21 "A. Purpose. It is the intention of the legislature in creating these five  
22 different types of tax credits: a credit for qualified production expenditures made  
23 from investments in a state-certified musical or theatrical production; a credit for the  
24 construction, repair, or renovation of facilities related to such productions and  
25 performances; ~~a credit for qualified transportation costs for performance-related~~  
26 ~~property~~; a credit for the payroll of Louisiana residents employed in connection with  
27 a state-certified musical or theatrical production; and a credit for employing college,  
28 university, and vocational-technical students employed in connection with a state-  
29 certified musical or theatrical production, to establish and promote Louisiana as one  
30 of the primary places in the United States in which live performances, from creation  
31 to presentation are present and thriving. The live performance industry will enhance  
32 economic development because it fits well with the state's reputation as a tourist  
33 destination, will offer numerous and varied employment opportunities, and in  
34 conjunction with the available federal and state incentives, will be an attraction for  
35 new and relocating businesses and will provide for the reinventing of countless  
36 abandoned properties as either performance or rehearsal spaces. The live  
37 performance industry will also spur educational development: Louisiana colleges,  
38 universities, and vocational-technical schools will be able to offer talented  
39 undergraduate and graduate students from this state, other states, and around the

1 world a real-world opportunity to participate in degree programs across the state that  
2 work on the various productions in accounting, law, management, and marketing and  
3 to fill arts-related positions such as actors, writers, producers, stagehands, and  
4 directors, as well as technicians working on all aspects of the production such as  
5 lighting, sound, and actual stage production and operations.

6 B. Definitions. For the purposes of this Section:

20 ~~infrastructure facility, represent legitimate expenditures for the actual costs or related~~  
21 ~~goods or services, having economic substance and a business purpose related to the~~  
22 ~~certified production or facility, and not constructive dividends, self-dealing, inflated~~  
23 ~~prices or similar transactions entered into for the purpose of inflating the amount of~~  
24 ~~tax credits earned rather than for the benefit of the production or facility.~~

48 component of such facility, a new or rehabilitated proscenium or black-box theatre  
49 infrastructure project located in the state and any expenditures in the state directly  
50 related to the construction, repair, or renovation of such project, which are certified,  
51 verified, and approved as provided for in this Section. The primary purpose of the  
52 proposed facility must be to host live performances and must have a minimum

7 the recording or filming of such production, which originate, are developed, or have  
8 their initial public performance before an audience within Louisiana, or which have  
9 their United States debut within Louisiana, and the production expenditures,  
10 expenditures for the payroll of residents, ~~transportation expenditures,~~ and  
11 expenditures for employing college and vocational-technical students related to such  
12 production or productions, that are certified, verified, and approved as provided for  
13 in this Section. Non-qualifying projects include, but are not limited to non-touring  
14 music and cultural festivals, industry seminars, ~~and trade shows, and any production~~  
15 activity taking place outside the state.

32 ~~(b) "Transportation expenditures" shall not include any costs to transport~~  
33 ~~property and equipment to be used only for filming and not in a state-certified~~  
34 ~~production, any indirect costs, any expenditures that are later reimbursed by a third~~  
35 ~~party, or any amounts that are paid to persons or entities as a result of their~~
