24 1. The practitioner, in his or her professional judgment, believes that more
25 than a three (3) day supply of a Schedule II controlled substance is

4 Services;

5 (d) A procedure for temporarily suspending, limiting, or restricting a license held

9 general public;

10 (e) A procedure for the expedited review of complaints filed against their
11 licensees pertaining to the improper, inappropriate, or illegal prescribing or

2 (6) Any statute to the contrary notwithstanding, no state licensing board shall require
3 that a grievance or complaint against a licensee relating to controlled substances be
4 sworn to or notarized, but the grievance or complaint shall identify the name and
5 address of the grievant or complainant, unless the board by administrative
6 regulation authorizes the filing of anonymous complaints. Any such authorizing
7 administrative regulation shall require that an anonymous complaint or grievance be

10 exists that the complaint or grievance is meritorious.

11 (7) Every state licensing board shall cooperate to the maximum extent permitted by law
12 with all state, local, and federal law enforcement agencies, and all professional
