9           **accrued liability attributable to the elector. This election may be made at any**  
10          **time by written notification to the board of trustees of the system. The**  
11          **notification shall include the prospective date on which the elector plans to**  
12          **extinguish his unfunded accrued liability. The governing authority of the elector**

28          **in which the election is made.**

29                  **(2) The elector may request that the actuarial cost of expected future**

1 permanent benefit increases be included in this calculation. At the time the  
2 elector pays to the system the amount calculated pursuant to Paragraph (1) of

4 Paragraph and have the system continue to include the elector's retirees,  
5 survivors, and beneficiaries in increases granted to other system retirees,  
6 survivors, and beneficiaries. However, the elector may instead use the funds to  
7 provide permanent benefit increases directly, through annuity contracts or by  
8 any other means.

10 may prepare an independent calculation for the elector.

13 D.(1) The Public Retirement Systems' Actuarial Committee (PRSAC)  
14 shall consider the determinations of the system actuary, the elector's actuary,  
15 and the legislative auditor's actuary. In case of a disagreement, PRSAC shall  
16 have final authority regarding which calculation is actuarially appropriate as  
17 determined by a majority vote of the members of the committee. The amount  
18 so determined shall be paid to the system by the elector.

19 (2)(a) Within ten days, the chairman of PRSAC shall provide written  
20 notification to the chairman of the Joint Legislative Committee on the Budget  
21 (JLCB) of PRSAC's decision as to the actuarially-appropriate calculation for  
22 review by JLCB.

23 (b) Any review of PRSAC's decision shall be conducted by JLCB within  
24 the ten days immediately following receipt of PRSAC's determination. The  
25 amount calculated by PRSAC shall be paid to the system by the elector.

26 E. The amount determined pursuant to this Section shall be valid for  
27 three months following approval by PRSAC, after which monthly interest shall  
28 accrue at the board-approved actuarial valuation rate.

29 F. Funding for the payment required pursuant to this Section may be

1 derived from any source including the proceeds of revenue bonds issued by one  
2 or more of the governing authorities.

3 §966. Duties of the Teachers' Retirement System of Louisiana board of trustees

4 In furtherance of the purpose and requirements of this Part, the system  
5 board shall have the duty to:

6 (1) Assure that no further liabilities accrue by:

10 contributions over and above the amount due and payable pursuant to R.S.  
11 11:965.

12 (b) Transferring, as appropriate, the control or administrative functions  
13 of any programs or accounts to the elector; provided, however, that the board

16 (2) Use all necessary means to make the retirement system and its  
17 members, beneficiaries, and retirees whole on an actuarial basis, if an elector  
18 does not complete the requirements for the election pursuant to this Part.

20 signed by the governor, upon expiration of the time for bills to become law without signature  
21 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
