() indicates a decrease/negative

PURPOSE OF MEASURE:

This bill creates a property tax exemption for property owned by veteran service organizations that are wholly dedicated to advocating on behalf of military veterans and providing charitable programs in honor and on behalf of military veterans. To qualify for the property tax exemption, over fifty percent of the veteran service organization's annual net income must be expended on behalf of military veterans and other charitable causes.

FISCAL EXPLANATION:

The Kentucky Department of Veterans' Affairs' website lists the following seven veteran service organizations as being located within Kentucky: Veterans of Foreign Wars, Vietnam Veterans of America, AMVETS, The American Legion, Disabled American Veterans, Paralyzed Veterans of America, and Marine Corps League Detachment 729.

The Kentucky Department of Veterans' Affairs provided a list of the real property taxes paid by some of the veteran service organizations located in Kentucky. While the list did not include all of the veteran service organizations, it did provide the following data along with an estimate that the total real property taxes paid by three of the organizations is approximately \$299,000 a year.

Veterans of Foreign Wars

90 posts located in Kentucky

70 of those posts own property

Total tax paid is approximately \$145,366 (100% reporting)

American Legion

127 posts located in Kentucky

79 of those posts own property

Total tax paid is approximately \$105,547 (90% reporting)

AMVETS

27 posts located in Kentucky

7 of those posts own property

Total tax paid is approximately \$23,847 (90% reporting)

\$25,000 in unreported

The \$299,000 estimate includes both state and local taxes. A majority of the taxes collected for real property are local taxes. The state tax rate for real property is 12.2 cents per \$100 in assessed valuation. Average local property tax rates total \$1.33 per \$100 in assessed valuation. Therefore, of the \$299,000 estimate, only approximately \$25,000 would be state revenues.

Currently, the charitable activities of veteran service organizations are not tracked. Therefore, it is unknown how many of these organizations would qualify for the exemption. The fiscal impact on state revenues cannot be accurately determined, but the exemption is expected to reduce General Fund revenues.

This bill applies to property assessed on or after January 1, 2021. Therefore, FY 2020 and 2021 are not impacted.
