EXPENDITURE EXPLANATION

Proposed resolution will result in a nominal increase in expenditures associated expense reimbursements for certain members of the task force and workload within the LA Department of Revenue (LDR). Proposed resolution requires the task force, comprised of 13 members, to meet during FY 21 to study and make recommendations to minimize employee misclassification as well as report findings and recommendations to the legislature. Proposed resolution requires that members of the task force shall serve without compensation, except for expense reimbursement to which they may be individually entitled as members of the agencies they represent. As there are six state employee designees to the proposed task force, any expense reimbursements are expected to be nominal at most. Proposed resolution requires LDR to provide staff support to the task force utilizing existing personnel. While there may be costs for the LDR to conduct such meetings and workload adjustments to prepare a final report, they are not expected to be material and the department will be able to absorb such costs within the existing operating budget.

REVENUE EXPLANATION
