12 C. The licensee must file the additional bond amount within thirty days from
13 the date such notice is mailed by the secretary. The secretary may immediately
14 revoke the licensee's license upon the expiration of the thirty-day period if the
15 licensee fails to provide the additional bond amount requested.

16 D. The surety must be authorized to engage in business within this state.
17 The surety bond shall be conditioned upon faithful compliance with the provisions
18 of this Part, including the filing of the returns and payment of all tax prescribed by
19 this Subpart. The surety bond shall be approved by the secretary as to sufficiency and
20 form and shall indemnify the state against any loss arising from the failure of the
21 licensee to pay for any cause the tax levied by this Subpart.

22 E. Any surety on an existing bond furnished by a person required to be
23 licensed may notify the secretary in writing of its intent to cancel the bond. The
24 secretary shall immediately notify the licensee of the intent of the surety to cancel,
25 and the licensee shall have thirty days from the date of receipt of such notice to
26 provide a sufficient replacement bond. The secretary may immediately cancel the
27 licensee's license upon expiration of the thirty-day period set out above if the
28 licensee fails to provide a new replacement bond. The surety requesting cancellation
29 shall remain liable for any liability already accrued or which shall accrue during the

1 thirty-day period set out above, but shall not be responsible for any liability which
2 accrues after said thirty-day period.

3 F. The secretary is authorized to waive the furnishing of this surety bond by
4 any licensee who meets all the following:

5 (1) Has and agrees to maintain assets in Louisiana of a net value of not less
6 than one and one-fourth times the amount of the bond which would otherwise be
7 required.

8 (2) Has not been delinquent in remitting taxes accrued or accruing under this
9 Subpart during the three-year period immediately preceding the filing of an
10 application for waiver of the bond.

11 G. If any licensee whose bond has been waived by the secretary becomes
12 delinquent in remitting taxes due under this Subpart, the secretary may require that
13 the licensee furnish a bond in the amount required in this Section, and such licensee
14 shall not be eligible for a waiver of the bond for a period of three years from the date
15 the bond is furnished.

16 §818.109. Duties of persons holding tax payments as trustees

17 A. A person who receives or collects tax due in accordance with the
18 provisions of this Subpart shall hold the amount received or collected in trust for the
19 benefit of the state and shall have a fiduciary duty to remit the amount of taxes
20 received or collected to the secretary in the manner required pursuant to the
21 provisions of this Subpart.

22 B. A retail dealer who receives a payment of tax under this Subpart may not
23 apply the payment of tax to a debt that the person making the payment owes for
24 compressed natural gas, liquefied natural gas, or liquefied petroleum purchased from
25 the retail dealer.

26 C. A person required to receive or collect a tax under this Subpart is liable
27 for and shall pay the tax in the manner provided by this Subpart.

28 §818.110. Returns and payments; discounts; penalties for failure to file

1 A. A licensed retail dealer shall file a quarterly return no later than the
2 twenty-fifth day of the month following the end of the reporting period. If a licensed
3 retail dealer files a return and remits the tax due on or before the due date, one
4 percent of the tax due is allocated to the licensed retail dealer for the expense of
5 collecting, accounting for, reporting, and timely remitting the taxes collected and for
6 keeping the records. The licensed retail dealer shall deduct the allocated amount
7 from the tax due when paying the tax to this state. A licensed retail dealer who has
8 not made taxable deliveries during the reporting period shall file a return with the
9 secretary that includes those facts. A return shall be filed with the secretary on forms
10 provided for that purpose and must contain the total gallons sold and used and other
11 information required by the secretary.

12 B. A licensed interstate trucker shall file a quarterly return and shall remit
13 the amount of the tax due by the twenty-fifth day of the month following the end of
14 the reporting period. If a licensed interstate trucker files a return and remits the tax
15 due on or before the due date, one-half of one percent of the tax paid on compressed
16 natural gas, liquefied natural gas, and liquefied petroleum gas used in this state by
17 the interstate trucker shall be allocated to the interstate trucker for the expense of
18 accounting for, reporting, and timely remitting the taxes due and for keeping the
19 records. The licensed interstate trucker shall deduct the allocated amount from the
20 tax due when paying the tax to Louisiana. If the allocated amount exceeds the
21 amount of tax due, the interstate trucker may file a refund claim with the secretary.
22 A return shall be filed with the secretary on forms provided for that purpose and shall
23 contain the number of miles traveled in this state, the number of miles traveled
24 outside this state, and other information required by the secretary. An interstate
25 trucker who is required to file a return and who has not made interstate trips or used
26 compressed natural gas, liquefied natural gas, or liquefied petroleum gas in motor
27 vehicles in this state during the reporting period shall file a return with the secretary
28 that includes those facts.

1 C. A licensed retail dealer may take a credit on a filed return if the retail
2 dealer paid the taxes imposed by this Subpart on compressed natural gas, liquefied
3 natural gas, or liquefied petroleum sold on account and the retail dealer determines
4 that the account is uncollectible and worthless. The credit authorized by this Section
5 shall only be applicable if the licensed retail dealer writes-off the account as a bad
6 debt on the retail dealer's accounting books. The return on which the credit shall be
7 taken shall state, if applicable, the name of the person whose account has been
8 written-off as a bad debt and any other information required by the secretary. The
9 amount of the credit may equal, but shall not exceed the amount of taxes paid on the
10 compressed natural gas, liquefied natural gas, or liquefied petroleum gas attributable
11 to the written-off account. If, after a credit is taken, the account on which the credit
12 was based is paid, or if the secretary otherwise determines that the credit was not
13 authorized, the retail dealer who took the credit shall pay the unpaid taxes plus a
14 penalty of ten percent of the amount of the unpaid taxes and interest. Interest shall
15 accrue beginning on the day the return showing the credit was filed and ending on
16 the date the taxes and penalty are paid.

17 D. The provisions of this Section shall not apply to a sale of compressed
18 natural gas, liquefied natural gas, or liquefied petroleum gas for which payment is
19 made through the use and acceptance of a credit card. The credit granted pursuant
20 to the provisions of this Section shall be taken at the time the account is written-off
21 as a bad debt but before the tax reporting period prescribes. The secretary may take
22 action against a person in relation to whom a retail dealer has taken a credit for
23 collection of the tax owed and for penalty and interest.

24 E. Failure to file any informational report or return within thirty days of the
25 due date of the report or return shall result in a penalty of one hundred dollars and
26 may result in a revocation of the license.

27 §818.111 Credit for certain taxes paid; school bus operators

28 A. The owner of any school bus, including school board owned buses, which
29 transports Louisiana students and which is propelled by an internal combustion

1 engine or motor capable of using liquefied natural gas, liquefied petroleum gas, or
2 compressed natural gas as fuel shall pay the tax levied on such fuel but shall be
3 entitled to a credit equal to fifty percent of the taxes paid. The credit provided for
4 in this Section shall be claimed on a return filed for the period in which a fuel
5 purchase occurred.

6 B. The right to claim a credit pursuant to the provisions of this Section shall
7 not be assignable.

8 C. Claims for refund by school bus owners shall be submitted annually by
9 the first day of August of each year on forms provided by the secretary and shall list
10 the taxes paid during the academic school year ending no later than June thirtieth of
11 the year for which the credit is being filed. The reimbursement provided for in this
12 Subsection shall be paid from the Parish Transportation Fund allocable to the parish
13 from which the credit is claimed if the credit is from a public school district in this
14 state and the fuel was delivered into the fuel supply tank of a school bus operated
15 exclusively by the district.

16 D. The secretary may promulgate rules and regulations in accordance with
17 the provisions of the Administrative Procedure Act specifying procedures and
18 requirements that shall be required in order to file for and receive the credit.

19 §818.112. Refund Claims

20 A. All claims for a refund shall be filed on a form provided by the secretary,
21 shall be supported by the original invoice issued by the retail dealer, and shall
22 contain all of the following:

23 (1) The stamped or preprinted name and address of the retail dealer.

24 (2) The name of the purchaser or person who received the delivery of the
25 fuel.

26 (3) The date of delivery of the fuel or the date the invoice was issued, if
27 different from the date the fuel was delivered.

28 (4) The number of gasoline or diesel gallon equivalents of compressed
29 natural gas, liquefied natural gas, or liquefied petroleum gas delivered.

1 (5) The rate and amount of tax, separately stated from the selling price.

2 (6) The type of vehicle or equipment into which the fuel is delivered.

3 B. The purchaser or person who received the delivery of compressed natural
4 gas, liquefied natural gas, or liquefied petroleum gas shall obtain the original invoice
5 from the retail dealer not later than the thirtieth day after the date the fuel was
6 delivered. If the purchase or delivery of fuel is made through an automated method
7 in which the purchase or delivery is automatically applied to the purchaser or
8 recipient's account, one invoice may be issued at the time of billing that covers
9 multiple purchases or deliveries made during a thirty-day billing cycle.

10 C. The secretary shall pay a refund to a person who files a valid refund
11 claim. After examining the refund claim and before issuing the refund, the secretary
12 shall deduct from the amount of the refund, the one percent originally deducted by
13 the retail dealer.

14 D. A person who files a claim for a tax refund on compressed natural gas,
15 liquefied natural gas, or liquefied petroleum gas used for a purpose for which a tax
16 refund is not authorized or who files an invoice supporting a refund claim on which
17 the date, figures, or any material information has been falsified or altered, shall
18 forfeit his right to the entire amount of the refund claim filed unless the claimant
19 provides satisfactory proof to the secretary that the incorrect refund claim filed was
20 due to a clerical or mathematical calculation error.

21 §818.113. Records required to be maintained; inspection by the secretary

22 A. A retail dealer shall keep a record of all of the following:

23 (1) Compressed natural gas, liquefied natural gas, and liquefied petroleum
24 gas inventories at the first of each month.

25 (2) The amount of natural gas compressed by the retail dealer, the amount
26 of natural gas liquefied by the retail dealer, and the amount of petroleum gas
27 liquefied by the retail dealer.

1 (3) All compressed natural gas, liquefied natural gas, and liquefied
2 petroleum gas purchased or received, showing the name of the seller and the date of
3 each purchase or receipt.

4 (4) All compressed natural gas, liquefied natural gas, and liquefied
5 petroleum gas sold and delivered into the fuel supply tank of a motor vehicle,
6 including the date of each sale.

7 (5) All compressed natural gas, liquefied natural gas, and liquefied
8 petroleum gas sold but not delivered into the fuel supply tank of a motor vehicle,
9 including the date of each sale.

10 (6) All compressed natural gas, liquefied natural gas, and liquefied
11 petroleum gas delivered into the fuel supply tank of a motor vehicle not in
12 connection with a sale, including the date of each delivery.

13 (7) All compressed natural gas, liquefied natural gas, and liquefied
14 petroleum gas delivered into the fuel supply tank of a motor vehicle or other
15 equipment exempt from tax or sold to the operator of a motor vehicle or owner of
16 equipment exempt from the tax, including the name of the operator of the vehicle or
17 the owner of the equipment and the date of the delivery or sale.

18 (8) All compressed natural gas, liquefied natural gas, and liquefied
19 petroleum gas lost by fire, theft, or accident.

20 B. An interstate trucker shall keep a record of the total miles traveled in all
21 states by all vehicles traveling to or from this state and the total quantity of
22 compressed natural gas, liquefied natural gas, or liquefied petroleum gas consumed
23 in those vehicles and the total miles traveled in this state and the total quantity of
24 compressed natural gas, liquefied natural gas, or liquefied petroleum gas purchased
25 and delivered into the fuel supply tanks of motor vehicles in this state.

26 C. The records required to be kept pursuant to the provisions of this Section
27 shall be kept until the fourth anniversary of the date they were created and shall be
28 open to inspection at all times by the secretary or his designee. In addition to the

1 records specifically required by this Section, a licensee or a person required to hold
2 a license shall keep any other records required by the secretary.

3 §818.114. Notice of discontinuance, sale, or transfer of business

4 A. Prior to discontinuing any business issued a license pursuant to the
5 provisions of this Subpart, the licensee shall notify the secretary in writing at least
6 thirty days prior to the time the discontinuance, sale, or transfer takes effect and shall
7 surrender the license to the secretary. The notice shall state the effective date of the
8 discontinuance and, if the licensee has transferred the business or otherwise
9 relinquished control to another person by sale or otherwise, the date of the sale or
10 transfer and the name and address of the person to whom the business was
11 transferred or relinquished. The notice shall also include any other information
12 required by the secretary.

13 B. If a licensee liable for any tax, interest, or penalty levied in accordance
14 with this Subpart sells or transfers the business or quits the business, the licensee
15 shall make a final return and payment within fifteen days after the date of selling,
16 transferring, or quitting the business. The successor, successors, or assigns, if any,
17 shall withhold sufficient amounts of the purchase monies to cover the amount of
18 taxes, interest, and penalties due and unpaid until such time as the former owner shall
19 produce a receipt from the secretary showing that all taxes, interest, and penalties
20 have been paid, or a certificate stating that no taxes, interest, or penalties are due. If
21 the purchaser of a business fails to withhold purchase money, the purchaser shall be
22 personally liable for the payment of the taxes, interest, and penalties accrued and
23 unpaid on the account of the operation of the business by any former owner, owners,
24 or assigns.

25 C. In the case of a licensee who has quit a business but who subsequently
26 opens another similar business under the same ownership, whether that ownership
27 is individual, partnership, corporation, or other, that licensee shall be liable for any
28 tax, interest, or penalty owed by the original business.

29 §818.115. Engaging in business without a license; penalty

1 Any person who engages in or does any business activity for which a license
2 is required by this Subpart without having first obtained and subsequently retain a
3 valid license shall be subject to a penalty of ten thousand dollars for a first violation.
4 For each subsequent violation, the penalty shall be multiplied by the sum of the
5 current violation plus all prior violations. Penalties prescribed under this Section
6 shall be assessed, collected, and paid in the same manner as the tax.

7 §818.116. Failure to pay tax or furnish bond; subject to attachment; suit to enjoin
8 further pursuit of business

9 A. Failure to pay any tax levied in this Subpart or any interest, penalties, or
10 applicable costs or failure to furnish bond as provided in this Subpart shall ipso facto
11 and without demand or putting in default, make the tax, penalties, and interest
12 delinquent and shall be construed as an attempt to avoid the payment of the tax,
13 penalties, and interest, which shall be sufficient grounds for attachment of the
14 compressed natural gas, liquefied natural gas, or liquefied petroleum gas, wherever
15 the same may be located or found, whether the delinquent taxpayer is a resident or
16 nonresident of this state and whether the compressed natural gas, liquefied natural
17 gas, or liquefied petroleum gas is in the possession of the delinquent taxpayer or in
18 the possession of other persons. The compressed natural gas, liquefied natural gas,
19 or liquefied petroleum gas licensees shall be made responsible for the payment of the
20 applicable tax levied in this Subpart, together with any interest, penalties, and costs
21 accruing thereon, and the secretary may attach, seize, or sequester any compressed
22 natural gas, liquefied natural gas, or liquefied petroleum gas subject to tax under this
23 Subpart when the tax is not paid when it was due and payable. The procedure
24 prescribed by law shall be followed except that the secretary shall not be required to
25 provide a bond.

26 B. When a licensee fails to pay any tax levied under this Subpart, interest,
27 penalties, or applicable costs or fails to furnish bond as provided in this Subpart, the
28 secretary may file for a rule on the licensee, by motion in a court of competent
29 jurisdiction, to show cause as to why the licensee should not be ordered to cease

1 from further pursuit of business as a licensee. The rule shall be heard by the court
2 not less than two days nor more than ten days, exclusive of holidays, after service of
3 the rule on the licensee. Furthermore, the rule may be tried out of term and in
4 chambers, and shall be tried by preference. If the rule is made absolute, the order
5 rendered by the court shall be considered a judgment in favor of the state prohibiting
6 the licensee from the further pursuit of the business until the licensee has paid the
7 delinquent tax, penalties, and interest and, has furnished the bond required by this
8 Subpart. Every violation of the injunction shall be considered a contempt of court
9 and shall be punishable in accordance with law.

10 C. When a bond has been furnished by the licensee, the surety on the bond
11 may be joined in the rule with the licensee and held liable in solido for the amount
12 of tax, interest, penalties, attorney fees, and costs.

13 §818.117. Power to stop and investigate vehicles; fines, collection, and enforcement

14 A. The secretary, his authorized designee, any weights and standards police
15 officer, or any motor carrier safety police officer shall be empowered to stop any
16 commercial motor vehicle which appears to be operating with compressed natural
17 gas, liquefied natural gas, or liquefied petroleum gas for the purpose of examining
18 the invoices and other investigative purposes reasonably necessary to determine
19 whether the taxes imposed by this Subpart have been paid or whether the vehicle is
20 being operated in compliance with the provisions of this Subpart.

21 B. If, after examination or investigation, it is determined that the tax imposed
22 by this Subpart has not been paid with respect to the compressed natural gas,
23 liquefied natural gas, or liquefied petroleum gas being used in the vehicle, the
24 secretary, his authorized designee, weights and standards police officer, or the motor
25 carrier safety police officer may assess the tax due together with the applicable
26 penalty provided in this Subpart, to the owner or driver of the vehicle.

27 C. The secretary, his authorized designee, weights and standards police
28 officer, or motor carrier safety police officer may impound any vehicle found to be
29 operating in violation of this Subpart or any vehicle for which inspection has been

1 refused until such time as an inspection has been completed or any tax, interest,
2 penalties, and other charges assessed as provided in this Subpart have been paid.

3 §818.118. Authorization to search; seizure of equipment for evidence

4 A. The secretary may search and examine any warehouse, boat, store,
5 storeroom, automobile, truck, conveyance, vehicle, or any and all places of storage,
6 or any and all means of transportation, where there is probable cause to believe the
7 terms of this Subpart have been, or are being violated.

8 B. Any automobile, truck, boat, conveyance, vehicle, or other means of
9 transportation caught or detected transporting compressed natural gas, liquefied
10 natural gas, or liquefied petroleum gas on which the tax levied pursuant to this
11 Subpart has not been paid shall be prohibited and the means used in the
12 transportation of the compressed natural gas, liquefied natural gas, or liquefied
13 petroleum shall be subject to seizure by the collection and forfeiture and sale as
14 provided in this Subpart.

15 §818.119. Inspection of records, storage facilities; penalty

16 A. The secretary may examine the books, records, and other documents of
17 all companies, agencies, or firms operating in this state, whether these companies,
18 agencies, or firms conduct their business by rail, water, or otherwise, in order to
19 determine licensees that are importing or otherwise shipping compressed natural gas,
20 liquefied natural gas, or liquefied petroleum which are liable for tax under this Part.
21 The examination by the secretary authorized by this Section shall be conducted
22 during reasonable business hours of the licensee.

23 B. Any person who refuses to permit an inspection of records or storage
24 facilities or refuses to permit an audit shall be subject to a penalty of five thousand
25 dollars in addition to any other penalty imposed in accordance with provisions of this
26 Subtitle.

27 §818.120. Unlawful importing, transportation, delivery, storage, or sale of
28 compressed natural gas, liquefied natural gas, or liquefied petroleum; sale to
29 enforce assessment

1 A. Upon the discovery of any compressed natural gas, liquefied natural gas,
2 or liquefied petroleum gas illegally imported into or illegally transported, delivered,
3 stored, or sold in this state, the secretary shall order the tank or other storage
4 receptacle in which the compressed natural gas, liquefied natural gas, or liquefied
5 petroleum gas is located to be seized and locked or sealed until the tax, interest, and
6 penalties levied or imposed in accordance with the provisions of this Subpart are
7 assessed and paid.

8 B. If the tax is not paid within thirty days of the assessment, the secretary
9 may, in addition to other remedies authorized in this Subpart, sell the compressed
10 natural gas, liquefied natural gas, or liquefied petroleum gas and use the proceeds of
11 the sale to satisfy the assessment due. Any funds collected from the sale that exceed
12 the assessment and costs of the sale shall be returned to the owner of the compressed
13 natural gas, liquefied natural gas, or liquefied petroleum gas.

14 C. All compressed natural gas, liquefied natural gas, or liquefied petroleum
15 gas, and any property, tangible or intangible, found on the person or in any vehicle
16 that the person is using, including the vehicle itself, to aid in the transportation or
17 sale of illegally transported, delivered, stored, sold, imported, or acquired
18 compressed natural gas, liquefied natural gas, or liquefied petroleum gas, and any
19 property found in the immediate vicinity of any place where the illegally transported,
20 delivered, stored, sold, imported, or acquired compressed natural gas, liquefied
21 natural gas, or liquefied petroleum gas is located, including motor vehicles, tanks,
22 and other storage devices, used to aid in the illegal transportation or sale of
23 compressed natural gas, liquefied natural gas, or liquefied petroleum gas shall be
24 subject to seizure, forfeiture, and sale by the secretary in the manner provided for in
25 this Subpart.

26 §818.121. Procedure for forfeiture and sale

27 A. The secretary may, in a summary proceeding or by an action against the
28 owner or operator of any automobile, truck, boat, conveyance, vehicle, or other
29 means of transportation used in the transportation, of any compressed natural gas,

1 liquefied natural gas, or liquefied petroleum on which a tax is levied by this Subpart,
2 and on which the tax has not been paid in the manner therein provided, to demand
3 the forfeiture and sale of the automobile, truck, boat, conveyance, vehicle, or other
4 means of transportation used in the illegal transportation.

5 B. In all cases where it is made to appear by affidavit, that the residence of
6 the owner of the automobile, truck, boat, conveyance, vehicle, or other means of
7 transportation is out of state or is unknown to the secretary, the court having
8 jurisdiction of the proceeding shall appoint an attorney to represent the absent owner,
9 against whom the rule shall be tried contradictorily within ten days after the filing
10 of the rule. The affidavit may be made by the secretary, one of his assistants, or the
11 attorney representing the secretary, if it is not convenient to obtain the affidavit from
12 the secretary. The attorney appointed to represent the absent owner may waive
13 service and citation of the petition or rule, but shall not waive time or any legal
14 defense.

15 C. If it is established during the trial that the automobile, truck, boat,
16 conveyance, vehicle, or other means of transportation was used to transport
17 compressed natural gas, liquefied natural gas, or liquefied petroleum on which the
18 tax had not been paid, then the court shall order the forfeiture of the automobile,
19 truck, boat, conveyance, vehicle, or other means of transportation. The court shall
20 also order the sale of the vessel subject to forfeiture after ten days notice by
21 advertisement in the official parish paper where the seizure was made. The sale shall
22 be made by the civil sheriff of the parish of Orleans, or by the sheriff of the parish
23 in which the seizure is made, at public auction at the courthouse to the highest bidder
24 for cash and without appraisal. It is the intent and purpose of this Section to afford
25 the owner of the automobile, truck, boat, conveyance, vehicle, or other means of
26 transportation a fair opportunity for a court hearing and that the forfeiture and sale
27 of the automobile, truck, boat, conveyance, vehicle, or other means of transportation
28 shall operate as a penalty for the violation of this Subpart by illegal transportation.

1 The payment of the tax due at the moment of the seizure or thereafter shall not
2 prevent, abate, discontinue, or defeat the forfeiture and sale of the seized property.

3 D. All funds collected from the seized and forfeited property shall be paid
4 into the state treasury and credited to the same fund or funds that would have
5 received credit for the tax on the product illegally transported.

6 E. The court shall fix the fee of the attorney representing the owner when
7 appointed by the court, at a nominal sum not to exceed ten percent. The attorney
8 fees shall be taxed as costs and shall be paid out of the proceeds of the sale of the
9 property.

10 §818.122. Commission of prohibited acts; misdemeanors; felonies; penalties

11 A. Any person who commits any of the following offenses is guilty of a

5 delivered, or used.

7 petroleum gas under a false cargo manifest or shipping document, or transports
8 compressed natural gas, liquefied natural gas, or liquefied petroleum gas to a
9 location without delivering a shipping document relating to that shipment.

10 B. Any person who commits any of the following offenses with the intent
11 either to evade or circumvent the tax levied by this Subpart or to assist any other
12 person in efforts to evade or circumvent the tax levied by this Subpart shall be guilty
13 of a felony, and upon conviction, shall be fined not less than five thousand dollars

HB 736 Original

2015 Regular Session

Ortego

Abstract: Provides relative to the state excise tax levied on special fuels and provides for the administration and collection of the tax.

Present law provides for the levy of a tax of 16¢ per gallon on all special fuels including compressed natural gas, liquefied natural gas, and liquefied petroleum gas (hereinafter "special fuel") sold, used, or consumed in the state for the operation of motor vehicles licensed or required to be licensed for highway use. Present law levies an additional tax of

4¢ dedicated to the Transportation Infrastructure Model for Economic Development (TIMED) Program.

Present law requires owners and operators of motor vehicles with a gross weight of 10,000 pounds or less to pay the tax levied pursuant to present law for special fuels in accordance with an annual flat rate equal to 80% of \$150, based on a 16¢ per gallon special fuels tax rate or a variable rate of 80% of the current special fuels tax rate. The owner or operator of a motor vehicle having a gross weight of more than 10,000 pounds shall pay the special fuels tax by paying the rate of 80% of the special fuels tax rate in effect on the fuel used. The aggregate annual tax paid for these vehicles shall not be less than 80% of \$150 based on a 16¢ per gallon special fuels tax per motor vehicle. Present law provides for a schedule for determining the amount of special fuel used the previous year based on the gross weight of the vehicle and the miles per gallon

Proposed law changes present law in that, beginning Jan. 1, 2016, the tax levied on special fuels shall not be collected pursuant to the annual decal but rather the amount of the tax shall be converted from a tax levied per gallon on such special fuel to a tax levied per gallon but based on the special fuel's energy content as follows:

- (1) Diesel gallon equivalent for liquefied natural gas (LNG) shall be equal to 6.060 pounds of LNG and shall be the unit of measurement of the tax levied pursuant to the provisions of proposed law.
- (2) Diesel gallon equivalent for liquefied petroleum gas (LPG) shall be equal to 4.2 pounds of LPG and shall be the unit of measurement of the tax levied pursuant to proposed law.
- (3) Gasoline gallon equivalent for compressed natural gas (CNG) shall be equal to 5.660 pounds of CNG and shall be the unit of measurement of the tax levied pursuant to proposed law.

Present law requires owners of school buses propelled by a special fuel that are used to transport La. students to pay one-half of the annual flat rate. Further authorizes a credit for the owner of any school bus which operates on special fuel which transports La students to pay the tax levied on the fuel. School bus owners shall be entitled to a credit equal to 50% of the taxes paid. The credit shall be claimed on a return filed for the period in which a fuel purchase occurred.

Proposed law retains present law.

Proposed law provides that the person or entity possessing a special fuels license shall be considered a retail dealer for purposes of imposition of the tax levied on special fuels and shall be the party liable for the tax. The retail dealer shall add the tax to the selling price of the fuel so that the tax is paid by the ultimate consumer or purchaser of the fuel. The tax shall become part of the sales price of the special fuel and shall be considered a debt of the purchaser to the retail dealer. If unpaid, the tax shall be recoverable in the same manner as the original sales price. The retail dealer shall provide an invoice or receipt to the purchaser that states the rate and amount of tax added to the selling price or that indicates that no tax was added to the selling price.

Proposed law provides that the special fuels tax is imposed on the delivery of special fuels into the fuel supply tank of a motor vehicle by a special fuel fleet user or other retail dealer not in connection with a sale of the special fuel. The special fuel fleet user or other retail dealer shall be the liable party for the tax. The retail dealer shall add the tax to the selling price of the fuel so that the tax is paid by the ultimate consumer or purchaser of the fuel. The tax shall become part of the sales price and shall be considered a debt of the purchaser to the retail dealer. If unpaid, the tax shall be recoverable in the same manner as the original sales price. The retail dealer shall provide an invoice or receipt to the purchaser that states

the rate and amount of tax added to the selling price or indicates that no tax was added to the selling price.

Present law requires persons who install or alter special fuel carburetion equipment to file a written report, on forms prescribed by the secretary, not later than 15 days after the installation or alteration of the equipment. Failure to file the report shall subject the person to a penalty of \$100. The penalty shall be multiplied by the number of vehicles on which installation or alterations were performed.

Proposed law repeals present law.

Proposed law provides that all special fuel sold by a special fuels dealer and delivered into the fuel supply tank of a motor vehicle is presumed to be subject to tax, and the retail dealer is liable for the tax unless the retail dealer maintains adequate records to establish that the fuel was exempt from tax. Further provides that all special fuel delivered into the fuel supply tank of a motor vehicle by a special fuel fleet user or other special fuels retail dealer not in connection with a sale is presumed to be subject to tax, and the special fuel fleet user or other retail dealer is liable for the tax unless the special fuel fleet user or other retail dealer maintains adequate records to establish that the fuel was exempt from the tax.

Present law requires persons who operate a motor vehicle powered by a special fuel on the highways of this state to apply for permission to operate on the highways of this state. The application shall be on a form prescribed by the secretary. When the applicant pays the annual flat rate for the tax, the secretary shall issue the applicant a decal which signifies that the special fuel tax has been paid. Present law requires the secretary to provide for a procedure for the annual payment of the tax and issuance of the decal. Failure to obtain an annual decal shall result in a penalty to be assessed of \$50 for a first violation and a penalty of \$100 for each subsequent violation.

Proposed law repeals present law as it relates to issuance of an annual decal.

Proposed law prohibits a person from selling or delivering special fuel into the fuel supply tank of a motor vehicle and on which tax is imposed unless the person holds a special fuel retail dealer's license. Proposed law provides for requirements for the application for a special fuel retail dealer's license including the form provided by the secretary and the amount of the bond required to be provided. A special fuel retail dealer's license is not transferable and shall remain in effect until surrendered, canceled, or revoked. The license must be posted in a conspicuous place or kept available for inspection at the principal place of business of the license holder.

Proposed law provides that a special fuel retail dealer's license shall be permanent and valid during the period the license holder has in force and effect the required bond or security and furnishes timely reports and supplements as required by the secretary, or until the license is surrendered by the license holder or canceled by the secretary. Proposed law requires the secretary to cancel a license if the license holder has not reported a delivery of special fuel during the previous nine months.

Proposed law requires the secretary to maintain a record of all persons to whom a license has been issued and all persons holding a current license by license category.

Proposed law provides for an interstate trucker's license which authorizes a person who commercially operates certain motor vehicles fueled by special fuel to report and pay the tax and take a credit or claim a refund as provided in proposed law. Further provides for requirements and limitations for interstate trucker's licenses.

Proposed law provides for general requirements regarding license applications, form requirements, and bond requirements. Upon approval of the bond required pursuant to proposed law, the secretary is required to issue the appropriate license or licenses to an

applicant. Proposed law includes specific conditions in which the secretary may refuse to issue a license to the applicant or any principal of the applicant, such as if a license or registration issued by another state was revoked, denied, or canceled for cause or if a federal certificate of registry was revoked, and if the applicant or any principal of the applicant has been convicted of any offense involving fraud or misrepresentation or has been convicted of any other offense that indicates that the applicant or any principal of the applicant may not comply with proposed law.

Proposed law prohibits the secretary from issuing a license if an applicant or anyone connected with the applicant's business has been convicted of a felony.

Proposed law authorizes the secretary to revoke a license after sending written notice by certified mail to the licensee's last known address for certain specific reasons including the licensee filing a false return, report of data, or the failure, refusal, or neglect of the licensee to file a return or report.

Proposed law prohibits the secretary from granting a license or requires the secretary to suspend a license previously granted for a period of at least 30 days, or until such time as the applicant supplies the secretary with evidence to the contrary, where there is prima facie evidence, at the discretion of the secretary, that the applicant is not a person of good moral character, or has violated the provisions of proposed law. The period of suspension shall not exceed 90 calendar days from the date of suspension, unless at the end of the 90 day period, the secretary determines that the reason for the suspension has not been resolved.

Proposed law provides for the cancellation, revocation, or surrender of a license in specific circumstances.

Proposed law requires license applicants to file surety bonds executed in favor of the secretary when the secretary approves an application. The amount of the bond varies depending on the license the applicant is applying for. The secretary is authorized to waive the surety bond requirements when a licensee agrees to maintain assets in La. of a net value of not less than one and one-fourth times the amount of the bond which would otherwise be required or when a licensee has not been delinquent in remitting taxes accrued or accruing during the three-year period immediately preceding the filing of an application for waiver of the bond.

Proposed law requires a person who receives or collects special fuel taxes to hold the amount received or collected in trust for the benefit of the state and shall have a fiduciary duty to remit the amount of taxes received or collected to the secretary. A retail dealer who receives a payment of tax may not apply the payment of tax to a debt that the person making the payment owes for special fuel purchased from the retail dealer.

Proposed law requires a licensed retail dealer and a licensed interstate trucker to file a quarterly return no later than the 25th day of the month following the end of the reporting period. If a licensed retail dealer files a return and remits the tax due on or before the due date, 1% of the tax due is allocated to the licensed retail dealer for the expense of collecting, accounting for, reporting, and timely remitting the taxes collected and for keeping the records.

Proposed law provides generally for claims for refunds of special fuel taxes paid on forms provided by the secretary and documentation which must accompany claims for refund.

Proposed law requires retail dealers and interstate truckers to maintain certain records until the fourth anniversary of the date they were created. Records shall be open to inspection at all times by the secretary.

Proposed law requires a licensee to notify the secretary in writing at least 30 days prior to the discontinuance, sale, or transfer of a business and to surrender the license to the secretary. Provides for information which shall be included in the notice of discontinuance. If a licensee liable for any tax, interest, or penalty sells or transfers the business or quits the business, the licensee shall make a final return and payment within 15 days after the date of selling, transferring, or quitting the business. The successor or assigns, if any, shall withhold sufficient amounts of the purchase monies to cover the amount of taxes, interest, and penalties due and unpaid until such time as the former owner shall produce a receipt from the secretary showing that all taxes, interest, and penalties have been paid, or a certificate stating that no taxes, interest, or penalties are due.

Proposed law prohibits a person from engaging in any business activity for which a license is required without first obtaining and subsequently retaining a valid license. Failure to obtain a valid license shall result in the levy of a penalty of \$10,000 for a first violation. For each subsequent violation, the penalty shall be multiplied by the sum of the current violation plus all prior violations.

Proposed law provides for remedies for the Dept. of Revenue to enforce collection and remittance of the special fuels tax, interest, penalties, or applicable costs or failure to furnish bond. Further authorizes the secretary and other law enforcement officers to stop any commercial motor vehicle which appears to be operating with special fuels for the purpose of examining the invoices to determine whether the taxes imposed by present law have been paid. If it is determined that the tax has not been paid, the secretary or law enforcement officer may assess the tax due together with the applicable penalty to the owner or driver of the vehicle. Proposed law authorizes the impoundment of any vehicle found to be operating in violation of proposed law or any vehicle for which inspection has been refused until an inspection has been completed or any tax, interest, penalties, and other charges have been paid.

Proposed law authorizes the secretary to search and examine any warehouse, boat, store, storeroom, vehicle, or any and all means of transportation, where there is probable cause to believe proposed law is being violated. The secretary may examine the books and records of companies or firms operating in this state in order to determine licensees that are importing or otherwise shipping special fuel which is subject to the tax. Failure of a person to allow an inspection of records or storage facilities or refuses to permit an audit shall result in a penalty of \$5,000 in addition to any other penalty imposed by law.

Proposed law provides for the seizure of special fuel when it is discovered that special fuel is illegally imported into or illegally transported, delivered, stored, or sold in this state until the tax, interest, and penalties levied or imposed are assessed and paid. Proposed law further authorizes the secretary to take action in a summary proceeding against the owner of any automobile or truck used in the illegal transportation of special fuels to demand the forfeiture and sale of the automobile or truck used in the illegal transportation. All funds collected from the seized and forfeited property shall be paid into the state treasury. Requires the court to fix attorney fees representing the owner when appointed by the court at a rate not to exceed 10%.

Proposed law provides for a listing of offenses that constitute a misdemeanor, and upon conviction, shall be fined not less than \$1,000 nor more than \$5,000 or imprisoned not more than two years, or both. Proposed law provides for a listing of offenses which, if committed with the intent of evading tax, and upon conviction, shall be fined not less than \$5,000 nor more than an amount commensurate to the amount of tax combined with interest and penalties lost to the state due to the illegal actions or imprisoned with or without hard labor for not less than two nor more than 10 years, or both.

Effective July 1, 2015.
