18       the board offers the best value to the taxpayer. Best value shall be determined  
19       in accordance with KRS 45A.070. Proposals shall be reviewed by the  
20       institution's engineering staff to assure quality and value, and compliance with

6        institution's supplying its real needs at the lowest possible cost. To accomplish this

10       energy consuming equipment, supplies, and related equipment purchased or  
11       acquired by the institution, and shall designate by regulation the manner in which an

 23 the strategic agenda as provided in KRS 164.0203;
- 24 (2) Revise the strategic agenda and strategic implementation plan with the advice and  
 25 counsel of the committee as set forth in KRS 164.004;
- 26 (3) Develop a system of public accountability related to the strategic agenda by  
 27 evaluating the performance and effectiveness of the state's postsecondary system.

- 1       The council shall prepare a report in conjunction with the accountability reporting  
2       described in KRS 164.095, which shall be submitted to the committee, the  
3       Governor, and the General Assembly by December 1 annually. This report shall  
4       include a description of contributions by postsecondary institutions to the quality of  
5       elementary and secondary education in the Commonwealth;
- 6       (4) Review, revise, and approve the missions of the state's universities and the  
7       Kentucky Community and Technical College System. The Council on  
8       Postsecondary Education shall have the final authority to determine the compliance  
9       of postsecondary institutions with their academic, service, and research missions;
- 10       (5) Establish and ensure that all postsecondary institutions in Kentucky cooperatively  
11       provide for an integrated system of postsecondary education. The council shall  
12       guard against inappropriate and unnecessary conflict and duplication by promoting  
13       transferability of credits and easy access of information among institutions;
- 14       (6) Engage in analyses and research to determine the overall needs of postsecondary  
15       education and adult education in the Commonwealth;
- 16       (7) Develop plans that may be required by federal legislation. The council shall for all  
17       purposes of federal legislation relating to planning be considered the "single state  
18       agency" as that term may be used in federal legislation. When federal legislation  
19       requires additional representation on any "single state agency," the Council on  
20       Postsecondary Education shall establish advisory groups necessary to satisfy federal  
21       legislative or regulatory guidelines;
- 22       (8) Determine tuition and approve the minimum qualifications for admission to the  
23       state postsecondary educational system. In defining residency, the council shall

25       requirements at the beginning of his or her last year in high school and enters a  
26       Kentucky postsecondary education institution within two (2) years of high school  
27       graduation. In determining the tuition for non-Kentucky residents, the council shall

1 consider the fees required of Kentucky students by institutions in adjoining states,  
2 the resident fees charged by other states, the total actual per student cost of training  
3 in the institutions for which the fees are being determined, and the ratios of  
4 Kentucky students to non-Kentucky students comprising the enrollments of the  
5 respective institutions, and other factors the council may in its sole discretion deem  
6 pertinent;

7 (9) Devise, establish, and periodically review and revise policies to be used in making  
8 recommendations to the Governor for consideration in developing  
9 recommendations to the General Assembly for appropriations to the universities,  
10 the Kentucky Community and Technical College System, and to support strategies  
11 for persons to maintain necessary levels of literacy throughout their lifetimes

27 branches of existing community colleges in the counties of Laurel, Leslie, and

2           or other commitments to build the satellite at no cost to the Commonwealth,  
3           other than operating costs that shall be paid as part of the operating budget of

9           and programs provided by private postsecondary institutions and shall promote  
10          maximum cooperation between the state postsecondary system and private  
11          postsecondary institutions. Receive and consider an annual report prepared by the  
12          Association of Independent Kentucky Colleges and Universities stating the  
13          condition of independent institutions, listing opportunities for more collaboration  
14          between the state and independent institutions and other information as appropriate;

15      (14) Establish course credit, transfer, and degree components as required in KRS  
16          164.2951;

18          baccalaureate, graduate, and professional degree, certificate, or diploma programs in  
19          the public postsecondary education institutions. The council shall expedite wherever  
20          possible the approval of requests from the Kentucky Community and Technical  
21          College System board of regents relating to new certificate, diploma, technical, or  
22          associate degree programs of a vocational-technical and occupational nature.  
23          Without the consent of the General Assembly, the council shall not abolish or limit  
24          the total enrollment of the general program offered at any community college to  
25          meet the goal of reasonable access throughout the Commonwealth to a two (2) year  
26          course of general studies designed for transfer to a baccalaureate program. This  
27          does not restrict or limit the authority of the council, as set forth in this section, to

- 1 eliminate or make changes in individual programs within that general program;
- 2 (16) Eliminate, in its discretion, existing programs or make any changes in existing  
3 academic programs at the state's postsecondary educational institutions, taking into  
4 consideration these criteria:

- 6 (b) Alignment with the priorities in the strategic implementation plan for  
7 achieving the strategic agenda;
- 8 (c) Elimination of unnecessary duplication of programs within and among  
9 institutions; and

18 establishment of new public community colleges, technical institutions, and new  
19 four (4) year colleges;
- 20 (19) Postpone the approval of any new program at a state postsecondary educational  
21 institution, unless the institution has met its equal educational opportunity goals, as  
22 established by the council. In accordance with administrative regulations  
23 promulgated by the council, those institutions not meeting the goals shall be able to  
24 obtain a temporary waiver, if the institution has made substantial progress toward  
25 meeting its equal educational opportunity goals;

27 postsecondary institutions in the Commonwealth including the development and

- 1 implementation of a technology plan as a component of the strategic agenda;

4 KRS 161.028;
- 5 (22) Constitute the representative agency of the Commonwealth in all matters of  
6 postsecondary education of a general and statewide nature which are not otherwise  
7 delegated to one (1) or more institutions of postsecondary learning. The

9 individuals or agencies located within or without the Commonwealth. The authority  
10 includes but is not limited to contractual arrangements for programs of research,  
11 specialized training, and cultural enrichment;
- 12 (23) Maintain procedures for the approval of a designated receiver to provide for the

17 federal and state laws and regulations, copies of student records shall be made  
18 available within a reasonable length of time for a minimum fee;
- 19 (24) Monitor and transmit a report on compliance with KRS 164.351 to the director of  
20 the Legislative Research Commission for distribution to the Health and Welfare  
21 Committee;
- 22 (25) (a) Develop in cooperation with each public university and the Kentucky  
23 Community and Technical College System a comprehensive orientation and

26 For new members of the council and institutional governing boards, the  
27 council shall:
