shall file a report with the Legislative Research Commission that
19	identifies and examines the deployment of broadband infrastructure and
20	technology facilitated by the eligible pole reimbursements the office has
21	awarded under this section.
22	(5) A broadband provider's use of funds reimbursed under this subsection to pay
23	eligible pole replacement costs shall have no effect on the subsequent ownership
24	of any replacement pole purchases and installed by a pole owner using the funds.
25	→Section 6. KRS 278.5461 is amended to read as follows:
26	In addition to the definitions in KRS 278.010 and KRS 278.516(2), for KRS 278.546 to
27	278.5462, the following definitions shall apply:

1	(1)	"Broadband" has the same meaning as in Section 2 of this Act; and [means any
2		service that is used to deliver video or to provide access to the Internet and that
3		consists of the offering of the capability to transmit information at a rate that is
4		generally not less than two hundred (200) kilobits per second in at least one
5		direction; or any service that combines computer processing, information storage,
6		and protocol conversion to enable users to access Internet content and services.
7		Nothing in this definition shall be construed to include any intrastate service, other
8		than digital subscriber line service, tariffed at the commission as of July 15, 2004.]
9	(2)	"Local exchange carrier" means any company certified by the commission to
10		provide local exchange telecommunications service in the Commonwealth on or
11		before June 30, 1995.
12		Section 7. KRS 278.5464 is amended to read as follows:
13	(1)	The General Assembly recognizes and declares:
14		(a) The provision of broadband service to residential, commercial, and industrial
15		customers is critical to securing a sound economy and promoting the general
16		welfare of the Commonwealth; and
17		(b) Distribution cooperatives are able to access and leverage federal funding to
18		extend and enhance the availability of broadband service to Kentucky
19		residents who are currently unserved[or underserved].
20	(2)	As used in this section:
21		(a) "Broadband" <u>has the same meaning as in Section 2 of this Act</u> [means any
22		wireline, fixed wireless, or fixed terrestrial technology having a capacity to
23		transmit data from or to the Internet with a minimum speed of twenty-five
24		(25) megabits per second downstream and three (3) megabits per second
25		upstream as defined by the Federal Communications Commission or the
26		United States Department of Agriculture and any amendments to those
27		definitions. If the agencies use different speed definitions, the faster speed

1	definition shall apply;
2	(b) "Underserved area" means any project area where broadband service with a
3	minimum twenty five (25) megabits per second downstream and three (3)
4	megabits per second upstream is not available]; and
5	(b)[(c)] "Unserved area" has the same meaning as in Section 2 of this
6	Act[means any project area where broadband service with a minimum ten (10)
7	megabits per second downstream and one (1) megabit per second upstream is
8	not available] .
9	(3) Notwithstanding any other statute to the contrary $\frac{1}{2}$
10	(a)]a distribution cooperative may facilitate the operation of an affiliate engaged
11	exclusively in the provision of broadband service to unserved[or underserved]
12	households and businesses by:
13	<u>(a)</u> [1.] <u>Constructing and</u> leasing excess capacity on any fiber optic cable <u>for</u>

22 RS HB 315/HCS 1

1		upon a finding the proposal is in the public interest.
2	(4) The	commission shall take into consideration the policy of encouraging the
3	provi	sion of broadband service to unserved or underserved households and
4	busin	nesses throughout the Commonwealth when determining whether:
5	(a)	The proposed investment will result in wasteful duplication of investment in
6		the case of any distribution cooperative's application for a certificate of public
7		convenience and necessity under KRS-278.020 that includes the construction
8		of a fiber optic cable system with capacity in excess of that which is necessary
9		to support the distribution cooperative's system under subsection (3)(a)1. of
10		this section; and
11	(b) —	The issuance or assumption of securities or evidence of indebtedness satisfies
12		the criteria of KRS 278.300(3) in the case of any distribution cooperative's
13		application for approval of an issuance of securities or evidence of
14		indebtedness or pledge of assets under subsection (3)(a)2. and 3. of this
15		section].
16	<u>(4)</u> [(5)]	A distribution cooperative shall comply with the cost allocation requirements
17	of:	
18	(a)	KRS 278.2201, 278.2203, 278.2205, 278.2207, 278.2209, and 278.2211; and
19	(b)	Only KRS 278.2213(1) and (3) with regard to any costs associated with its
20		facilitation of an affiliate's provision of broadband services.
21	<u>(5)</u> [(6)]	[Prior to December 31, 2021,]The commission shall promulgate
22	admi	nistrative regulations regarding pole attachments under the commission's
23	jurisc	liction, including those necessary for the provision of broadband service.
24	(6) Befor	re broadband services may be offered under this section, a distribution
25	coop	erative shall, by resolution of the board of directors and spread upon its
26	<u>minu</u>	ttes, have an economic feasibility study conducted. The feasibility study shall
27	<u>be p</u> i	rovided to the commission and made available to distribution cooperative

22 RS HB 315/HCS 1

1	members upon request.
2	(7) A distribution cooperative shall not allow the installation or operation of a
3	broadband system on its electric delivery system by an affiliate or other
4	broadband operator to diminish the reliability of the electric delivery system.
5	(8) A distribution cooperative shall not require any person to purchase broadband
6	services from an affiliate or other broadband operator as a condition of receiving
7	or continuing to receive electric energy from the distribution cooperative.
8	(9) A distribution cooperative shall not disconnect or threaten to disconnect its
9	electric service to any customer due to the customer's failure to pay for
10	broadband services provided to the customer by an affiliate or other broadband
11	operator.
12	(10) Every distribution cooperative shall conduct an annual audit of compliance with
13	this section, which shall be provided to the commission and made available to
14	distribution cooperative members upon request.
15	(11) The commission shall have no jurisdiction over the creation or operation of an
16	distribution cooperative's broadband affiliate, except as referred to in subsection
17	(4) of this section.
18	→Section 8. There is hereby appropriated Federal Fund moneys from the State
19	Fiscal Recovery Fund of the American Rescue Plan Act in the amount of \$20,000,000 in
20	fiscal year 2022-2023 to the Rural Infrastructure Improvement Fund established in
21	Section 5 of this Act.
22	→Section 9. 2021 Ky. Acts ch. 171, sec. 3, as amended by 2021 Ky. Acts ch. 196,
23	sec. 4, is amended to read as follows:
24	(1) There is hereby appropriated <i>Federal Funds from the Coronavirus Capital</i>
25	Projects Fund of the American Rescue Plan Act of 2021[federal funds] in the amount of
26	\$127,000,000 and Federal Funds from the State Fiscal Recovery Fund of the
27	American Rescue Plan Act of 2021 in the amount of \$123,000,000[\$250,000,000] in

1	fiscal year 2021-2022 to the broadband deployment fund, with no more than \$50,000,000
2	of which to be awarded before <u>May</u> [April] 1, 2022.
3	(2) $[(a)]$ In addition to the appropriation in subsection (1) of this section, there is
4	hereby appropriated Federal Funds from the State Fiscal Recovery Fund of the American
5	Rescue Plan Act in the amount of \$50,000,000 in fiscal year 2020-2021. Notwithstanding
6	KRS 45.229, the Federal Fund appropriation in fiscal year 2020-2021 shall not lapse and
7	shall carry forward for use in fiscal year 2021-2022 and fiscal year 2022-2023.
8	(b) The appropriation in paragraph (a) of this subsection shall be used for projects
9	that provide broadband service in furtherance of securing economic development
10	opportunities for commercial and industrial customers, excluding the broadband service
11	provider itself.]
12	(3) The agency administering the broadband deployment fund shall promulgate
13	administrative regulations to ensure that [:
14	(a) Related to the appropriation in subsection (1) of this section,] the moneys are
15	awarded based on the [following] criteria in subsection (9) of Section 4 of this Act[the
16	order as listed:
17	1. Projects in underserved areas or unserved areas where local, state, or federal
18	funds are not currently designated;
19	2. Projects within underserved areas or unserved areas where local, state, or
20	federal broadband funds are inadequate; and
21	3. Projects that reach the customers that are the least economical to serve;
22	(b) Related to the appropriations in subsections (1) and (2) of this section, a
23	request for proposal shall be issued for projects;
24	(c) Notwithstanding KRS 224A.1121(5)(f) and (10), and related to the
25	appropriations in subsections (1) and (2) of this section, projects will require:
26	1. A private match of moneys of not less than 50 percent of the total project cost;
27	OF

1	2	Matching funds from a city, county, urban county government, or consolidated
2	local gove	ernment of not less than 50 percent of the total project cost; and
3	(d)	Related to the appropriations in subsections (1) and (2) of this section, project
4	scope show	uld be for the smallest feasible geographical area.]
5	(4)	The agency may provide incentive for timely completion and disincentive for
6	not meetir	ng agreed upon timeframes.
7	(5)	(a) The agency administering the broadband deployment fund shall
8	promulgat	e administrative regulations to develop a process for:
9	1.	Receiving complaints related to insufficient broadband service;
10	2.	Incorporating forms for the collection of data related to the complaints;
11	3.	Reporting the information collected; and
12	4.	Referring complaints to the Office of Attorney General, Federal
13	Communi	cations Commission, or Federal Trade Commission, as appropriate.
14	(b)	The agency shall report to the Legislative Research Commission on a
15	quarterly	basis, beginning October 1, 2021, and the first day of each calendar quarter
16	thereafter,	the following information:
17	1.	The location, by county, for each consumer complaint received related to
18	insufficier	nt broadband service;
19	2.	A brief description of the complaint;
20	3.	The broadband provider related to the complaint received;
21	4.	The response of the broadband provider regarding the complaint received;
22	5.	Whether the complaint was resolved to the satisfaction of the consumer; and
23	6.	Whether a referral was made to the Office of Attorney General, Federal
24	Communi	cations Commission, or Federal Trade Commission.
25	→S	ection 10. Whereas it is critical to support the replacement of utility poles to
26	facilitate a	ad expedite the construction of broadband networks, and to address the needs of
27	broadband	l investment not yet fully met by existing programs, an emergency is declared to

- 1 exist, and this Act takes effect upon its passage and approval by the Governor or upon its
- 2 otherwise becoming a law.
