DIGEST

SB 119 Original

2019 Regular Session

Colomb

Proposed law defines palliative care as person-centered, family-focused care that provides a patient with relief from the symptoms, pain, and stress of a serious illness. Proposed law provides that palliative care is appropriate for a patient of any age and at any stage of a serious illness and can reduce medical costs and patient recovery time when provided by an interdisciplinary team of physicians, nurses, social workers, and other healthcare specialists in order to provide an additional source of support to a patient with a serious illness.

Proposed law establishes the Palliative Care Interdisciplinary Advisory Council to study and make recommendations to the secretary and the legislature regarding the availability of patient-centered and family-focused palliative care in this state. Proposed law provides that the secretary shall call the first meeting and that the council shall meet at least twice a year.

Proposed law provides that the department shall provide staff support for the council and shall post notices and materials regarding the council on its website.

Proposed law provides that council members shall have at least two years of experience providing individual or interdisciplinary palliative care to pediatric, youth, or adult populations in inpatient, outpatient, or community settings and shall include four physicians, three nurses, one palliative care program administrator, one social worker, one pharmacist, one spiritual care advisor, one insurance administrator, three patient and family advocates, and the secretary of the Louisiana Department of Health.

Proposed law provides for analysis of information regarding palliative care to be included in recommendations to the secretary and the legislature and for the creation of an educational initiative, including the addition of such information on the department's website. Proposed law provides for a report to the legislature on February 1st of each year.

Proposed law terminates on March 31, 2022, unless reauthorized by the legislature.

Effective August 1, 2019.
