Present constitution authorizes the legislature to establish a procedure to determine a projected deficit and a method for adjusting appropriations to eliminate the deficit.

Present constitution authorizes the governor, with legislative approval, to reduce up to 5% of appropriations or allocations from the state general fund and dedicated funds in any fiscal year in which a deficit is projected and reductions of at least seven-tenths of 1% in appropriations from the state general fund have already occurred. Further provides that such reductions to the Minimum Foundation Program (MFP) shall be limited to 1% and shall not be applicable to instructional activities.

1% less than for the current year.
