HB No. 237

Abstract: Provides that the person performing the examination or analysis of physical evidence is authorized to make proof of examination and analysis and deletes provisions requiring the person in charge of the facility to make such proof.

Present law provides that all criminalistics laboratories and all coroners, forensic pathologists, and other persons, partnerships, corporations, and other legal entities practicing in fields of knowledge and expertise in the gathering, examination, and analysis of evidence by scientific means are authorized to make proof of examination and analysis of physical evidence by the certificate of the person in charge of the facility in which such examination and analysis is made.

Proposed law changes present law to authorize the person making the examination or analysis to certify that the examination or analysis was conducted.
