- 15 (2) Nothing in this section shall deprive the boards from negotiating with vendors who
16 maintain a General Services Administration price agreement with the United States
17 of America or any agency thereof, provided, however, that no contract executed
18 under this provision shall authorize a price higher than is contained in the contract
19 between General Services Administration and the vendor affected.
- 20 (3) The governing board shall require the institution to take and maintain inventories of
21 plant and equipment.
- 22 (4) The governing board shall establish procedures to identify items of common
23 general usage among all departments to foster volume purchasing. It shall establish
24 and enforce schedules for purchasing supplies, materials, and equipment.
- 25 (5) The governing board shall have power to salvage, to exchange, and to condemn
26 supplies, equipment, and real property.
- 27 (6) Upon the approval of the secretary of the Finance and Administration Cabinet, the

1 governing board may purchase or otherwise acquire all real property determined to
2 be needed for the institution's use. The amount paid shall not exceed the fair market
3 value as determined by a qualified appraiser or the value set by the eminent domain
4 procedure. Any real property acquired under this section shall be in name of the
5 Commonwealth for the use and benefit of the institution.

- 6 (7) (a) Notwithstanding KRS 56.806, the governing board may renegotiate the cost
7 of a lease after the expiration of the lease term and any renewal terms

19 improvements to leased property costing in excess of ten thousand dollars
20 (\$10,000) but less than one million dollars (\$1,000,000) in a lump sum upon
21 approval of its board using non-general fund appropriations and without
22 incurring debt.
- 23 (8) The governing board shall sell or otherwise dispose of all real or personal property
24 of the institution which is not needed or has become unsuitable for public use, or
25 would be more suitable consistent with the public interest for some other use, as
26 determined by the board. The determination of the board shall be set forth in an
27 order, and shall be reached only after review of a written request by the institution

1 desiring to dispose of the property. Such request shall describe the property and
2 state the reasons why the institution believes disposal should be effected. All
3 instruments required by law to be recorded which convey any interest in any such
4 real property so disposed of shall be executed and signed by the appropriate officer
5 of the board. Unless the board deems it in the best interest of the institution to
6 proceed otherwise, all such real or personal property shall be sold either by
7 invitation of sealed bids or by public auction; provided, however, that the selling
8 price of any interest in real property shall not be less than the fair market value
9 thereof as determined by the Finance and Administration Cabinet or the
10 Transportation Cabinet for such requirements of that department.

11 (9) Real property or any interest therein may, subject to the provisions of KRS Chapter
12 45A, be purchased, leased, or otherwise acquired from any officer or employee of
13 any board of the institution, based upon a written application by the grantor or
14 lessor approved by the board, that the employee has not either himself or through
15 any other person influenced or attempted to influence either the board requesting
16 the purchase of the property. In any case in which such an acquisition is
17 consummated, the said request and finding shall be recorded and kept by the
18 Secretary of State along with the other documents recorded pursuant to the
19 provisions of KRS Chapter 56.

20 (10) (a) As used in this section, "construction manager-agency," "construction
21 management-at-risk," "design-bid-build," "design-build," and "construction
22 manager-general contractor" shall have the same meaning as in KRS
23 45A.030.

24 (b) For capital construction projects, the procurement may be on a total design-
25 bid-build basis, a design-build basis, construction manager-general contractor
26 basis, or construction management-at-risk basis, whichever in the judgment of
27 the board offers the best value to the taxpayer. Best value shall be determined

1 in accordance with KRS 45A.070. Proposals shall be reviewed by the
2 institution's engineering staff to assure quality and value, and compliance with
3 procurement procedures. All specifications shall be written to promote
4 competition. Services for projects delivered on the design-build basis,
5 construction manager-general contractor basis, or construction management-
6 at-risk basis shall be procured in accordance with KRS 45A.180, KRS
7 45A.183, and the regulations promulgated in accordance with KRS 45A.180.
8 Nothing in this section shall prohibit the procurement of construction
9 manager-agency services.

10 (c) Notwithstanding KRS 45A.185, for all capital construction projects, bidder
11 security for competitive sealed bidding for construction contracts shall only be
12 required when the price is estimated to exceed one million dollars
13 (\$1,000,000).

14 (11) The governing board shall attempt in every practicable way to insure the
15 institution's supplying its real needs at the lowest possible cost. To accomplish this
16 the board may enter into cooperative agreements with other public or private
17 institutions of education or health care.

18 (12) The governing board shall have control and supervision over all purchases of
19 energy consuming equipment, supplies, and related equipment purchased or
20 acquired by the institution, and shall designate by regulation the manner in which
21 an energy consuming item will be purchased so as to promote energy conservation
22 and acquisition of energy efficient products.

23 (13) The governing board may negotiate directly for the purchase of contractual
24 services, supplies, materials, or equipment in bona fide emergencies regardless of
25 estimated costs. The existence of the emergency must be fully explained, in writing,
26 by the vice president responsible for business affairs and such explanation must be
27 approved by the institution president. The letter and approval shall be filed with the

1 record of all such purchases. Where practical, standard specifications shall be
2 followed in making emergency purchases. A good faith effort shall be made to
3 effect a competitively established price for emergency purchases.

4 (14) (a) All governing boards that purchase agricultural products, as defined by KRS
5 45A.630, shall, on or before January 1 of each year, provide a report to the
6 Legislative Research Commission and to the Department of Agriculture
7 describing the types, quantities, and costs of each product purchased. The
8 report shall be completed on a form provided by the department.

9 (b) If purchasing agricultural products, a governing board shall encourage the
10 purchase of Kentucky-grown agricultural products in accordance with KRS
11 45A.645. If a governing board purchases agricultural products through a
12 contract with a vendor or food service provider, the contract shall require that
13 if Kentucky-grown agricultural products are purchased, the products shall be
14 purchased in accordance with KRS 45A.645. Only contracts entered into or
15 renewed after July 15, 2008, shall be required to comply with the provisions
16 of this subsection.

17 (c) All governing boards that purchase Kentucky-grown agricultural products
18 shall, on or before January 1 of each year, provide a report to the Legislative
19 Research Commission and to the Department of Agriculture describing the
20 types, quantities, and costs of each product purchased. The report shall be
21 completed on a form provided by the department.

22 (15) Notwithstanding KRS 45.760, the governing board may authorize a capital
23 construction project or a major item of equipment even though it is not specifically
24 listed in any branch budget bill, subject to the following conditions and procedures:

25 (a) The full cost shall be funded solely by non-general fund appropriations;

26 (b) Moneys specifically budgeted and appropriated by the General Assembly for
27 another purpose shall not be allotted or reallocated for expenditure on the

1 project or major item of equipment. Moneys utilized shall not jeopardize any
2 existing program and shall not require the use of any current general funds
3 specifically dedicated to existing programs; and

4 (c) The institution's president, or designee, shall submit the project or major item
5 of equipment to the Capital Projects and Bond Oversight Committee for
6 review as provided by KRS 45.800.

7 (16) Governing boards shall apply the reciprocal resident bidder preference described in
8 KRS 45A.494 prior to the award of any contract.

9 (17) Governing boards may authorize the use of reverse auctions as defined in KRS
10 45A.070 for the procurement of goods and leases.

11 ~~[(18) (a) Notwithstanding KRS 56.070, the governing board may obtain private~~
