

RÉSUMÉ DIGEST

ACT 254 (HB 612)

2019 Regular Session

Abraham

Existing law requires all applicants for enrollment in the Firefighters' Retirement System to have a physical examination.

New law establishes the governing standard of physical evaluations required for membership in the system and prohibits enrolling an employee in the system until his employer certifies that he has completed an exam that meets the standard. Authorizes the system's board of trustees to waive the requirements of new law for any employer or employee.

Effective August 1, 2019.

(Amends R.S. 11:2270(A))
