Provides relative to administrative rule approval process applicable to school readiness tax credits. (8/1/18)

Present law authorizes the Department of Education to utilize the emergency rule making process for the first set of rules on school readiness tax credits. Requires that the agency provide written notice of intent to publish the rule subject to approval by the Senate Committee on Revenue and Fiscal Affairs and the House Ways and Means Committee; requires rules to become effective if committee action is not taken within 60 days of publication.

Proposed law retains provisions that rules be adopted prior to December 1st of the calendar year preceding application and clarifies that in addition to approval of the oversight committees, rules are also subject to oversight by the Senate Committee on Revenue and Fiscal Affairs and the House Ways and Means Committee. Removes requirement that the Department make recommendations by 1/1/2015 on alignment to early childhood care letter grades.
