2022 Regular Session

Edmonds

Abstract: Removes prohibition on disbursement of state appropriated funds for school nutrition programs.

Present law provides for meals for students in elementary and secondary schools and other aspects of a school nutrition program. Authorizes the Dept. of Education to take actions to implement such programs and disburse state and federal funds therefor.

Present law prohibits disbursement of state appropriated funds for school nutrition programs to any private person or for profit entity. Excepts the Child and Adult Care Food program and any elementary or secondary school operated by La. State University or Southern University.

Proposed law removes this prohibition.
