HB No. 557

Abstract: Provides relative to terms of leases that are transferred to the state from other parties.

Proposed law provides that present law, relative to leases on public lands, shall apply to any lease on property that was donated to the state, through the DWF, prior to June 1, 2011. Provides that the leases in existence at the time of the donation shall be transferred to the state. Further provides that prior to renewal, the rental payments on the leases shall be increased by an amount equal to the CPI increase for the 10-year period from 2001 to 2010.

Present law authorizes the commissioner or secretary who is the lessor of state land to make the determination that it is beneficial to the state to continue to lease to a current lessee and provide that lessee, if he made a bid on the lease, the opportunity to match the high bid on a new lease at the end of a lease term. Proposed law applies present law to leases transferred to the state from another party.
