10 A. The state Department of Education, referred to in this Section as the
11 "department", shall allocate funding, out of monies appropriated for such purpose,
12 to each public school system that applies for such funding and uses the funding
13 solely for the purpose of providing a program for early childhood development and
14 enrichment activity classes in compliance with the requirements of this Section,
15 which shall be named "The Cecil J. Picard LA 4 Early Childhood Program" and shall
16 be referred to in this Section as "the LA 4 program". Such classes shall be referred
17 to in this Section as "LA 4 classes".

19 to every eligible child. To be eligible for the LA 4 program, a child shall meet all
20 of the following criteria:

5 (1) For children who are "at risk", as defined in the rules and regulations of
6 the State Board of Elementary and Secondary Education, referred to in this Section
7 as the "state board", the LA 4 program shall be provided at no cost, except for any
8 applicable lunch cost and the cost of before and after care.

9 (2) For children who are not "at risk", tuition may be charged on a sliding
10 scale in an amount not to exceed that necessary for the public school system to
11 provide the program.

12 (3) For all children, both "at risk" and not "at risk", each public school
13 system offering the LA 4 program may charge a fee for the cost of meals and the cost
14 of before and after care, subject to state board rules and regulations.

15 D. Beginning with LA 4 program applications for the 2015-2016 school
16 year:

17 (1) The department shall annually determine the demand for the LA 4
18 program.

19 (2) The state board shall consider such demand, the availability of public
20 funds to support the program, and the eligibility of public school systems to receive
21 funds for the program and annually determine the following:

23 eligibility requirements provided in Subsection B of this Section and who are
24 determined to be "at-risk".

4 regulation of any provider is compromised or violated, and a clear demarcation of
5 responsibility as to costs, employee supervision, and program administration is
6 maintained.

7 F.(1) Beginning with the 2014-2015 school year and continuing thereafter,
8 each participating school system shall use a percentage of the total increase in
9 funding for the LA 4 program received each year in excess of the amount received

12 children residing within the geographic boundaries of the school system, that meet

14 Subsection, and that have attained the minimum quality rating as established by the

10 nonschool system providers of early childhood education to meet the requirements
11 of the LA 4 program, including providing teachers employed by the school system
12 to teach LA 4 classes in nonschool system provider settings, provided such teachers
13 are certified to serve as a lead teacher in accordance with Subparagraph (H)(3)(a) of
14 this Section.

15 (5) A nonschool system provider of early childhood education that serves
16 children residing within the jurisdiction of a participating public school system and

14 participating school system pursuant to such law relative to criminal history review.

15 (7)(a) A waiver of the requirement specified in Paragraph (1) of this

18 least one of the following conditions:

19 (i) There are no early learning centers located within the geographic
