23 ~~provided that any member may, within one year from the date of issuance or~~
24 ~~modification of such certificate, request the board of trustees to modify or correct his~~
25 ~~prior service certificate.~~

26 ~~B. When membership ceases, such prior service certificate shall become null~~
27 ~~and void. Should the employee again become a member of the system, he shall enter~~
28 ~~the system as an employee not entitled to prior service credit, unless he is granted a~~

10 annual leave to retirement credit, they wish to be paid for such leave in a lump sum
11 for the amount of leave that could otherwise be converted to retirement credit.
12 Alternatively, such member who has unused sick leave or unused annual leave that
13 if converted to retirement credit would exceed one hundred percent of the member's
14 average compensation shall be entitled to be paid for such leave in excess of one
15 hundred percent of average compensation at its actuarial value as if it were converted

19 retirement system's actuary. The cost for such actuarial determination shall be paid
20 by the member. Payment shall be made only upon retirement.

21 (3) For members hired on or after July 1, 2011, unused sick and annual leave

18 ~~years, or any member who has completed at least twelve years of creditable service~~
19 ~~and has attained the age of fifty-five years, shall be entitled to retire from service and~~
20 ~~upon such retirement shall be paid a retirement allowance equal to three and~~

25 ~~accrual rate when earned, if different, of their average final compensation multiplied~~
26 ~~by their years of creditable service, not to exceed one hundred percent of their final~~
27 ~~salary, if they meet one of the following retirement eligibility options:~~

11 eligible for a regular retirement benefit under Item (iii) or (v) of this Subparagraph
12 if he had continued in service to that age. Any member retiring under this Paragraph
13 who is out of covered service at the time of his retirement shall have his benefit
14 actuarially reduced from the earliest age that he would normally become eligible for
15 a regular retirement benefit under Item (iii) or (v) of this Subparagraph based upon
16 his years of service as of the date of retirement. Any employee who elects to retire
17 under the provisions of this Paragraph shall not be eligible to participate in the
18 Deferred Retirement Option Plan or the Initial Benefit Option.

19 (iii) Twenty-five years at any age.

3 of fifty will have their retirement actuarially reduced by the number of years needed
4 to reach age fifty.

5 (b) Any member hired before July 1, 2011, who has completed ten or more
6 years of creditable service or any member hired on or after July 1, 2011, who has
7 completed twelve or more years of creditable service, with less than thirty years of
8 creditabile service, shall be entitled to leave his contributions in the retirement system
9 and remain a member, and shall be entitled to a retirement benefit beginning at the
10 age for which he qualified based on his years of creditable service. Any member
11 who leaves with less than the prescribed number of years of service as set out in this
12 Subpart shall be paid the balance of his employee contributions upon termination.

13 (2) Survivor benefits.

14 Benefits shall be payable to survivors of a deceased member, with at least
15 five years of creditable service, who dies before retirement as specified in the
16 following:

17 (a) If a member with twelve or more years of creditable service dies while
18 employed and leaves a surviving spouse he will be deemed to have exercised
19 retirement Option 2 on the date of death. The benefit is payable for the life of the
20 surviving spouse, regardless of remarriage. This Subparagraph shall be effective on
21 July 1, 2011, and thereafter.

22 (b) If a member dies with ten or more years of service but less than twelve
23 years of service, the benefit is paid as follows:

24 ~~(a)~~(i) The surviving eligible ~~widow~~ spouse without children shall be paid
25 monthly benefits equal to forty percent of the average final compensation of the
26 member prior to his death; however, if the surviving spouse remarries, such benefits
27 shall cease.

28 ~~(b)~~(ii) The surviving eligible ~~widow~~ spouse of a deceased member who dies
29 leaving one or more children under eighteen years of age shall be paid monthly

1 benefits equal to forty percent of the average final compensation of the member prior
2 to his death plus the greater of two hundred dollars per month per child or ten percent
3 of the average final compensation of the member prior to his death per child up to
4 a combined maximum of sixty percent of the average final compensation of the
5 member prior to his death; however, if the surviving spouse remarries or the
6 surviving children reach the age of eighteen, such benefits shall cease. If the benefits
7 cease due to the latter cause the surviving widow shall thereafter receive the benefits
8 specified in Subparagraph (a) of Paragraph (2) of this Subsection.

9 ~~(e)~~(iii) If the deceased member was married and leaves surviving children
10 under eighteen years of age but no surviving ~~widow spouse~~, the surviving children
11 shall be paid monthly benefits equal to forty percent of the final average
12 compensation of the member prior to his death for one child and sixty percent of the
13 ~~average~~ final average compensation of the member prior to his death; for two or
14 more children, with a benefit to be paid until such time as the youngest child reaches
15 the age of eighteen years. Benefits shall cease for children as they reach age
16 eighteen. When there is only one surviving minor child remaining, the benefit will
17 be reduced to forty percent of the final average compensation, as adjusted for any
18 cost-of-living adjustments granted, of the member prior to his death, to be paid until
19 such time as the child reaches the age of eighteen years.

20 (c)(i) The surviving totally physically handicapped or mentally disabled
21 child or children of a deceased member, whether under or over the age of eighteen
22 years, shall be entitled to the same benefits, payable in the same manner as are
23 provided by this Part for minor children, if the totally physically handicapped or
24 mentally disabled child is totally dependent upon the surviving spouse or other legal
25 guardian and is not receiving state or federal assistance. Should it be determined that
26 the totally physically handicapped or mentally disabled child is receiving state or
27 federal assistance, then his benefit shall be reduced to an amount which, when added
28 to the state or federal assistance being received, does not exceed the maximum
29 survivor benefit payable under R.S. 11:3685(A)(2)(b).

1 (ii) The applicant shall provide adequate medical proof of handicap or
2 mental disability of such surviving child or children and shall notify the board of any
3 subsequent changes in the child's condition to such an extent that the child is no
4 longer totally dependent upon the surviving spouse or legal guardian, and any
5 changes in the assistance being received from state or federal agencies. The
6 surviving spouse or other legal guardian shall provide by May first of each calendar
7 year, a certified and notarized statement of each child's eligibility status and a report
8 of all other assistance each child receives; as soon as the child's condition or
9 assistance received changes. Should the surviving spouse or other legal guardian not
10 submit such a statement for any totally physically handicapped or mentally disabled
11 child over the age of eighteen by May first, the allowance shall be discontinued,
12 without retroactive reimbursement, until the statement is filed. Should the
13 nonsubmittal continue for the remainder of the calendar year, all rights in and to the
14 allowance shall be revoked by the board of trustees.

15 ~~(d) If a member dies leaving no surviving spouse or children, his mother~~
16 ~~and/or his father who were dependent upon him as their sole means of support shall~~
17 ~~be paid monthly benefits equal to forty percent of the average final compensation of~~
18 ~~the member prior to his death.~~

19 ~~(e)~~(d) Provided that in the case of death of any member resulting from injury
20 received in line of duty, survivors' benefits shall be paid regardless of number of
21 years of service and shall be sixty percent of his final salary payable to his widow
22 until she remarries or to his surviving children under eighteen years of age if there
23 is no eligible surviving widow; or to his surviving parents if there is no eligible
24 surviving widow or child.

25 ~~(f) Whenever a disability retiree dies, his or her survivor shall be paid a~~
26 ~~one-time lump sum benefit equal to six times the value of the monthly benefit~~
27 ~~payments being received by the retiree at the time of death.~~

28 (3)(a) Should a member cease to be an employee except by death or
29 retirement under the provisions of this Subpart, he shall be paid the amount of the

1 accumulated contributions standing to the credit of his individual account. Should
2 a member die before retirement and not be entitled to survivors' benefits, the amount
3 of his accumulated contributions standing to the credit of his individual account shall
4 be paid to his estate or to such person as he shall have nominated by written
5 designation, duly executed and filed with the Board of Trustees.

6 (b) Should a retired member die, without having received in retirement
7 benefits an amount equal to his accumulated contributions standing to his credit at
8 the date of his retirement, and leave no eligible survivors, any balance remaining to
9 his credit shall be paid to his designated beneficiary or, if none, his estate.

10 ~~B. The provisions of this Subsection shall apply to those persons enrolled in~~
11 ~~the deferred retirement option plan prior to July 1, 1995.~~

12 ~~(1) In lieu of terminating employment and accepting a service retirement~~
13 ~~under this Subpart, any member of this system who has not less than twenty years~~
14 ~~of creditable service and who is eligible to receive a service retirement allowance~~
15 ~~may elect to participate in a deferred retirement option plan as provided for below~~
16 ~~and defer the receipt of benefits in accordance with the provisions of this Section.~~

17 ~~(2) For purposes of this Section, creditable service shall not include service~~
18 ~~credit reciprocally recognized under R.S. 11:142.~~

19 ~~(3) The duration of participation in the plan shall be specified and shall not~~
20 ~~exceed five years.~~

21 ~~(4) A member may participate in the plan only once.~~

22 ~~(5) Upon the effective date of the commencement of participation in the~~
23 ~~plan, active membership in the system shall terminate. Employer contributions shall~~
24 ~~continue to be payable by the employer during the member's participation in the~~
25 ~~plan, but payment of employee contributions shall cease upon the effective date of~~
26 ~~the member's commencement of participation in the plan. For purposes of this~~
27 ~~Section, compensation and creditable service shall remain as they existed on the~~
28 ~~effective date of commencement of participation in the plan. The monthly retirement~~
29 ~~benefits that would have been payable, had the member elected to cease employment~~

1 and receive a service retirement allowance, shall be paid into the deferred retirement
2 option plan account. Upon termination of employment, deferred benefits shall be
3 payable as provided by Paragraph (B)(8):

4 ~~(6) The deferred retirement option plan account shall earn interest not to~~
5 ~~exceed two percent less than the realized rate of investment return earned by the fund~~
6 ~~for that year. A person who participates in this program shall have credited to his~~
7 ~~DROP account the same annual cost of living increase that he would have received~~
8 ~~had the member been a retiree in the system as provided in Subsection C of this~~
9 ~~Section:~~

10 ~~(7) The deferred retirement option plan account shall not be subject to any~~
11 ~~fees or charges of any kind for any purpose:~~

12 ~~(8) Upon termination of employment at the end of the specified period of~~
13 ~~participation, a participant in the program shall receive, at his option, a lump sum~~
14 ~~payment from the account equal to the payment to the account; or a true annuity~~
15 ~~based upon his account; or he may elect any other method of payment if approved~~
16 ~~by the board of trustees. In the event a member elects to receive a true annuity, or~~
17 ~~any other method of payment approved by the board of trustees, funds will be~~
18 ~~transferred from the DROP account into the Annuity Reserve Account to provide for~~
19 ~~the annuity payments:~~

20 ~~(9) If a participant dies during the period of participation in the program, a~~
21 ~~lump sum payment equal to his account balance shall be paid to his named~~
22 ~~beneficiary, or if none, to his estate:~~

23 ~~(10)(a) If employment is not terminated at the end of the period specified for~~
24 ~~participation, payments into the account shall cease:~~

25 ~~(b) Payments from the account shall not be made until employment is~~
26 ~~terminated, nor shall the monthly benefits being paid into the fund during the period~~
27 ~~of participation be payable to the individual until he terminates employment:~~

28 ~~(11)(a) If employment is not terminated at the end of the period specified for~~
29 ~~participation, he shall resume active contributing membership in the system:~~

1 (b) Upon termination of employment, the monthly benefits which were being
2 paid to the fund shall begin to be paid to him.

3 ~~(c) Upon termination of employment, he shall receive an additional~~
4 ~~retirement benefit based on his additional service rendered since termination of~~
5 ~~participation in the fund, using the normal method of computation of benefit, subject~~
6 ~~to the following:~~

7 ~~(i) If his period of additional service is less than thirty-six months, the~~
8 ~~average compensation figure used to calculate the additional benefit shall be that~~
9 ~~used to calculate his original benefit.~~

10 ~~(ii) If his period of additional service is thirty-six months or more, the~~
11 ~~average compensation figure used to calculate the additional benefit shall be based~~
12 ~~on his compensation during the period of additional service.~~

13 ~~(iii) The option used shall be that applicable to the original benefit.~~

14 ~~(iv) In no event shall the additional benefit exceed an amount which, when~~
15 ~~combined with the original benefit, equals one hundred percent of the average~~
16 ~~compensation figure used to compute the additional benefit.~~

17 € B. The provisions of this Subsection shall apply to those persons who
18 enrolled in the Deferred Retirement Option Plan on or after July 1, 1995, and who
19 were hired before July 1, 2011.

20 (1) As governed by the provisions of this Subsection, there exists as a part
21 of this retirement system, an optional account known as the Deferred Retirement
22 Option Plan, which may be cited as the "DROP".

23 (2) The provisions of this Subsection are applicable with respect to those
24 otherwise eligible members of the retirement system whose election to participate
25 in the DROP occurs on or after July 1, 1995, and who were hired before July 1, 2011.

26 (3) The purpose of the DROP is to allow, contractually, in lieu of immediate
27 termination of employment and receipt of a service retirement allowance, continued
28 employment for a ~~specified~~ period of time, coupled with the deferral of receipt of

1 retirement benefits until the end of such period of participation, at which time
2 employment is to cease.

3 (4)(a) Participation in the DROP is an option available to any member of this
4 retirement system who is eligible to retire immediately with a service retirement
5 allowance from this retirement system and has either of the following:

6 (i) Twelve years of creditable service, excluding unused sick leave, ~~and~~
7 unused annual leave, and purchased military service credit and has attained the age
8 of fifty-five.

9 (ii) At least ~~twenty-five~~ but not more than thirty years of creditable service
10 in this retirement system, including purchased military service credit and excluding
11 unused sick and annual leave, ~~in this retirement system.~~

15 employee nor employer contributions shall be payable to the retirement system.
16 Such contributions shall not be payable even if the member violates the terms of this

12 C. The provisions of this Subsection shall apply to members hired on or after
13 July 1, 2011.

14 (1)(a) In lieu of terminating employment and accepting a retirement
15 allowance, any member of this system who is eligible for regular retirement may
16 elect to participate in the DROP. For purposes of participation in the DROP,
17 "regular retirement" shall mean retirement under R.S. 11:3685(A)(1)(a)(iii) or (v).

18 (b) An election to participate in the DROP may be made only once and must
19 be for a specified period not to exceed three years. The three-year period begins
20 within sixty calendar days after the member first becomes eligible for regular
21 retirement under the retirement provisions applicable to the member. The
22 participation period shall end not more than three years from the date the member
23 first becomes eligible for regular retirement, and in no case shall the actual
24 participation in the plan exceed three years. Once specified, the period of
25 participation shall not be extended. A member participating in the DROP shall not
26 terminate participation in the DROP prior to the end of the selected duration without
27 terminating employment.

28 (c) For purposes of this plan, sick and annual leave shall not be converted for
29 purposes of establishing eligibility.

1 (2)(a) Upon the effective date of commencement of participation in the
2 DROP and during the period of participation in the DROP, neither the employee nor
3 the employer contributions shall be payable.

4 (b) For purposes of this Section, final average compensation and creditable
5 service shall remain fixed as they existed on the date of commencement of
6 participation in the DROP. Creditable service shall not include conversion of sick
7 and annual leave. Purchased military service credit shall apply as provided in R.S.
8 11:3685(A)(1)(a)(iii) and (v).

9 (c) Retirement benefits based on final average compensation and creditable
10 service as established under Subparagraph (b) of this Paragraph and which otherwise
11 would have been due the participant shall, during the period of participation in
12 DROP, be credited to the participant's DROP subaccount.

13 (d) Individuals who participate in the plan shall not receive the benefit of any
14 cost-of-living adjustments granted while employed and for a period of one year
15 following termination of employment and then such cost-of-living adjustment shall
16 only be granted in accordance with R.S. 11:3685(D).

17 (3)(a) The DROP shall be a part of the system fund.

18 (i) The contributing period shall mean that time period during DROP
19 participation when retirement funds are being credited to the participant's DROP
20 subaccount maintained by the system.

21 (ii) The investment period shall mean the period of time after the
22 contributing period ends through the end of employment.

23 (b)(i) Management of the DROP funds shall be by the system during the
24 contributing period.

25 (ii) At the end of the contributing period, the balance of the subaccount shall,
26 at the election of the participant prior to participation in the plan, be transferred to
27 either the self-directed subaccount or to a system subaccount, maintained and
28 managed by the system, in accordance with the terms in this Section. The

1 participant's election shall be irrevocable. If no election is made, the participant shall
2 be deemed to have elected to enter the self-directed portion of the plan.

3 (iii) Both subaccounts shall be within the DROP established pursuant to this
4 Section. If the funds are transferred to the self-directed subaccount for the
5 investment period, the system is authorized to hire a third-party provider who shall
6 be an agent of the system for purposes of investing balances in the self-directed
7 subaccounts of the participants.

8 (c) The system or the third-party provider shall maintain the DROP
9 subaccounts within this plan reflecting the credits attributed to each participant in the
10 plan during the contributing and investment periods as applicable. All monies in the
11 DROP subaccounts, while the participant is employed, shall remain a part of the
12 fund, regardless of in which subaccount the monies are maintained, until disbursed
13 to a participant in accordance with the plan provisions upon termination of
14 employment.

15 (d) Interest shall not be credited to a participant's DROP subaccount during
16 the contributing period. All amounts which remain credited to the individual's
17 DROP subaccount after termination of participation in the plan and employment
18 shall be disbursed as provided in R.S. 11:3685(C)(a)(i).

19 (4)(a) Upon termination of participation in both the DROP and employment,
20 a participant shall:

21 (i) At the participant's option, receive either a lump sum payment equal to
22 the amount then credited to his individual DROP subaccount, or a life annuity based
23 on his individual DROP subaccount balance, or any other method of payment that
24 is approved by the board, and

25 (ii) Begin to receive regular monthly retirement benefits based on the
26 retirement option selected at the time of election to participate in the DROP, as
27 adjusted pursuant to Subparagraph (d) of this Paragraph.

28 (b) Upon termination of participation in the DROP but not employment,
29 credits to the DROP subaccount shall cease and no retirement benefits shall be paid

1 to the participant until employment is terminated. If the participant chooses to enter
2 the self-directed portion of the plan the balance in the participant's DROP subaccount
3 shall be placed in a self-directed subaccount in the name of the participant as
4 provided for in R.S. 11:3685(H), and the participant shall then be bound by the
5 provisions of such Subsection. If the participant chooses not to enter the
6 self-directed portion of the plan, the balance in the participant's subaccount shall be
7 maintained and managed by the system in a separate subaccount in his name, subject
8 to the provisions of R.S. 11:3685(C)(4)(b)(i) through (iii). No payment shall be
9 made based on credits in either subaccount until employment is terminated as
10 defined in this Section. The participant may continue employment after termination
11 of participation in DROP for the sole purpose of accruing a supplemental benefit,
12 and employer and employee contributions shall be made during this period of
13 continued employment after DROP.

14 (i) Any individual who becomes eligible to participate in DROP may make
15 an irrevocable written election to waive his rights as set forth in Article X, Section
16 29 of the Constitution of Louisiana, relative to the interest earned by his DROP
17 subaccount. For any such person who has made such irrevocable election and who
18 continues employment after DROP, upon termination of participation in the DROP,
19 his individual DROP subaccount balance in the plan, if managed by the system, shall
20 earn interest on those funds at a rate equal to the actuarial rate of return on the
21 system's portfolio for each fiscal year as certified by the system's actuary in the
22 actuarial report, less one-half of one percent. However, by making such an election,
23 the person shall expressly acknowledge that his account shall be debited in the event
24 the system's investment portfolio experiences a negative earnings rate. The member
25 shall further expressly acknowledge his consent to having the value of his account
26 balance permanently reduced as a result of the devaluation of system assets caused
27 by such a negative earnings rate. As a precondition of making this election, the
28 member shall expressly acknowledge his understanding of the possibility of such
29 account reductions.

1 (ii) Any individual who does not elect to waive his rights pursuant to
2 Subparagraph (a) of this Paragraph shall have the funds in his DROP account
3 governed by the provisions applicable to participants in the self-directed portion of
4 the plan.

5 (iii) The board of trustees may make, alter, amend, and promulgate rules
6 necessary for the implementation and administration of this Paragraph.

7 (c) If the participant dies, whether still participating in DROP or after
8 participation but while still employed, his credits and benefits, if any, that are due to
9 his beneficiaries shall be payable as if he had retired immediately prior to death and
10 his retirement was in accordance with the R.S. 11:3687 option selected.

11 (d) Monthly retirement benefits payable to a participant after termination of
12 participation in DROP and termination of employment shall be calculated as follows:

13 (i) There shall be a "base benefit" which shall equal the participant's monthly
14 credit to the DROP subaccount as calculated at the time of the participant's entry into
15 DROP.

16 (ii) If the participant does not continue employment after termination of
17 participation in DROP, his monthly retirement benefit shall equal his base benefit.

18 (iii) If the participant continues employment after termination of
19 participation in the DROP for a period of less than sixty months, his monthly
20 retirement benefit shall equal his base benefit plus a supplemental benefit based upon
21 the service credit for the additional employment, and based upon the final average
22 compensation used to calculate the monthly credit to the DROP subaccount.

23 (iv) If the participant continues employment after termination of
24 participation in the DROP for a period of sixty months or more, his monthly
25 retirement benefit shall equal his base benefit plus a supplemental benefit based upon
26 the service credit for the additional employment, and based upon the final average
27 compensation for the period of employment after termination of participation in the
28 DROP.

1 (v) The amount of unused sick and annual leave at the time of termination
2 may be converted to retirement credit under the provisions of R.S. 11:3684(B)(1).
3 If a participant continues employment for less than five years after termination of
4 participation in the DROP, then unused sick and annual leave shall be used to
5 compute a supplemental benefit using the member's final average compensation as
6 provided in Item (i) of this Section. If a participant continues employment for more
7 than five years after termination of participation in the DROP, then unused sick and
8 annual leave shall be used to compute a supplemental benefit using the member's
9 final average compensation as provided in Paragraph (C)(d)(d)(iv) of this Section.

10 (vi) In no instance shall a supplemental benefit and a base benefit, added
11 together, exceed one hundred percent of the applicable final average compensation.

12 (5) Once participation in the DROP commences, the election to participate
13 is irrevocable and the term of participation may not be extended. Once participation
14 in the DROP commences, transfers of service, reciprocal service agreements,
15 repaying previously refunded contributions, and purchasing service credit are not
16 permitted. Only one period of participation is permitted. Final average
17 compensation and election of retirement option are fixed upon commencement of
18 participation and may not be changed after entering the DROP.

19 D.(1) The board of trustees is authorized to provide a cost-of-living increase
20 in any year when either:

21 (a) The realized investment return on ~~reserves allocated to retirees~~ assets as
22 of the most recent actuarial valuation exceeds the actuarial requirements, provided
23 that the actuarial present value of the cost-of-living benefits granted that year, valued
24 over the future lifetimes of such retirees' retirement annuities, shall not exceed the
25 aforementioned excess investment return and, effective July 1, 2011, further
26 provided that the funded ratio of the plan equals or exceeds sixty-five percent.

27 (b) The funded ratio equals or exceeds ninety percent. The "funded ratio"
28 is the funded ratio as determined under the Projected Unit Credit Actuarial Cost

1 Method within the meaning of Statement 27 of the Governmental Accounting
2 Standards Board.

3 (2) Any such cost-of-living benefits granted to a retiree shall not ~~in total~~
4 exceed three percent of the current benefit being received at the time of the granting
5 of the increase for ~~each year of retirement before the year such retiree attains~~ retirees
6 under age sixty-five on the date of the increase, and five percent for ~~each year of~~
7 ~~retirement thereafter~~ retirees aged sixty-five or older on the date of the increase.
8 ~~Such benefits shall be paid only when funds are available from this source, and~~
9 ~~payments shall be made in such manner and in such amount as may be determined~~
10 ~~by the board of trustees based on the funds available.~~

11 (3) Any adjustment to benefits for cost-of-living changes made by formal
12 action of the board of trustees as provided by this Subsection shall be considered
13 amendments to the provisions of the retirement system. If made by formal action of
14 the board of trustees, such changes must be disclosed to members of the retirement
15 system.

16 (4) Cost-of-living adjustments may be granted each January first after at
17 least a full year has elapsed after the member has terminated employment and
18 benefits began, subject to the limitations contained herein.

19 (5) All members hired on or after July 1, 2011, must also be age sixty or
20 older on June thirtieth of the year that a cost-of-living adjustment is approved by the
21 trustees in order to qualify for the cost-of-living adjustment.

22 E. The benefits provided in this Section shall not be retroactive to any
23 period. ~~Further adjustments in benefits may be made each January first after at least~~
24 ~~a full year has elapsed after benefits began, subject to the limitations contained~~
25 ~~herein.~~ Effective July 1, 2011, all increases in benefits affecting this system will be
26 applied only to years of service subsequent to the effective date of the increase unless
27 stated otherwise in the Act. Statutory changes in benefits do not apply to members
28 who have already retired.

1 F. Automatic cost-of-living adjustments. This provision is effective July 1,
2 2011.

3 (1)(a) Upon application for retirement or participation in the DROP, any
4 member may elect to receive an actuarially reduced retirement allowance plus an
5 annual two and one-half percent cost-of-living adjustment. Such an election shall
6 be irrevocable after the effective date of retirement or after the beginning date of
7 participation in the DROP. The retirement allowance together with the cost-of-living
8 adjustment shall be certified by the system actuary to be actuarially equivalent to the
9 member's maximum or optional retirement allowance and shall be approved by the
10 system's board of trustees.

11 (b) The annual cost-of-living adjustment of such retirees shall be based on
12 the retirement allowance received pursuant to the retirement plan option selected by
13 the member and the monthly benefit being paid pursuant thereto on the effective date
14 of the increase, inclusive of cost-of-living adjustments paid pursuant to this Section,
15 but exclusive of cost-of-living adjustments or permanent benefit increases paid
16 pursuant to any other provision of law. Cost-of-living adjustments granted under
17 Subsection D of this Section are not to be included in the calculation of the annual
18 cost-of-living adjustment.

19 (c)(i) The annual cost-of-living adjustment of any DROP participant shall
20 be credited to the participant's DROP subaccount during the participation period.

21 (ii) Following participation in the DROP, the annual cost-of-living
22 adjustment shall be applied to the monthly benefit allowance amount determined by
23 the retirement plan option selected, inclusive of cost-of-living adjustments paid
24 pursuant to this Section, but exclusive of cost-of-living adjustments or permanent
25 benefit increases paid pursuant to any other provision of law. Cost-of-living
26 adjustments granted under Subsection D of this Section are not to be included in the
27 calculation of the annual cost-of-living adjustment. The monthly benefit allowance
28 upon retirement shall reflect the annual benefit adjustments set forth in this
29 Paragraph.

1 (iii) Upon retirement of a DROP participant, the annual cost-of-living
2 adjustment shall also be applied to any supplemental benefit earned after the
3 participation period in accordance with applicable law.

4 (d) If a retiree or DROP participant has chosen an optional retirement
5 allowance wherein a spouse who has been designated as beneficiary will receive a
6 continuing benefit upon the retiree's or DROP participant's death, the spouse's annual
7 cost-of-living adjustment shall be payable based on the spouse's allowance on the
8 effective date of the increase. A non-spouse beneficiary will not receive the annual
9 cost-of-living adjustments.

10 (2) The annual cost-of-living adjustment authorized by Subparagraph (1)(a)
11 of this Subsection shall be effective annually on the retirement anniversary date of
12 the retiree and shall be payable to any retiree who is age fifty-five or older on the
13 anniversary date and not before the retiree would have attained such age on his
14 retirement anniversary date if his spouse is receiving the retirement allowance as his
15 designated beneficiary.

16 (3) Additional cost-of-living adjustments or permanent benefit increases
17 granted by the system's board of trustees, as otherwise provided by law, shall be
18 computed on the basis of the retiree's benefit amount on the date such cost-of-living
19 adjustment or permanent benefit increase is granted. If an additional cost-of-living
20 adjustment or permanent benefit increase is scheduled to be effective on the same
21 day as the annual cost-of-living adjustment, the annual cost-of-living adjustment
22 shall be calculated first.

23 (4) Upon application for retirement or participation in the DROP and upon
24 certifying that he is contemplating availing himself of the provisions of this Section,
25 a member may request that the system provide actuarial estimates of the benefits that
26 such member would receive pursuant to this Subsection of this Section for the fifth,
27 tenth, and fifteenth year following the member's anticipated retirement date. The
28 system shall provide such actuarial estimates to the member upon request.

1 G. Initial benefit option.

2 This provision is effective July 1, 2011.

3 (1) The initial benefit option provided in this Subsection is available to a
4 member who has not participated in the DROP provided in this Chapter and who
5 selects the maximum benefit or one of the options in R.S. 11:3687(A)(2), (3), (4),
6 (5), (6), or (7) and, if this initial benefit option is selected, the person shall thereafter
7 be ineligible to participate in the DROP.

8 (2) If a member selects the initial benefit option provided in this Subsection,
9 the member shall receive an initial benefit plus a reduced monthly retirement
10 allowance, provided the initial benefit together with the reduced monthly retirement
11 allowance shall be actuarially equivalent to his maximum retirement allowance.

12 (3) The amount of the initial benefit, as determined by the member, shall not
13 exceed an amount equal to thirty-six payments of the member's maximum retirement
14 allowance.

15 (4) The initial benefit shall, at the option of the member, be paid as a
16 lump-sum payment or shall be placed in an account in accordance with R.S.
17 11:3685(H).

18 (5) The monthly retirement benefit received by the retiree and the
19 beneficiary or survivor shall be based on the amount otherwise payable under the
20 retirement option selected that is actuarially reduced by an amount calculated to
21 offset the cost of the initial benefit.

22 (6) If a change in option selection is allowed under the provisions of R.S.
23 11:3687(A)(3), (5), or (6) with a similar pop-up provision, or R.S. 11:3687(F), the
24 monthly benefit payable under those provisions shall be actuarially reduced in
25 accordance with the provisions of this Paragraph.

26 (7) A person who retires under the provisions of disability retirement may
27 not select the initial benefit option.

28 (8) Cost-of-living adjustments or permanent benefit increases granted by the
29 board of trustees to retirees who select the initial benefit option shall be computed

1 on the basis of each retiree's regular monthly retirement benefit or on the basis of
2 each beneficiary/survivor's benefit based on the option selected as reduced and shall
3 not be computed on the initial benefit received.

4 H. Self-directed DROP participants' subaccounts.

5 This provision is effective for members hired on or after July 1, 2011.

6 (1) Each participant who at his option continues employment after
7 participation in the contribution period of the DROP may have the balance of his
8 subaccount as of the end of the contribution period transferred to a subaccount to be
9 managed by a third-party provider selected in accordance with R.S. 11:3685(H)(5)
10 in accordance with the agreement entered into by the system and the third-party
11 provider. Each participant who terminates employment, as defined herein, after the
12 contribution period may at his option participate in the self-directed plan under the
13 same conditions.

14 (2) Each participant in the self-directed portion of this plan agrees that the
15 benefits payable to participants are not the obligations of the state of Louisiana, the
16 Harbor Police Retirement System, or the Board of Commissioners of the Port of New
17 Orleans and that any returns and other rights of the plan are the sole liability and
18 responsibility of the participant and the designated provider to which contributions
19 have been made. Furthermore, each such participant, in accordance with this
20 provision, shall expressly waive his rights set forth in Article X, Section 29(A) and
21 (B) of the Louisiana Constitution as it relates to his subaccount in the self-directed
22 portion of the plan.

23 (3) By participating in the self-directed portion of the plan, the participant
24 agrees that he and the provider shall be responsible for complying with all applicable
25 provisions of the Internal Revenue Code, and if any violation of that code occurs as
26 a result of the participant's participation in this portion of the plan, it will be the
27 responsibility and liability of the participant and the provider and not the state of
28 Louisiana, the Harbor Police Retirement System, or the Board of Commissioners of
29 the Port of New Orleans.

1 (4) There shall be no liability on the part of, and no cause of action of any
2 nature shall arise against, the state of Louisiana, the Harbor Police Retirement
3 System, the Board of Commissioners of the Port of New Orleans, or their agents or
4 employees, for any action taken by the participants for choices the participants make
5 in relationship to the funds they choose to place in their subaccount balance.

6 (5) Selection of providers

7 The Board of Trustees of the Harbor Police Retirement System shall select
8 a provider which will be authorized to place the DROP participant's subaccount
9 balance, after the DROP participation ends, in products that shall be selected by the
10 participant. In selecting a provider, the board shall consider, among other things, the
11 following:

12 (a) The tax status of the products.

13 (b) The portability of the products offered by the provider.

14 (c) The types and diversity of products offered by the provider.

23 (7) Renunciation; retirement benefit or allowance.

24 The Harbor Police Retirement System is hereby authorized to promulgate
25 rules and regulations in accordance with the Administrative Procedure Act to permit
26 the irrevocable renunciation of a retirement benefit or allowance. If such rules and
27 regulations are adopted, any renunciation thereunder shall be deemed to be made
28 pursuant to this Section.

4 (2) If the member is married and his spouse survives him, the designated
5 beneficiary for at least a qualified joint and survivor annuity and fifty percent of the
6 Deferred Retirement Option Plan Account shall be his spouse, unless such spouse
7 has consented to the contrary in writing before a notary public. For purposes of this
8 Paragraph, "spouse" shall mean that person who is married to the member under a

10 or effective date of participation in the DROP, whichever is earlier.

14 (2) However, the provisions of Paragraph (1) of this Subsection shall not
15 apply:

16 (a) To any portion of a member's benefit which is payable to or for the
17 benefit of a designated beneficiary, over the life of or over the life expectancy of
18 such beneficiary, provided that such distributions begin no later than one year after
19 the date of the member's death, or in the case of the member's surviving spouse, the
20 member would have attained the age of seventy years and six months. ~~If the~~
21 ~~designated beneficiary is the member's surviving spouse and if the surviving spouse~~
22 ~~dies before the distribution of benefits commences, then Paragraph (1) of this~~
23 ~~Subsection shall be applied as if the surviving spouse were the member.~~ If the
24 designated beneficiary is a child of the member, for purposes of satisfying the
25 requirement of Paragraph (1) of this Subsection, any amount paid to such child shall
26 be treated as if paid to the member's surviving spouse if such amount would become
27 payable to such surviving spouse, if alive, upon the child's reaching age eighteen or,
28 if later, upon the child's completing a designated event. For purposes of this
29 Subparagraph, a designated event shall be the later of the date the child is no longer

1 disabled or the date the child ceases to be a full-time student or attains age
2 twenty-three, if earlier.

4 §3685.2. Computation of retirement benefits

5 * * *

6 ~~B.(1) If a member is a member or participant in more than one defined~~
7 ~~benefit pension plan maintained by the state, its agencies, or its political~~
8 ~~subdivisions, then such member's benefit, considered in the aggregate after taking~~
9 ~~into account the benefits provided by all such retirement plans, shall not exceed the~~
10 ~~limitations provided in this Subsection.~~

11 ~~(2) The benefits payable with respect to a participant under any defined~~
12 ~~benefit plan shall be deemed not to exceed the limitations of Section 415(b) of the~~
13 ~~Internal Revenue Code if:~~

14 ~~(a) The retirement benefits payable with respect to such participant under~~
15 ~~such plan and under all other defined benefit plans of the employer do not exceed ten~~
16 ~~thousand dollars for the plan year or for any prior plan years.~~

17 ~~(b) The employer has not at any time maintained a defined contribution plan~~
18 ~~in which the participant participated.~~

19 The annual retirement benefit of any member of the retirement system who
20 is not a qualified participant, as defined by Paragraph (2) of Subsection A of this
21 Section, and which is not attributable to the member's after-tax employee
22 contribution, cannot exceed the lesser of ninety thousand dollars or one hundred
23 percent of such member's average compensation. For purposes of determining
24 whether a member's benefit exceeds those limitations, the following shall apply:

25 (1) Adjustment if benefit not single life annuity.

26 (a) If the normal form of benefit is other than a single life annuity, such form
27 shall be adjusted actuarially to the equivalent of a single life annuity. This single life
28 annuity shall not exceed the maximum dollar or percent limitations outlined in this
29 Section.

1 (b) No adjustment is required for the following:

2 (i) Qualified joint and survivor annuity benefits.

3 (ii) Pre-retirement disability benefits.

4 (iii) Pre-retirement death benefits.

5 (iv) Post-retirement medical benefits.

6 (2) Adjustment if benefit commences before social security retirement age.

7 If benefit distribution commences before social security retirement age, the actual
8 retirement benefit shall not exceed the lesser of one hundred percent of the member's
9 average compensation or the adjusted dollar limitation. The adjusted dollar
10 limitation shall be the equivalent, determined in a manner consistent with reduction
11 of benefits for early retirement under the Social Security Act, of ninety thousand
12 dollars commencing at social security retirement age. For purposes of this
13 adjustment, survivor benefits, that portion of a joint and survivor annuity which is
14 the survivor annuity which is the survivor benefit, and any other ancillary benefits
15 shall not be taken into account.

16 (3) Adjustment if benefit commences after social security retirement age.

17 If benefit distribution commences after social security retirement age, the dollar
18 limitation shall be increased to the equivalent of ninety thousand dollars
19 commencing at social security retirement age.

20 (4) Social security retirement age defined. For purposes of this Subsection,
21 the term "social security retirement age" means the age used as the retirement age
22 under 42 U.S.C. §416(1) of the Social Security Act, except that such Section shall
23 be applied:

24 (a) Without regard to the age increase factor.

25 (b) As if the early retirement age under 42 U.S.C. 216(1)(2) were sixty-two.

26 ~~(3)~~(5) The interest rate used for adjusting the maximum limitations of
27 Section 415(b) of the Internal Revenue Code shall be as follows:

1 (a) For benefits commencing before social security retirement age and for
2 forms of benefits other than straight life annuity, the greater of five percent or the
3 rate used to determine the actuarial equivalent.

4 (b) For benefits commencing after social security retirement age, the lesser
5 of five percent or the rate used to determine actuarial equivalent.

6 (6) Adjustment for less than ten years of participation or service.

7 (a) If retirement system benefits are payable under this retirement system to
8 a member who has less than ten years of participation in the retirement system, the
9 dollar limitation referred to in the Introductory Paragraph of this Subsection will be
10 multiplied by a fraction, the numerator of which is the member's number of years of
11 participation in the system, not greater than ten, and the denominator of which is ten.

12 (b) If retirement benefits are payable under this retirement system to a
13 member who has less than ten years of service with the employer, the percentage
14 limitation referred to in the Introductory Paragraph of this Subsection and the dollar
15 limitation referred to in Paragraph (9) of this Subsection will be multiplied by a
16 fraction, the numerator of which is the member's number of years of service with the
17 employer, not greater than ten, and the denominator of which is ten.

18 (7) Annual adjustment. The ninety thousand dollar limitation provided in
19 this Subsection shall be adjusted annually to the maximum dollar limits allowable
20 by the secretary of the Treasury of the United States under Section 415(d) of the
21 Internal Revenue Code, such adjustments to take effect on the first day of each fiscal
22 year following December 31, 1987. The adjustment shall not exceed the adjustment
23 in effect for the calendar year in which the fiscal year of the system begins. The
24 adjusted earlier limitation is applicable to employees who are members of the system
25 and to members who have retired or otherwise terminated their service under the
26 system with a nonforfeitable right to accrued benefits, regardless of whether they
27 have actually begun to receive benefits. This system shall be considered specifically
28 to provide for such post-retirement adjustments. For any limitation year beginning
29 after separation from service occurs, the annual adjustment factor is a fraction, the

1 numerator of which is the adjusted dollar limitation for the limitation year in which
2 the compensation limitation is being adjusted and the denominator of which is the
3 adjusted dollar limitation for the limitation year in which the member separated from
4 service. No adjustment shall be permitted with respect to post October 14, 1987
5 limitations.

6 (8) If a member is a member or participant in more than one defined benefit
7 pension plan maintained by the state, its agencies, or its political subdivisions, then
8 such member's benefit, considered in the aggregate after taking into account the
9 benefits provided by all such retirement plans, shall not exceed the limitations
10 provided in this Subsection.

11 (9) The benefits payable with respect to a participant under any defined
12 benefit plan shall be deemed not to exceed the limitations of Section 415(b) of the
13 Internal Revenue Code if:

14 (a) The retirement benefits payable with respect to such participant under
15 such plan and under all other defined benefit plans of the employer do not exceed ten
16 thousand dollars for the plan year or for any prior plan years.

17 (b) The employer has not at any time maintained a defined contribution plan
18 in which the participant participated.

19 ~~(4)~~(10) No benefit shall be considered to have exceeded the limitation
20 provisions of this Section if the amount of the initial benefits did not exceed the
21 limitations of Section 415(b) of the Internal Revenue Code, nor exceed any
22 comparable provision in effect at the time of the initial payment, and the amount of
23 any subsequent benefits payable in any year did not exceed the amount of the initial
24 benefits, except for allowable cost-of-living adjustments.

25 C. The board of trustees shall make no actuarial adjustment under this
26 Section by reason of the member's retirement after normal retirement age.

27 D. The board of trustees shall adopt rules for the administration of the limits
28 provided in this Section and the limitations under Section 415 of the Internal

1 mentally or physically incapacitated for the further performance of duty, that such
2 incapacity is likely to be permanent, and that he should be retired.

3 (2) Any disability claimed by a member must have been incurred after
4 commencement of service in the system. Disability claims shall not be honored in
5 the case of preexisting conditions.

6 (3) If the application for disability benefits is not filed while the member is
7 in service, it shall be presumed that the disability was not incurred while the member
8 was an active contributing member in active service. Such presumption may be
9 overcome only by clear, competent, and convincing evidence that the disability was
10 incurred while the member was an active contributing member in active service.

11 (4) If a member is eligible for a regular retirement, other than the
12 twenty-year actuarially reduced retirement, he is not eligible for disability retirement.

13 B. Process for applying for disability retirement.

14 (1) Any eligible member who becomes disabled may apply for disability
15 benefits to the board of trustees of the retirement system. The board of trustees shall
16 require the supervisor of the applicant to submit to the board a report which shall
17 include a brief history of the case and the supervisor's opinion as to the applicant's
18 present ability to perform the normal duties required of him.

19 (a) The applicant shall accompany his application with certificates from at
20 least three physicians certifying that he is unable to perform the duties required of
21 him by the head of the division.

22 (b) The disability retirement must be recommended by the superintendent
23 of the harbor police.

24 (2) The applicant's disability case history shall be examined by a physician
25 designated by the board whose area of specialty most closely relates to the nature of
26 the claimed disability. The examining physician shall either conduct a medical
27 examination of the applicant, or waive the medical examination if obvious and
28 overwhelming medical evidence of disability exists to his satisfaction. The cost of

1 the examination, including costs of laboratory tests, X-rays, and other such direct
2 examination procedures shall be borne by the retirement system.

3 (3) The examining physician shall submit to the board of trustees an in-depth
4 report which shall include a medical evaluation and his conclusions as to the
5 applicant's claimed disability. Any board designated physician shall have full
6 authority to certify total disability in those applicants whom he examines. An
7 applicant shall be considered as certified totally disabled if in the in-depth report
8 submitted by the examining physician to the board of trustees, the physician declares
9 the applicant to be totally incapacitated for the further performance of his normal
10 duties and states that such incapacity is likely to be permanent. In the case of partial
11 disability, the physician shall indicate the degree of incapacity.

12 (4)(a) Should the examining physician's final certification decision be
13 contested by either the applicant or the board of trustees, the contesting party shall
14 have the right to a second medical examination if a written appeal is filed with the
15 Board of Trustees within thirty days of notification of the certification decision. This
16 second examination shall be performed by a board designated physician and shall be
17 at the expense of the requesting party. The second physician shall also submit an
18 in-depth report to the board of trustees which shall include his medical evaluation
19 and conclusions as to the applicant's claimed disability.

20 (b) If the second examining physician concurs in the findings and
21 recommendations of the first physician, the first physician's original decision on
22 certification shall stand as final and binding and shall not be subject to further appeal
23 other than through the courts.

24 (c) If the second examining physician disagrees with the findings and
25 recommendations of the first physician, the two physicians shall select a third
26 specialist to conduct another examination and prepare and file a third report in the
27 same manner as provided for above. The majority opinion of the three examining
28 physicians shall be final and binding and not subject to further appeal other than
29 through the courts. The cost of the third medical examination shall be borne by the

1 retirement system if the applicant is certified as disabled, or by the applicant if his
2 disability claim is denied.

3 (5) The board of trustees shall review all pertinent information including the
4 disability application, the report from the applicant's supervisor, the three physicians'
5 statements, the recommendation from the superintendent of the harbor police, and
6 the final and binding disability certifications and, if the board of trustees determines
7 that all requirements for a disability retirement are met, shall retire an eligible
8 disability applicant. Disability benefits shall accrue from the filing date of the
9 application for disability retirement, or from the day following the exhaustion of all
10 sick leave or annual leave claimed by the applicant, whichever is the later.

11 B: C. Benefit amount.

12 Any member who has twelve years of creditable service, and who has
13 withdrawn from active service prior to the age at which he is eligible to begin
14 receiving retirement benefits, shall be eligible in the event of total and permanent
15 disability, for the lesser of all non-service related disability benefits, or the normal
16 vested retirement benefit for time served. If a member has completed twelve years
17 of creditable service, upon attaining the normal vested retirement age, he shall be
18 eligible for full normal retirement benefits. To receive such benefits, the member
19 shall file an application with the board of trustees of the retirement system. Upon
20 commencement of regular retirement benefits, disability benefits shall cease. Any
21 member of the system who has become disabled or incapacitated because of
22 continued illness or as a result of any injury received, even though not in the line of
23 duty, and who has been a member of the system for at least five years but is not
24 eligible for retirement under the provisions of R.S. 11:3685 may apply for retirement
25 under the provisions of this Section.

26 ~~(1) Upon retirement for disability, a member shall receive a retirement~~
27 ~~allowance if he has attained the age of fifty-five years; otherwise, he shall receive a~~
28 ~~disability benefit which shall be computed as follows:~~

1 ~~(a) In case of total disability of any harbor member resulting from injury~~
2 ~~received in line of duty, a monthly pension of sixty percent of his average salary~~
3 ~~shall be paid to the disabled employee.~~

4 ~~(b) Any member of the system who has become disabled or incapacitated~~
5 ~~because of continued illness or as a result of any injury received, even though not in~~
6 ~~the line of duty, and who has been a member of the system for at least five years but~~
7 ~~is not eligible for retirement under the provisions of R.S. 11:3685 may apply for~~
8 ~~retirement under the provisions of this Section.~~

9 (1) Any member who becomes totally disabled, and who files for disability
10 benefits while in service, who upon medical examination and certification is found
11 to be totally disabled solely as the result of injuries sustained in the performance of
12 his official duties shall, upon approval of the board of trustees, receive the greater
13 of a monthly pension of sixty percent of his average salary or the normal vested
14 retirement benefit for time served, with no required minimum number of years of
15 credible service.

16 (2) Any disability retiree of the Harbor Police Retirement System who is
17 receiving disability benefits as a result of an injury sustained in the line of duty, and
18 who, as a result of the disability, is permanently and completely confined to a
19 wheelchair for movement of person, is permanently and legally blind as a result of
20 an injury suffered in the line of duty, or as a result of his injury is an amputee to such
21 a degree as would prevent him from serving as a law enforcement officer, shall be
22 exempt from any provision of this Subpart or any other provision of law which
23 provides for reduction of benefits if the recipient, subsequent to his disability,
24 becomes gainfully employed.

25 ~~(c) Any disability beneficiary of the Harbor Police Retirement System who~~
26 ~~is receiving disability benefits as a result of an injury sustained in the line of duty,~~
27 ~~and who, as a result of the disability, is permanently and completely confined to a~~
28 ~~wheelchair for movement of person, is permanently and legally blind as a result of~~
29 ~~an injury suffered in the line of duty, or as a result of his injury is an amputee to such~~

1 a degree as would prevent him from serving as a law enforcement officer, shall be
2 exempt from any provision of this Subpart or any other provision of law which
3 provides for reduction of benefits if the recipient, subsequent to his disability,
4 becomes gainfully employed.

5 (2) The applicant shall accompany his application with certificates from at
6 least three physicians certifying that he is unable to perform the duties required of
7 him by the head of the division.

8 (3) Thereafter, upon the recommendation of the head of the division and the
9 approval of the board the employee shall be retired on forty percent of his average
10 salary.

11 ~~€.~~(3) Any amount received as a compensable wage or lump sum settlement
12 under the provisions of the Worker's Compensation Laws or the Federal Social
13 Security Act shall be applied as an offset against benefits received under the
14 provisions of this Section, under rules prescribed by the Board. The Board shall
15 have complete discretion and authority to determine the extent and application of the
16 provisions of this Subparagraph.

17 (4) Every disability retiree shall submit to the board of trustees by May first
18 of every year a notarized annual earnings statement detailing his earned income from
19 employment in the previous tax year as well as any Workers Compensation or Social
20 Security benefits received in the previous tax year. Should a beneficiary not submit
21 such an earnings statement by May first, his allowance shall be discontinued, without
22 retroactive reimbursement, until the statement is filed. Should his non-submittal
23 continue for the remainder of the calendar year, all his rights in and to his disability
24 pension shall be revoked by the board of trustees. Individual private insurance
25 settlements, separate retirement accounts, and other similar non-system resources
26 except as noted herein shall be specifically exempted from listing on the annual
27 earnings statement and from consideration in any of the calculations in R.S.
28 11:3685.(5) below.

1 (5) If the notarized earnings statement shows earnings or income of more
2 than the difference between his retirement allowance and his average final
3 compensation, then the amount of his pension shall be reduced to an amount, which,
4 together with his earnings statement income, shall equal the amount of his average
5 final compensation. If his earnings change, the amount of his pension shall be
6 further modified; however, the new pension shall not exceed the amount of the
7 pension originally granted nor an amount, which, when his earnings statement
8 income and annuity are added together, equals the amount of his average final
9 compensation.

10 (6) If the board of trustees determines that a disability retiree is able to
11 engage in a gainful occupation paying more than the difference between his
12 retirement allowance and the final average compensation then the amount of his
13 pension shall be reduced to an amount, which together with his annuity and the
14 amount earnable by him, shall equal the amount of his final average compensation.
15 If his earning capacity changes again, the amount of his pension may be further
16 modified; provided that the new pension shall not exceed the amount of the pension
17 originally granted nor an amount, which when added to the amount earnable by the
18 beneficiary together with his annuity equals the amount of his final average
19 compensation.

20 (7) For the purposes of this Section, there shall be an annual cost-of-living
21 adjustment to the average final compensation figure used in the modification
22 computations in Paragraph (6) of this Subsection. This cost-of-living adjustment
23 shall be based upon and directly reflect the annual percentage increase or decrease
24 in the Consumer Price Index CPI-U for All Urban Consumers for the preceding
25 calendar year. The CPI increase or decrease shall be limited to three percent in any
26 one year.

27 (8) A disability retiree restored to active service at a salary less than his final
28 average compensation shall not become a member of the retirement system.

1 D. Certification of continuing eligibility for disability benefits.

2 (1) Once each year during the first five years following retirement of a
3 member on a disability retirement allowance, and once in every three year period
4 thereafter, the ~~Board of Trustees may, and upon his application shall,~~ board of
5 trustees shall require any each disability beneficiary retiree who has not yet attained
6 the equivalent age of sixty years regular retirement or the age of sixty if the member
7 does not have the required number of years of creditable service for a vested regular
8 retirement to undergo a medical examination at the retiree's expense, such
9 examination to be made at the place of residence of said beneficiary if he is not
10 ambulatory or other place mutually agreed upon, by a ~~physician or physicians~~
11 designated by the Board of Trustees board designated specialist. The examining
12 physician shall submit a report to the board of trustees certifying that the disability
13 retiree is or is not still totally mentally or physically incapacitated for the further
14 performance of duty, that such incapacity is or is not likely to be permanent, and
15 recommending either the continuation or cessation of the retiree's disability status.
16 A contested decision shall be appealed as set out in Paragraph (B)(4) of this Section.

17 (2) Should any disability beneficiary retiree who has not yet attained the
18 equivalent age of sixty regular retirement or the age of sixty if the member does not
19 have the required number of years of creditable service for a vested regular
20 retirement refuse to submit to at least one medical examination in any such year by
21 a physician or physicians designated by the Board of Trustees, his allowance ~~may~~
22 shall be discontinued until his withdrawal of such refusal, and should his refusal
23 continue for one year all his rights in and to his disability pensions ~~may~~ shall be
24 revoked by the Board of Trustees.

25 (2) ~~Should the Medical Board report and certify to the Board of Trustees that~~
26 ~~such disability beneficiary is engaged in or is able to engage in a gainful occupation~~
27 ~~paying more than the difference between his retirement allowance and the average~~
28 ~~final compensation, and should the Board of Trustees concur in such report, then the~~
29 ~~amount of his pension shall be reduced to an amount, which, together with his~~

1 annuity and the amount earnable by him, shall equal the amount of his average final
2 compensation. ~~Should his earning capacity be later changed, the amount of his~~
3 ~~pension may be further modified; provided, that the new pension shall not exceed the~~
4 ~~amount of the pension originally granted nor an amount, which, when added to the~~
5 ~~amount earnable by the beneficiary together with his annuity, equals the amount of~~
6 ~~his average final compensation. A beneficiary restored to active service at a salary~~
7 ~~less than the average final compensation shall not become a member of the~~
8 ~~retirement system.~~

9 (3) The board of trustees, upon receipt of a final binding report from a
10 physician or specialist declaring a retiree's total disability to have ceased, shall order
11 the discontinuance of the disability allowance.

12 (4) Neither the former receipt of nor the involuntary termination of disability
13 benefits shall affect the right of any member to any regular retirement benefits based
14 upon age or service to which he is eligible.

15 ~~(3)(5) Should a disability beneficiary retiree under the age of fifty-five be~~
16 ~~restored to active service at a compensation not less than his average final average~~
17 ~~compensation, his retirement allowance shall cease, he shall again become a member~~
18 ~~of the retirement system, and he shall contribute thereafter at the same rate he paid~~
19 ~~prior to disability. Any such prior service certificate on the basis of which his~~
20 ~~service was computed at the time of his retirement shall be restored to full force and~~
21 ~~effect, and in addition, upon his subsequent retirement he shall be credited with all~~
22 ~~his service as a member but employer and employee contributions to the retirement~~
23 ~~system shall resume. However, should he be restored to active service on or after the~~
24 ~~attainment of the age of fifty years his pension upon subsequent retirement shall not~~
25 ~~exceed the sum of the pension which he was receiving immediately prior to his last~~
26 ~~restoration and the pension that he would have received on account of his service~~
27 ~~since his last restoration had he entered service at the time as a new entrant.~~

28 ~~E. Should a member cease to be an employee except by death or retirement~~
29 ~~under the provisions of this Subpart, he shall be paid such part of the amount of the~~

1 ~~accumulated contributions standing to the credit of his individual account in the~~
2 ~~Annuity Savings Fund as he shall demand. Should a member die before retirement~~
3 ~~and not be entitled to survivors' benefits, the amount of his accumulated~~
4 ~~contributions standing to the credit of his individual account shall be paid to his~~
5 ~~estate or to such person as he shall have nominated by written designation, duly~~
6 ~~executed and filed with the Board of Trustees.~~

7 E. When a disability retiree dies, his survivor shall be paid a one-time lump
8 sum benefit equal to six times the value of the monthly benefit payment being
9 received by the retiree at the time of death. Payment will not be made if there are no
10 survivors pursuant to R.S. 11:3685.

11 §3687. Optional allowance for superannuation retirement

12 A. With the provisions that no optional selection shall be effective in case
13 a retiree dies within thirty days after retirement, and that such a retiree shall be
14 considered as an active member at the time of death; ~~until the first payment on~~
15 ~~account of any benefit becomes normally due~~, any member may elect to receive his
16 benefit in an equal monthly retirement allowance payable throughout life, or he may
17 elect to receive the actuarial equivalent at the time, of his retirement in a one of the
18 reduced equal monthly retirement ~~allowance~~ allowances payable throughout life,
19 Options 2 through 5 with the provision that:

20 (1) Option 1. If he dies before he has received in annuity payments the
21 present value of his member's annuity as it was at the time of his retirement, the
22 balance shall be paid to his legal representatives or to such person as he shall
23 nominate by written designation duly acknowledged and filed with the Board of
24 Trustees.

25 (2) Option 2 - Joint with 100% percent to beneficiary for life.

26 Upon his death, his reduced retirement allowance shall be continued
27 throughout the life and paid to such person as he shall nominate by written
28 designation duly acknowledged and filed with the Board of Trustees at the time of
29 his retirement.

1 (3) Option 2A - Joint with 100% to beneficiary for life with pop-up.

3 throughout the life of, and paid to such person as he shall nominate by written
4 designation duly acknowledged and filed with the Board of Trustees at the time of
5 his retirement, provided that if the designated beneficiary predeceases the retiree, the
6 retiree's reduced benefit shall change to the maximum benefit effective on the first
7 day of the next month following the notification of the death of the designated
8 beneficiary.

9 (4) Option 3 - Joint with 50% to beneficiary for life.

10 Upon his death, one-half of his reduced retirement allowance shall be

12 of such fund less the present value, computed on the basis of the normal contribution
13 rate then in force, of the prospective normal contributions to be received on account

27 amount of the overpayment or underpayment, to attempt to locate the beneficiary or
28 estate of such members and collect the overpayment or pay the underpayment or (2)

1 if it is deemed by the trustees to cause an extreme hardship on the member or
2 beneficiary.

3 §3697. Effective dates

4 All benefit changes shall be prospective only unless stated otherwise in the
5 Act. Statutory benefit changes shall not apply to members who have already retired.

6 §3698. Unusual Benefit Adjustments

7 A. Should it be discovered through an audit or review for statutory
8 compliance and benefit payment calculations to be concluded in 2011, that unusual
9 errors in benefit determinations and calculations were made, such errors shall be
10 adjusted pursuant to the requirements of R.S. 11:3683 and 3685 and the following
11 provisions:

12 (1) For members who were hired on 9/23/70, 6/21/69, 7/9/57, 1/3/59, and
13 6/28/61 and whose retirement eligibility determination erroneously included unused
14 annual leave and unused sick leave as creditable service in determining eligibility for
15 retirement, the use of such leave shall be allowed. This adjustment shall be effective
16 for the designated members only and only in determining the amount of the correct
17 benefit payments going forward.

18 (2) For members hired on 8/29/1990 and 4/4/1994 who were over the age of
19 eligibility for membership and erroneously allowed to become a member and for
20 whom all normal member and employer contributions have been made, whether the
21 member is still employed or retired from the system, the member shall be considered
22 as a fully qualified member of the system. This adjustment shall be effective for the
23 designated members only and only in determining the amount of the correct benefit
24 payments going forward.

25 (3) For members hired on 7/1/47, 11/8/56, 7/9/57, 1/3/59, 6/28/61, 2/20/67,
26 7/3/68, 12/2/68, 1/2/69, 3/25/69, 4/21/69, 6/21/69, 10/4/69, 11/15/69, and 9/23/70
27 who were granted military credit eligibility in accordance with R.S. 11:3684 but who
28 did not purchase such eligible military credit in accordance with R.S. 29:251.2(B)
29 and such unpurchased credit was erroneously used in determining their eligibility for

1 retirement and/or erroneously used in their retirement benefit calculation, the use of
2 such military credit shall be allowed. When a member hired on 9/22/48 who had
3 been granted military credit eligibility by another retirement system in accordance
4 with R.S. 11:143 but who did not purchase such eligible credit in the Harbor Police
5 Retirement System as required by R.S. 11:143 and such unpaid credit was
6 erroneously used in determining his eligibility for retirement and/or was erroneously
7 used in his benefit calculation, the use of such military credit shall be allowed.
8 When a member who was hired on 9/23/70 and who resigned on 7/31/71 and was
9 rehired on 9/23/71, and who therefore was not a member on 8/1/71 and therefore not
10 eligible for military service credit in accordance with R.S. 11:3684, but who was
11 erroneously granted eligibility for such military credit and who did not purchase such
12 eligible military credit in accordance with R.S. 29:251.2(B) and such unpurchased
13 credit was erroneously used in determining eligibility for retirement and/or
14 erroneously used in the retirement benefit calculation, the use of such military credit
15 shall be allowed. This adjustment shall be effective for the designated members only
16 and only in determining the amount of the correct benefit payments going forward.

17 (4) Act 474 of the 1985 Regular Session of the Legislature increased the
18 service benefit of three percent per year of service to three and one-third percent per
19 year of service and stipulated that "This Act shall become effective upon approval
20 of the Board of Commissioners of the Port of New Orleans." Although no formal
21 approval was given by the Board of Commissioners of the Port of New Orleans, the
22 increase was implemented by the Harbor Police Retirement System upon the Act's
23 signature by the governor. The benefits shall be calculated as if the required Board
24 of Commissioners of the Port of New Orleans approval had been given on the
25 effective date of the Act. This Act applies to all members who retired after the date
26 of the act and the increased rate applies to all years of service credit. This
27 adjustment shall be effective only for members currently employed on July 1, 2011,
28 and retired as of July 1, 2011, and only in determining the amount of the correct

1 benefit payments already paid to retirees and the correct benefit payments going
2 forward.

3 (5) The increase in service benefit in Act 474 of the 1985 Regular Session
4 of the Legislature from three percent to three and one-third percent, as well as the
5 increase from two and one-half percent to three percent in 1975, were implemented
6 without containing language that stipulated for what years the increase was to apply,
7 such as for all past years of service for active members, or for all future years of
8 service for all active members, or for all past and future years of service for all active
9 members. Instead of a "blended rate" wherein the rates in effect when the service
10 credit was earned are used in the retirement benefit calculation, the increases were
11 implemented as if each increase applied to all past and future years of service for all
12 active members and such implementation shall apply for these adjustments. This
13 adjustment shall be effective only for members currently employed on July 1, 2011,
14 and retired members and only in determining the amount of the correct benefit
15 payments already paid to retirees and the correct benefit payments going forward
16 relative to the herein specified percentage changes.

17 (6) Any member hired on 11/8/1976 who completed a period of DROP
18 participation prior to July 1, 2008, and who is still employed on July 1, 2008, shall
19 be subject to R.S. 11:3684(B)(2). This adjustment shall be effective for the
20 designated member only and only in determining the amount of the correct benefit

HB No. 569

Abstract: Relative to the Harbor Police Retirement System (HPRS) for the Port of New Orleans, provides with respect to transfers, reciprocal recognition of service, contributions, service credit, membership, benefits, reporting requirements, the board of trustees, definitions, disability benefits, governance, administration, and correction of calculation errors.

Retention of Credits (R.S. 11:141)

Present law provides that a member of an actuarially funded retirement system, except for the Louisiana State Employees' Retirement System (LASERS), the Teachers' Retirement System of Louisiana (TRSL), and the Louisiana School Employees' Retirement System (LSERS), who transfers to another retirement system but who has at least 10 years of service in the transferring system may retain membership in the transferring system.

Proposed law excepts members of HPRS from present law.

Reciprocal Recognition of Service (R.S. 11:142)

Present law provides that members of certain retirement systems who have service credit in certain other such systems may combine service credit in all such systems, subject to certain conditions.

Proposed law adds HPRS to the list of such systems.

Transfers Between Systems (R.S. 11:143)

Present law allows members of certain public retirement systems to transfer service credit among such other retirement systems if they have at least 6 months of service credit in such a system.

Proposed law adds HPRS to the list of such systems.

Repayment of Refunded Contributions (R.S. 11:144 and 144.1)

Present law allows members of certain retirement systems with at least 6 months of service credit to repay to any such system employee contributions refunded to such members if they avail themselves of present law (R.S. 11:142 and 143).

Present law allows a member of a public retirement system who has terminated membership in such system and who has received a refund of employee contributions to repay such contributions if he regains membership in a system into which his original system has been merged.

Proposed law adds HPRS to the list of such systems.

Service Credit of Certain Elected Officials (R.S. 11:145)

Present law provides that any member of a retirement system who loses service credit by virtue of legislation shortening his term of office shall be granted any service credit lost for such cause.

Proposed law clarifies that HPRS shall be one of such systems.

Membership Age Limitations (R.S. 11:148)

Proposed law provides that membership in a public retirement system for any person under the age of 60 who is otherwise eligible for such membership shall be mandatory. Present law exempts membership in certain systems from such rule: the State Police Pension and Retirement System (STPOL), the Municipal Police Employees' Retirement System (MPERS), the Sheriff's Pension and Relief Fund (SPRF), and certain other hazardous duty plans.

Proposed law provides that HPRS shall be one of such systems exempted from present law.

Receipt of Lump Sum Benefits (R.S. 11:155)

Present law provides that in any public retirement system which provides "optional allowances", no member, retiree, or beneficiary shall be allowed to receive a benefit in a lump-sum, except in the case of certain systems' Deferred Retirement Option Plans (DROP).

Proposed law provides that such provisions of present law shall not apply to retirement benefits provided by HPRS under present law (R.S. 11:3685) and proposed law.

Purchase of Service Credit (R.S. 11:158)

Present law allows members of certain retirement systems to purchase service credit under the individual provisions applicable to such systems by paying certain actuarial costs. Applies only if such systems otherwise provide for the purchase of service credit.

Proposed law adds HPRS to the list of such systems.

Submission of Reports to the Legislature (R.S. 11:171 and 173)

Present law requires certain retirement systems to submit annual actuarial valuations, financial statements, and audit reports to the House and Senate committee on retirement by certain dates. Furthermore, present law requires the secretary of the Dept. of Health and Hospitals to submit to certain retirement systems, on a monthly basis, a list of all individuals who have died within the state.

Proposed law adds HPRS to the list of such systems.

Education Requirements for Boards of Trustees (R.S. 11:185)

Present law requires the members of boards of trustees of state and statewide retirement systems to receive a certain number of hours of education every year.

Proposed law provides that such education requirements shall apply to members of the HPRS board.

Definitions (R.S. 11:3682)

Present law defines “average final compensation” (FAC) for a member of HPRS as the average of the highest 3 years of a member’s compensation.

Proposed law retains present law but provides that the FAC for a member hired on or after July 1, 2011, shall mean the average of the highest 5 years of a member’s compensation. Further provides that for members hired on or after July 1, 2011, the earnings within the FAC period shall not increase by more than 15% each year (“anti-spiking”).

Proposed law defines “contractually agree” to mean to abide by a specified set of terms as evidenced by written contract.

Proposed law defines “vested” as being eligible for a retirement, disability, or survivor benefit.

Membership

Present law (R.S. 11:3683) provides for membership in HPRS for certain employees of the Harbor Police Department of the Port of New Orleans. Provides that membership shall be mandatory for individuals hired after August 1, 1971. Provides for the ability to opt in or opt out of HPRS for individuals hired before such date. Furthermore, provides for mandatory transfer to HPRS for an individual hired before such date who is a member of another public retirement system.

Proposed law removes the August 1, 1971, distinction, therefore removing the optional membership and mandatory transfer for members hired before such date.

Present law provides further that any employee who is employed on July 7, 2003, who was unable to join HPRS because he is a retiree of another system, may become a member of HPRS from his first date of hire. Further provides that he may purchase retroactive service credit.

Proposed law removes language relating to the purchase of such service credit for such individual.

Present law provides relative to termination of membership in HPRS. Provides that termination shall occur, for persons absent from service for more than 5 years.

Proposed law provides that termination of service shall also occur if such a member has taken a refund of employee contributions.

Creditable Service

Present law provides mechanisms whereby immediately after the establishment of the HPRS system, HPRS shall verify all prior service credit for all of its members in all previous systems. Requires the board to issue a "prior service certificate".

Proposed law removes such mechanisms and removes the ability for a member to receive service credit pursuant to a "prior service certificate". Clarifies that service credit shall *only* be credited for service rendered since a member's last becoming a member.

Proposed law clarifies the manner in which service credit shall accrue: in increments of 1/10th of a month.

Present law provides the manner in which annual leave and sick leave are to be converted to service credit.

Proposed law clarifies the manner in which annual leave and sick leave shall be converted to service credit. Unused annual and sick leave shall not be used toward attaining eligibility, but may be used for benefit calculation purposes. Establishes a leave conversion table.

Proposed law clarifies that military service may only be accrued or purchased as provided in the Military Service Relief Act pursuant to present law (R.S. 29:401 through 426).

Retirement Eligibility (R.S. 11:3685)

Present law provides for retirement for a member of HPRS if he has:

- (1) Attained the age of 45 with 20 years of service credit.
- (2) Attained any age with 25 years of service credit.
- (3) Attained the age of 60 with 10 years of service credit.
- (4) Attained the age of 55 with 12 years of service credit.

Proposed law retain present law's retirement eligibility provisions for members hired prior to July 1, 2011.

Proposed law further provides for retirement for a member of HPRS hired on or after July 1, 2011, if he has:

- (1) Attained any age with 25 years of service credit.
- (2) Attained the age of 55 with 12 years of service credit.
- (3) Attained eligibility for early retirement with 20 years of service credit at any age, subject to an actuarial reduction of benefits.

Proposed law provides that any member hired prior to July 1, 2011, who reaches 10 years of service credit, and any member hired on or after July 1, 2011, who reaches 12 years of service credit, may leave his contributions in the retirement system and receive a retirement benefit upon attaining the requisite age for retirement.

Benefit Calculation (R.S. 11:3685(A)(1))

Present law provides that the retirement benefit of an HPRS retiree shall be equal to 3.33% x years of service x FAC.

Proposed law clarifies that the accrual rate for an HPRS retiree shall be 3.33% or whatever the accrual rate was when service was earned.

Survivor Benefits (R.S. 11:3685(A)(2))

Present law provides that if any member with at least 5 years of service credit dies before reaching retirement, his surviving spouse and/or children under the following circumstances in the following amounts:

- (1) Surviving spouse without children - 40% of the member's FAC.
- (2) Surviving spouse with children - 60% of FAC. Benefits cease upon children reaching majority or remarriage of spouse.
- (3) Children without surviving spouse - 60% of FAC. To be paid until youngest child reaches majority.

Proposed law provides that, effective July 1, 2011, and thereafter, if any member with at least 12 years of service credit dies before reaching retirement, his surviving spouse shall receive a benefit equivalent to the Option 2 optional allowance for the remainder of the life of the surviving spouse.

Proposed law provides further that if a member with 10 or more years of service, but less than 12 years of service, dies before reaching retirement, his surviving spouse and/or children under the following circumstances in the following amounts:

- (1) Surviving spouse without children - 40% of the member's FAC.
- (2) Surviving spouse with children - 40% of FAC + the greater of \$200 or 10% of FAC per child for no more than a combined 60% of FAC. Benefits cease upon children reaching majority or remarriage of spouse.
- (3) Children without surviving spouse - 40% of FAC for one child and 60% of FAC for two or more children. To be paid to each child until he reaches majority.

Proposed law provides that survivor benefits shall continue past majority for physically or mentally handicapped children.

Present law provides that a survivor benefit payable for a death sustained in the performance of a member's official duties shall be paid regardless of the number of years of service credit and shall be 60% of FAC payable to the surviving spouse until remarriage, or to surviving minor children in lieu of a spouse, or to his surviving parents in lieu of a spouse or children.

Proposed law retains present law.

DROP (R.S. 11:3685 (B) and (C))

Present law provides relative to Deferred Retirement Option Plan (DROP) participation for members of HPRS hired prior to July 1, 1995. Proposed law deletes such provisions.

Present law provides relative to DROP participation for members hired on or after July 1, 1995. Proposed law provides that such provisions shall apply to members hired on or after such date but prior to July 1, 2011. Provides the DROP period for such members shall not exceed 5 years. Members in DROP shall agree to cease employment upon completing DROP.

Present law provides that interest for members hired on or after July 1, 1995, but prior to July 1, 2011, shall not be earned during DROP participation, but upon completion of DROP shall be credited to the member's DROP account in an amount equal to the system's rate of return less ½ of 1%.

Proposed law provides that interest shall be earned during DROP participation.

Proposed law provides further for DROP provisions applicable to members hired on or after July 1, 2011. For such members, the DROP period shall not exceed 3 years. No interest shall be earned on such member's DROP account during the DROP period. However, interest shall be earned after participation in DROP has terminated. Such member may choose to earn at the system interest rate (subject to a waiver of his constitutional rights) or shall have his DROP funds transferred to a self-directed plan with a third party. Such member may continue his employment after participation in DROP, and shall be eligible to accrue a supplemental benefit for his post-DROP service.

Cost-of-Living Adjustments (COLAs) (R.S. 11:3685(D) and (F))

Present law allows the HPRS board to grant a COLA to retirees if either:

- (1) The system's realized investment returns exceed the actuarial rate of return; or
- (2) The funded ratio of HPRS is at least 90%.

Proposed law provides that in order to satisfy (1) above, HPRS' funded ratio must be at least 65% for a COLA to be granted.

Proposed law clarifies that the excess investment earnings to be used by the board in determining whether to grant a COLA in (1) above shall be the investment return on the assets of the system rather than the investment return on the reserve allocated to retirees.

Present law provides that a COLA shall not exceed 3% for every year before a retiree reaches age 65 and 5% for every year after 65.

Proposed law provides that COLAs payable to retirees under 65 shall not exceed 3% and shall not exceed 5% for retirees over 65.

Proposed law provides that a retiree shall not receive a COLA unless he had been retired for at least one year on the effective date of the COLA (January 1st of each year). Proposed law further provides that members hired on or after July 1, 2011, must be at least 60 to receive a COLA.

Proposed law further provides for an automatic 2.5% COLA as an option upon retiring. A member choosing such automatic COLA shall have his retirement benefit actuarially reduced in order to receive such COLA.

Retroactivity of Benefit Increases (R.S. 11:3685(E))

Proposed law provides that, effective July 1, 2011, any benefit increase for HPRS members shall only be applied to service credit accruing after the effective date of the increase. Clarifies that changes in benefits shall not apply to any retirees.

Initial Benefit Option (R.S. 11:3685(G))

Proposed law provides that, effective July 1, 2011, an Initial Benefit Option (IBO) shall be available to members of HPRS as an option at retirement. Provides for the payment of a lump-sum amount upon retirement, not to exceed the amount of 36 benefit payments. Individuals selecting the IBO shall have their remaining retirement benefit payments actuarially reduced based on the lump-sum amount received.

Tax Qualification (R.S. 11:3685.1 and 3685.2)

Proposed law makes changes to certain provisions relating to HPRS in conformity with provisions of the Internal Revenue Code relative to tax-qualified plans.

Proposed law further provides that the HPRS board shall promulgate rules for administering certain tax qualification provisions in present law and proposed law.

Disability Retirement (R.S. 11:3686)

Present law provides that any member with at least 5 years of service credit, who becomes disabled, may apply for a disability retirement.

Proposed law provides instead that a member must have at least 10 years of service credit to apply for disability retirement for in-the-line of duty disability and 5 years of service credit for non-duty related disabilities.

Proposed law provides for procedures for applying for disability retirement.

Present law provides that a member becoming disabled from an injury sustained in the line of duty shall be entitled to a disability benefit equal to 60% of his FAC. Present law provides no benefit amount for disability for injuries not sustained in the line of duty.

Proposed law provides that a member becoming disabled from an injury sustained in the line of duty shall be entitled to a disability benefit equal to the greater of 60% of his FAC or what his regular retirement benefit would be given his years of service.

Present law provides that any amount received from Workers' Compensation or Social Security shall offset any disability benefit payable by HPRS.

Proposed law retains present law.

Proposed law provides that if the board determines that a disability retiree is able to engage in gainful employment, his retirement benefit shall be reduced to an amount, which combined with his earnings equals his FAC.

Proposed law provides that a disability retiree restored to active service at a salary less than his FAC shall not become a member of the system.

Present law and proposed law provide mechanisms for continued certification of eligibility for disability benefits.

Optional Allowances (R.S. 11:3687)

Present law provides an HPRS retiree with several benefit payment options for his monthly retirement benefit. A member may choose the "maximum option", whereby no benefits shall be payable to a beneficiary upon his death, or may choose from several options which actuarially reduce his monthly benefit but will provide a benefit to his designated beneficiary upon his death.

Proposed law retains present law and makes several technical clarifications.

Administration of HPRS (R.S. 11:3688)

Present law provides generally for an HPRS board of trustees. Provides that the board shall be responsible for the operation of HPRS, and may employ or appoint certain professionals to carry out such responsibility.

Proposed law retains present law but provides that all service providers for HPRS including CPAs, actuaries, attorneys, investment advisors, and plan administrators shall be chosen jointly by the board of trustees and the Board of Commissioners of the Port of New Orleans.

Proposed law removes references to a medical board responsible for certifying disability applications and instead allows the board of trustees to hire a firm to provide medical advice to the board of trustees.

Method of Financing (Employee and Employer Contributions, etc.) (R.S. 11:3690)

Present law provides that the employee contribution for members of HPRS shall be 7% of compensation.

Proposed law changes the employee contribution to 9% of compensation.

Present law provides for calculations of normal cost and accrued liability for the purposes of determining the employer contribution rate.

Proposed law makes various technical and administrative changes in making such calculations.

Present law sets a cap on the employer contribution at 13% of payroll.

Proposed law changes the employer cap to 20% of payroll.

Unclaimed Funds (R.S. 11:3690.2)

Present law provides that any funds or property in the HPRS trust that could be claimed by a member, his heirs, or his beneficiaries shall not be presumed to be abandoned and shall remain with the system continuously.

Proposed law provides that in the event of a merger of HPRS with another system, such unclaimed property shall be transferred to the new system and shall remain with that system continuously.

Errors and Omissions (R.S. 11:3696)

Proposed law provides that if any calculation error was made, which resulted in a member or beneficiary receiving the incorrect benefit amount, the HPRS board shall correct such mistake in a manner that is actuarially equivalent to the benefit that should have received. Further provides that the corrected benefit shall be paid prospectively. Further provides that the collection of overpayments or underpayments may be waived by the system if:

- (1) It is deemed not to be cost effective to the system to locate a beneficiary or the estate of a member; or
- (2) It is deemed by the board to be a hardship on the member or beneficiary.

Benefit Changes and Errors (R.S. 11:3698)

Proposed law provides that statutory benefit changes shall be prospective only, unless otherwise specified by the legislation enacting the changes.

Proposed law provides that should any errors in benefit calculations be discovered through an audit conducted in 2011, the errors shall be addressed pursuant to Present law and proposed law, prospectively, and in the following manner:

- (1) For members hired on 9/23/70, 6/21/79, 7/9/57, 1/3/59, and 6/28/61, whose retirement eligibility erroneously included unused sick leave toward service credit, the use of such leave shall be allowed.
- (2) For members hired on 8/29/1990 and 4/4/94, who were over the permissible age for membership in HPRS, such members shall continue to be allowed as members of HPRS.
- (3) For members hired on 7/1/47, 11/8/56, 7/9/57, 1/3/59, 6/28/61, 2/20/67, 7/3/68, 12/2/68, 1/2/69, 3/25/69, 4/21/69, 6/21/69, 10/4/69, 11/15/69, 9/23/70, and others, who were granted military service credit without paying for such credit, the use of such credit shall be allowed.
- (4) Act 484 of the 1985 Regular Legislative Session provided for an increase in accrual rate from 3% to 3.33%. The Act provided that the increase shall be effective upon the board's approval. The board never approved such increase. Proposed law provides that such increase shall be applied as though properly adopted by the board of trustees for all members employed on July 1, 2011, and all persons retired as of such date.
- (5) The increase to 3.33% and an increase in 1975 from 2.5% to 3% were implemented without guidance as to whether the increases were for future *and* past service. Proposed law provides that the increases shall be applicable to all service.
- (6) Any cumulative net overpayment error shall be forgiven and any cumulative net underpayment error shall be paid entirely in a lump sum.
- (7) For members hired on 3/27/68, 7/3/68, 12/3/68, 6/28/61, 3/30/71, 4/5/67, 3/25/60, 9/29/66, 9/23/70, 12/2/68, 7/28/69, 7/8/71, 6/21/69, 11/8/56, and 10/4/69 who transferred into HPRS at an accrual rate of 2.5% and were granted an accrual rate of 3% or 3.33% shall hire percentage shall be allowed.

Proposed law the adjustments permitted under proposed law shall cease to be effective on July 1, 2012.
