2016 Regular Session

Leger

Abstract: Provides that the powers of the higher education management boards are subject to the power and policies of the Bd. of Regents.

Present constitution establishes the Bd. of Regents to plan, coordinate, and have budgetary responsibility for all public postsecondary education. Specifies the board's powers, duties, and responsibilities.

Present constitution creates the Bd. of Supervisors for the University of La. System, the Bd. of Supervisors of LSU and Agricultural and Mechanical College, and the Bd. of Supervisors of SU and Agricultural and Mechanical College all having supervision and management of certain "four-year" colleges and universities and, in the case of the LSU and SU boards, statewide agricultural programs and other programs administered through their systems. Present constitution creates and provides for the Bd. of Supervisors of Community and Technical Colleges, which is the management board for "two-year" colleges. Proposed constitutional amendment retains present constitution.

Present constitution provides that powers of management over public institutions of postsecondary education not specifically vested by present constitution in the Bd. of Regents are reserved to the management boards. Proposed constitutional amendment provides instead that the management boards are responsible for daily operations of the institutions

and that the exercise of such responsibility is subject to powers and policies of the Bd. of Regents.

Provides for submission of the proposed amendment to the voters at the statewide election to be held Nov. 8, 2016.

(Amends Const. Art. VIII, §5(E))
