HB No. 111

Abstract: Authorizes the governing authority of Orleans Parish to levy an additional ad valorem tax for fire protection and an additional ad valorem tax for police protection, each not to exceed an additional one mill.

Present constitution authorizes the governing authority of a parish to levy an ad valorem tax for general purposes not to exceed four mills. However, for Orleans Parish the maximum is seven mills. Proposed constitutional amendment retains present constitution.

Present constitution, in addition to any other millage otherwise authorized, authorizes the governing authority of Orleans Parish to levy an additional ad valorem tax for fire protection not to exceed five mills, and an additional ad valorem tax for police protection not to exceed five mills.

Proposed constitutional amendment increases the millages that Orleans Parish is authorized to levy for such purposes to six mills for fire protection and six mills for police protection. Also eliminates the provision providing that the millage rates for such additional ad valorem taxes may not be increased. Otherwise retains present constitution.

Proposed constitutional amendment requires that the revenues generated by the fire and police millages be used solely for police and fire protection service enhancements that directly contribute to the safety of the residents of Orleans Parish.

Proposed constitutional amendment requires that any additional ad valorem tax authorized by the proposed constitutional amendment shall be levied only if approved by a majority of the electors of Orleans Parish who vote on a proposition authorizing the additional tax at an election held for that purpose.

Provides for submission of the proposed amendment to the voters at the statewide election to be held November 4, 2014.

(Amends Const. Art. VI, §26(E))
