

1           WHEREAS, in the seven months following the initial declaration of a public health  
2 emergency by Governor Edwards, the medical supply chain has recovered and is capable of  
3 meeting the current demands for COVID-19-related medical equipment and supplies; and

4           WHEREAS, after seven months of state-directed effort, the emergency systems and  
5 procedures that have been put in place, along with a sustainable medical supply chain and  
6 an informed public, have overcome what was initially an imminent threat to our residents  
7 and healthcare system caused by the spread of COVID-19 and a strained medical supply  
8 chain; and

9           WHEREAS, the continuation of the existing drastic measures currently in place  
10 pursuant to Proclamation Number 117 JBE 2020 and Proclamation Number 123 JBE 2020  
11 are creating unnecessary and tragic business and societal hardships; and

12           WHEREAS, the legislature, by petition, has full authority to terminate an entire state  
13 of emergency or public health emergency and to establish an unlimited period of time during  
14 which the governor may issue no other declaration of a state of emergency or public health  
15 emergency as provided by R.S. 29:724(B)(2) and 768(B); and

16           WHEREAS, the Constitution of Louisiana, as provided by Article III, Section 20,  
17 authorizes the legislature to suspend a law and fix the period of suspension which shall not  
18 extend beyond the sixtieth day after final adjournment of the next regular session; and

19           WHEREAS, it is the intent of the legislature to employ its least burdensome and  
20 restrictive authority by narrowing the termination of the state of emergency or public health  
21 emergency and the period of time within which the governor is prohibited from issuing  
22 another declaration of a state of emergency or public health emergency instead of completely  
23 terminating his authority for an unlimited time-period or completely suspending his authority  
24 for a lengthy time-period; and

25           WHEREAS, the purpose of this Resolution is to prohibit the governor from issuing  
26 any further declarations or extensions of declarations intended to address the COVID-19  
27 pandemic, and to limit the suspension for a short time-period; and

28           WHEREAS, this Resolution does not seek to limit the governor's authority to issue  
29 other declarations unrelated to the COVID-19 pandemic.

1           THEREFORE, BE IT RESOLVED that the Legislature of Louisiana hereby suspends  
2 the provisions of R.S. 29:724(A) and (B)(1), 766(A) and (B), and 768(A), which grant the  
3 authority to the governor to declare or renew a state of emergency or public health  
4 emergency only as they apply to the COVID-19 pandemic.

5           BE IT FURTHER RESOLVED that this suspension shall become effective upon  
6 adoption of this Resolution and shall extend through the thirtieth day after final adjournment  
7 of the 2020 Second Extraordinary Session of the Legislature of Louisiana.
