24                   (c) If a regional community services program is approved by the secretary  
25                   pursuant to this subsection to provide services outside of its regional service  
26                   area as established in subsection (1) of this section, the regional community

- 25           ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount
- 26           of the payment to the cost of providing the services or supplies. It shall be one (1)
- 27           of the functions of the council to make recommendations to the Cabinet for Health

1 and Family Services with respect to the bases for payment. In determining the rates  
2 of reimbursement for long-term-care facilities participating in the Medical  
3 Assistance Program, the Cabinet for Health and Family Services shall, to the extent  
4 permitted by federal law, not allow the following items to be considered as a cost to  
5 the facility for purposes of reimbursement:

6 (a) Motor vehicles that are not owned by the facility, including motor vehicles  
7 that are registered or owned by the facility but used primarily by the owner or  
8 family members thereof;

9 (b) The cost of motor vehicles, including vans or trucks, used for facility business  
10 shall be allowed up to fifteen thousand dollars (\$15,000) per facility, adjusted  
11 annually for inflation according to the increase in the consumer price index-u  
12 for the most recent twelve (12) month period, as determined by the United  
13 States Department of Labor. Medically equipped motor vehicles, vans, or  
14 trucks shall be exempt from the fifteen thousand dollar (\$15,000) limitation.  
15 Costs exceeding this limit shall not be reimbursable and shall be borne by the  
16 facility. Costs for additional motor vehicles, not to exceed a total of three (3)  
17 per facility, may be approved by the Cabinet for Health and Family Services if  
18 the facility demonstrates that each additional vehicle is necessary for the  
19 operation of the facility as required by regulations of the cabinet;

20 (c) Salaries paid to immediate family members of the owner or administrator, or  
21 both, of a facility, to the extent that services are not actually performed and  
22 are not a necessary function as required by regulation of the cabinet for the  
23 operation of the facility. The facility shall keep a record of all work actually  
24 performed by family members;

25 (d) The cost of contracts, loans, or other payments made by the facility to owners,  
26 administrators, or both, unless the payments are for services which would  
27 otherwise be necessary to the operation of the facility and the services are

- 1 required by regulations of the Cabinet for Health and Family Services. Any  
2 other payments shall be deemed part of the owner's compensation in  
3 accordance with maximum limits established by regulations of the Cabinet for  
4 Health and Family Services. Interest paid to the facility for loans made to a  
5 third party may be used to offset allowable interest claimed by the facility;
- 6 (e) Private club memberships for owners or administrators, travel expenses for  
7 trips outside the state for owners or administrators, and other indirect  
8 payments made to the owner, unless the payments are deemed part of the  
9 owner's compensation in accordance with maximum limits established by  
10 regulations of the Cabinet for Health and Family Services; and
- 11 (f) Payments made to related organizations supplying the facility with goods or  
12 services shall be limited to the actual cost of the goods or services to the  
13 related organization, unless it can be demonstrated that no relationship  
14 between the facility and the supplier exists. A relationship shall be considered  
15 to exist when an individual, including brothers, sisters, father, mother, aunts,  
16 uncles, and in-laws, possesses a total of five percent (5%) or more of  
17 ownership equity in the facility and the supplying business. An exception to  
18 the relationship shall exist if fifty-one percent (51%) or more of the supplier's  
19 business activity of the type carried on with the facility is transacted with  
20 persons and organizations other than the facility and its related organizations.
- 21 (3) No vendor payment shall be made unless the class and type of medical care  
22 rendered and the cost basis therefor has first been designated by regulation.
- 23 (4) The rules and regulations of the Cabinet for Health and Family Services shall  
24 require that a written statement, including the required opinion of a physician, shall  
25 accompany any claim for reimbursement for induced premature births. This  
26 statement shall indicate the procedures used in providing the medical services.
- 27 (5) The range of medical care benefit standards provided and the quality and quantity

1 standards and the methods for determining cost formulae for vendor payments  
2 within each category of public assistance and other recipients shall be uniform for  
3 the entire state, and shall be designated by regulation promulgated within the  
4 limitations established by the Social Security Act and federal regulations. It shall  
5 not be necessary that the amount of payments for units of services be uniform for  
6 the entire state but amounts may vary from county to county and from city to city,  
7 as well as among hospitals, based on the prevailing cost of medical care in each  
8 locale and other local economic and geographic conditions, except that insofar as  
9 allowed by applicable federal law and regulation, the maximum amounts  
10 reimbursable for similar services rendered by physicians within the same specialty  
11 of medical practice shall not vary according to the physician's place of residence or  
12 place of practice, as long as the place of practice is within the boundaries of the  
13 state.

14 (6) Nothing in this section shall be deemed to deprive a woman of all appropriate  
15 medical care necessary to prevent her physical death.

16 (7) To the extent permitted by federal law, no medical assistance recipient shall be  
17 recertified as qualifying for a level of long-term care below the recipient's current  
18 level, unless the recertification includes a physical examination conducted by a  
19 physician licensed pursuant to KRS Chapter 311 or by an advanced practice  
20 registered nurse licensed pursuant to KRS Chapter 314 and acting under the  
21 physician's supervision.

22 (8) (a) If payments made to community mental health centers, established pursuant to  
23 KRS Chapter 210, for services provided to the intellectually disabled exceed  
24 the actual cost of providing the service, the balance of the payments shall be  
25 used solely for the provision of other services to the intellectually disabled  
26 through community mental health centers.

27 (b) If a community mental health center, established pursuant to KRS Chapter

1           210, provides services to a recipient of Medical Assistance Program benefits  
2           outside of the community mental health center's regional service area, as  
3           established in Section 2 of this Act, the community mental health center  
4           shall not be reimbursed for such services in accordance with the  
5           department's fee schedule for community mental health centers but shall  
6           instead be reimbursed in accordance with the department's fee schedule for  
7           behavioral health service organizations.

8           (c) As used in this subsection, "community mental health center" means a  
9           regional community services program as defined in Section 1 of this Act.

10       (9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to  
11       recipients of medical assistance under Title XIX of the Social Security Act on July  
12       15, 1986, shall deny admission of a person to a bed certified for reimbursement  
13       under the provisions of the Medical Assistance Program solely on the basis of the  
14       person's paying status as a Medicaid recipient. No person shall be removed or  
15       discharged from any facility solely because they became eligible for participation in  
16       the Medical Assistance Program, unless the facility can demonstrate the resident or  
17       the resident's responsible party was fully notified in writing that the resident was  
18       being admitted to a bed not certified for Medicaid reimbursement. No facility may  
19       decertify a bed occupied by a Medicaid recipient or may decertify a bed that is  
20       occupied by a resident who has made application for medical assistance.

21       (10) Family-practice physicians practicing in geographic areas with no more than one  
22       (1) primary-care physician per five thousand (5,000) population, as reported by the  
23       United States Department of Health and Human Services, shall be reimbursed one  
24       hundred twenty-five percent (125%) of the standard reimbursement rate for  
25       physician services.

26       (11) The Cabinet for Health and Family Services shall make payments under the  
27       Medical Assistance program for services which are within the lawful scope of

1 practice of a chiropractor licensed pursuant to KRS Chapter 312, to the extent the  
2 Medical Assistance Program pays for the same services provided by a physician.

3 (12) (a) The Medical Assistance Program shall use the appropriate form and  
4 guidelines for enrolling those providers applying for participation in the  
5 Medical Assistance Program, including those licensed and regulated under  
6 KRS Chapters 311, 312, 314, 315, and 320, any facility required to be  
7 licensed pursuant to KRS Chapter 216B, and any other health care practitioner  
8 or facility as determined by the Department for Medicaid Services through an  
9 administrative regulation promulgated under KRS Chapter 13A. A Medicaid  
10 managed care organization shall use the forms and guidelines established  
11 under KRS 304.17A-545(5) to credential a provider. For any provider who  
12 contracts with and is credentialed by a Medicaid managed care organization  
13 prior to enrollment, the cabinet shall complete the enrollment process and  
14 deny, or approve and issue a Provider Identification Number (PID) within  
15 fifteen (15) business days from the time all necessary completed enrollment  
16 forms have been submitted and all outstanding accounts receivable have been  
17 satisfied.

18 (b) Within forty-five (45) days of receiving a correct and complete provider  
19 application, the Department for Medicaid Services shall complete the  
20 enrollment process by either denying or approving and issuing a Provider  
21 Identification Number (PID) for a behavioral health provider who provides  
22 substance use disorder services, unless the department notifies the provider  
23 that additional time is needed to render a decision for resolution of an issue or  
24 dispute.

25 (c) Within forty-five (45) days of receipt of a correct and complete application for  
26 credentialing by a behavioral health provider providing substance use disorder  
27 services, a Medicaid managed care organization shall complete its contracting
