 14 under reciprocal agreements whereby the department shall receive similar or useful
 15 information in return.

16 (4) Access to and inspection of information received from the Internal Revenue Service
 17 is for department use only, and is restricted to tax administration purposes.

10 ➔Section 6. KRS 141.4242 is amended to read as follows:

11 (1) (a) For taxable years beginning after December 31, 2007, **but before January 1,**
12 **2023,** an ethanol producer shall be eligible for a nonrefundable tax credit
13 against the taxes imposed by KRS 141.020 or 141.040 and 141.0401 in an
14 amount certified by the department under subsection (3) of this section. The
15 credit rate shall be one dollar (\$1) per ethanol gallon produced, unless the total
16 amount of approved credit for all ethanol producers exceeds the annual
17 ethanol tax credit cap. If the total amount of approved credit for all ethanol
18 producers exceeds the annual ethanol tax credit cap, the department shall
19 determine the amount of credit each ethanol producer receives by multiplying
20 the annual ethanol tax credit cap by a fraction, the numerator of which is the
21 amount of approved credit for the ethanol producer and the denominator of
22 which is the total approved credit for all ethanol producers.

23 (b) The credit allowed under paragraph (a) of this subsection shall be applied both
24 to the income tax imposed under KRS 141.020 or 141.040 and to the limited
25 liability entity tax imposed under KRS 141.0401, with the ordering of credits
26 as provided in KRS 141.0205.

27 (2) The credit provided under subsection (1) of this section shall not be carried forward

1 to a return for any other period.

2 (3) Each ethanol producer eligible for the credit provided under subsection (1) of this
3 section shall file an ethanol tax credit claim for ethanol gallons produced in this
4 state on forms prescribed by the department by January 15 following the close of
5 the preceding calendar year. The department shall determine the amount of the
6 approved credit based on the amount of ethanol produced in this state during the
7 preceding calendar year and shall issue a credit certificate to the ethanol producer by
8 April 15 following the close of the preceding calendar year.

9 (4) In the case of an ethanol producer that has a fiscal year end for purposes of
10 computing the tax imposed by KRS 141.020, 141.040, and 141.0401, the amount of
11 approved credit provided under subsection (1) of this section shall be claimed on
12 the return filed for the first fiscal year ending after the close of the preceding
13 calendar year.

14 ➔Section 7. KRS 141.4244 is amended to read as follows:

15 (1) (a) For taxable years beginning after December 31, 2007, **but before January 1,**

18 an amount certified by the department under subsection (3) of this section.
19 The credit rate shall be one dollar (\$1) per cellulosic ethanol gallon produced,
20 unless the total amount of approved credit for all cellulosic ethanol producers
21 exceeds the annual cellulosic ethanol tax credit cap. If the total amount of
22 approved credit for all cellulosic ethanol producers exceeds the annual
23 cellulosic ethanol tax credit cap, the department shall determine the amount of
24 credit each cellulosic ethanol producer receives by multiplying the annual
25 cellulosic ethanol tax credit cap by a fraction, the numerator of which is the
26 amount of approved credit for the cellulosic ethanol producer and the
27 denominator of which is the total approved credit for all cellulosic ethanol

1 producers.

2 (b) The credit allowed under paragraph (a) of this subsection shall be applied both
3 to the income tax imposed under KRS 141.020 or 141.040 and to the limited
4 liability entity tax imposed under KRS 141.0401, with the ordering of credits
5 as provided in KRS 141.0205.

6 (2) The credit provided under subsection (1) of this section shall not be carried forward
7 to a return for any other period.

8 (3) Each cellulosic ethanol producer eligible for the credit provided under subsection
9 (1) of this section shall file a cellulosic ethanol tax credit claim for cellulosic
10 ethanol gallons produced in this state on forms prescribed by the department by
11 January 15 following the close of the preceding calendar year. The department shall
12 determine the amount of the approved credit based on the amount of cellulosic
13 ethanol produced in this state during the preceding calendar year and shall issue a
14 credit certificate to the cellulosic ethanol producer by April 15 following the close
15 of the preceding calendar year.

16 (4) In the case of a cellulosic ethanol producer that has a fiscal year end for purposes of
