**2013 REGULAR SESSION
ACTUARIAL NOTE HB 58**

Bill Information:

Current Law

Current law identifies who may be a member in Municipal Police Employees' Retirement System (MPERS).

Proposed Law

HB 58 provides that persons satisfying the following conditions may be members of MPERS:

- Any legal investigator employed by the City of Baton Rouge and Parish of East Baton Rouge in the parish attorney's office who receives state supplemental pay and who transferred into the MPERS on the date of February 26, 2000, as a result of the merger agreement between the system and the city-parish of that date. Such legal investigators with a break in service thereafter retain system retiree status only to the extent of their deferred vested benefit for time prior to the break in service.

HB 58 will be applied retroactively and prospectively because it has been deemed to be remedial, curative and procedural.

Implications of the Proposed Changes

Individuals satisfying the membership criteria proposed by HB 58 have already been participating in MPERS. HB 58 provides language that merely codifies a long standing practice of the retirement system.
