Abstract: Adds an optional \$100 pharmacy education support fee at license renewal for pharmacists and pharmacies and dedicates proceeds of the fee to an accredited school of pharmacy of a public university in La.

Proposed law provides that, in addition to any other fee authorized by present law, the Louisiana Board of Pharmacy (board) shall assess a fee of \$100 on annual renewals of pharmacist licenses and pharmacy permits. Provides that the additional \$100 fee be designated as the "pharmacy education support fee". Requires the board to include on each license or permit renewal form issued to a pharmacist or pharmacy an optional election whereby the person or pharmacy may elect not to remit this additional fee.

Proposed law provides that all proceeds of the fee shall be dedicated and allocated to an accredited school of pharmacy of a public university in this state. Requires the board to disburse all monies collected pursuant to proposed law to the public university pharmacy school on or before April 1 annually.

Proposed law requires that the university receiving the proceeds of the fee utilize the monies solely for the benefit of its pharmacy education program. Provides that the expenditure of such funds shall be approved by the board of supervisors of the university system of which the university is a member.

Proposed law stipulates that the funds collected pursuant to proposed law shall be in addition to any other monies received by the university that operates the pharmacy school; and that such funds are intended to supplement and not replace, displace, or supplant any other funds that the university receives from the state or from any other source.
