

Regular Session, 2012

SENATE BILL NO. 708

BY SENATOR BROOME

ABORTION. Requires that audible heartbeat be made and ultrasound images be displayed for review by pregnant woman prior to abortion. (8/1/12)

1 AN ACT

2 To amend and reenact R.S. 40:1299.35.2(D) and 1299.35.6(B)(3)(h), relative to abortions;
3 to provide with respect to ultrasound requirements; to provide for informed consent;
4 to provide for penalties; and to provide for related matters.

5 Be it enacted by the Legislature of Louisiana:

6 Section 1. R.S. 40:1299.35.2(D) and 1299.35.6(B)(3)(h) are hereby amended and
7 reenacted to read as follows:

8 §1299.35.2. Abortion by physician; determination of viability; ultrasound test
9 required; exceptions; penalties

10 * * *

11 D. Ultrasound Requirements. Except in the case of a medical emergency, and
12 in addition to the provisions of R.S. 40:1299.35.6, consent to an abortion of an
13 unborn child at any stage of gestational development is voluntary and informed only
14 if an obstetric ultrasound is performed ~~under~~ **in accordance with** the provisions of
15 this Section.

16 (1) Qualifications to perform ultrasound. The ultrasound shall be performed
17 by the physician who is to perform the abortion, the referring physician, or a

1 qualified person working in conjunction with either physician. For purposes of this
2 Section, "qualified person" means a person having documented evidence that he or
3 she has completed a course in the operation of ultrasound equipment and is in
4 compliance with any other requirements of law regarding the operation of ultrasound
5 equipment.

6 (2) Requirements. At least ~~two~~ **twenty-four** hours prior to the woman having
7 any part of an abortion performed or induced, and prior to the administration of any
8 anesthesia or medication in preparation for the abortion on the woman, **all of the**
9 **following requirements shall be complied with.** ~~the~~ **The** physician who is to
10 perform the abortion, the referring physician, or ~~a qualified person working in~~
11 ~~conjunction with either physician~~ **the agent of either physician who is certified by**
12 **a national registry of medical sonographers, or any combination of such**
13 **individuals as documented in the woman's medical record** shall ~~comply with all~~
14 ~~of the following requirements:~~

15 (a) Perform an obstetric ultrasound on the pregnant woman; ~~and offer to~~
16 simultaneously display the screen which depicts the active ultrasound images so that
17 the pregnant woman may view them; **and make audible the fetal heartbeat, if**
18 **present, in a quality consistent with current medical practice. Nothing in this**
19 **Section shall be construed to prevent the pregnant woman from not listening to**
20 **the sounds detected by the fetal heart monitor, or from not viewing the images**
21 **displayed on the ultrasound screen.**

22 (b) ~~Offer to provide~~ **Provide** a simultaneous **and objectively accurate**
23 **verbal** explanation of what the ultrasound is depicting, **in a manner**
24 **understandable to a layperson**, which shall include the presence and location of the
25 unborn child within the uterus and the number of unborn children depicted, the
26 dimensions of the unborn child, and the presence of ~~external members and internal~~
27 ~~organs~~, **cardiac activity** if present and viewable, **along with the opportunity for**
28 **the pregnant woman to ask questions.**

29 (c) ~~Offer to provide~~ the pregnant woman ~~with a sealed envelope clearly~~

1 marked "ultrasound print" that contains **the option of requesting** an ultrasound
2 photograph or print of her unborn child of a quality consistent with current standard
3 medical practice that accurately portrays, to the extent feasible, the body of the
4 unborn child including external members, if present and viewable; ~~provided that the~~
5 ~~pregnant woman shall be informed that R.S. 40:1299.35.2 requires that she be~~
6 ~~provided with the envelope containing the ultrasound print, but that there is no~~
7 ~~requirement that she view the print image of her unborn child.~~

8 (d) Orally read the following statement to the pregnant woman in the
9 **ultrasound** examination room **and obtain certification by her signature that she**
10 **understands the following statement** prior to beginning the ultrasound
11 examination:

12 "Louisiana law requires that you be informed of three options that you may
13 request at any time during this ultrasound examination:

14 (1) You have the option to view the ultrasound screen at any time during the
15 examination.

16 (2) You have the option to receive an oral explanation of the ultrasound
17 images.

18 (3) You have the option to receive an ultrasound photographic print. Please
19 inform me now or at any time during the ultrasound examination if you want to view
20 the screen, receive an oral explanation or receive an ultrasound print."

21 (e) Obtain a written certification from the woman, after the ultrasound and
22 prior to the abortion, that the requirements of this Subsection have been complied
23 with.

24 **"During this ultrasound examination, you will receive a verbal**
25 **explanation of the results.**

26 **(1) You have the option to view the images or listen to the sounds**
27 **required to be provided to obtain your fully informed consent.**

28 **(2) You may ask questions at any time.**

29 **(3) You may also ask to receive an ultrasound photographic print, which**

1 **will be provided at your request."**

2 (f) ~~(e)~~ Retain a copy of the written certification prescribed by Subparagraph
3 ~~(e)~~ **(d)** of this Paragraph. The certification shall be placed in the medical file of the
4 woman and shall be kept by the abortion provider for a period of not less than seven
5 years. If the woman is a minor, the certification shall be placed in the medical file
6 of the minor and kept for at least seven years or for five years after the minor reaches
7 the age of majority, whichever is greater. The woman's medical files shall be kept
8 confidential as provided by law.

9 **(3) Options to view or listen to required medical information.**

10 **(a) A pregnant woman may choose not to exercise her option to request**
11 **an ultrasound photograph print as provided for under this Section.**

12 **(b) A pregnant woman may choose not to view the ultrasound images**
13 **required to be provided to and reviewed with the pregnant woman as provided**
14 **for under this Section.**

15 **(c) A pregnant woman may choose not to listen to the sounds detected by**
16 **the fetal heart monitor required to be provided to the pregnant woman as**
17 **provided for under this Section.**

18 **(d) The physician, the agent of the physician who is certified by a**
19 **national registry of medical sonographers, and the pregnant woman are not**
20 **subject to a penalty under this Chapter solely because the pregnant woman**
21 **chooses not to request an ultrasound print, view the ultrasound images, or hear**
22 **the heart auscultation.**

23 ~~(3)~~**(4)** Medical Emergencies.

24 (a) "Medical emergency" as used in this Section, means the existence of any
25 physical condition, not including any emotional, psychological, or mental condition,
26 which a reasonably prudent physician, with knowledge of the case and treatment
27 possibilities with respect to the medical conditions involved, would determine
28 necessitates the immediate abortion of the pregnancy to avert the pregnant woman's
29 death or to avert substantial and irreversible impairment of a major bodily function

1 arising from continued pregnancy.

2 (b) Upon a determination by a physician that a medical emergency exists with
3 respect to a pregnant woman, the provider shall certify in writing the specific
4 medical conditions that constitute the emergency. The certification shall be placed
5 in the medical file of the woman and shall be kept by the abortion provider for a
6 period of not less than seven years. If the woman is a minor, then the certification
7 shall be placed in the medical file of the minor and kept for at least seven years or
8 for five years after the minor reaches the age of majority, whichever is greater. The
9 woman's medical files shall be kept confidential as provided by law.

10 ~~(4) Civil penalties. In addition to whatever remedies are otherwise available~~
11 ~~under the laws of this state, failure to comply with the requirements of this Section~~
12 ~~shall provide a basis for professional disciplinary action provided for under law.~~

13 **(5) Penalties. Any person who intentionally or knowingly fails to comply**
14 **with all the requirements of this Section shall be subject to the penalties as**
15 **provided for in R.S. 40:1299.35.19.**

16 ~~(5)~~**(6)** Protection of privacy in court proceedings. In every civil or criminal
17 proceeding or action brought under this Section, the court shall rule whether the
18 anonymity of any female upon whom an abortion has been performed or attempted
19 shall be preserved from public disclosure if she does not give her consent to such
20 disclosure. The court may close any proceedings in the case and enter other
21 protective orders to preserve the privacy of the woman upon whom the abortion has
22 been performed or attempted. This Section may not be construed to conceal the
23 identity of the plaintiff or of witnesses from the defendant.

24 * * *

25 §1299.35.6. Woman's Right To Know

26 * * *

27 B. Informed consent; requirements. After a woman is determined to be
28 pregnant, no abortion shall be performed or induced without the voluntary and
29 informed consent of the woman upon whom the abortion is to be performed or

1 induced. Except in the case of a medical emergency, consent to an abortion is
2 voluntary and informed if and only if:

3 * * *

4 (3) Oral information from the physician. At least twenty-four hours before
5 the abortion, the physician who is to perform the abortion or the referring physician
6 has informed the woman, orally and in person, of:

7 * * *

8 (h) The requirement that at least ~~two~~ **twenty-four** hours prior to the woman
9 having any part of an abortion performed or induced, the physician, referring
10 physician, or qualified person working in conjunction with either physician must
11 perform an obstetric ultrasound under the provisions of R.S. 40:1299.35.2 ~~for the~~
12 ~~purpose of preserving the woman's health and determining the viability of the unborn~~
13 ~~child, and that neither the physician nor the woman shall be penalized should the~~
14 ~~woman choose not to view the obstetric ultrasound images or not to accept the~~
15 ~~photographic print that shall be offered to her in a sealed envelope.~~

16 * * *

17 Section 3. If any provision or item of this Act, or the application thereof, is held
18 invalid, such invalidity shall not affect other provisions, items, or applications of the Act
19 which can be given effect without the invalid provision, item, or application and to this end
20 the provisions of this Act are hereby declared severable.

The original instrument and the following digest, which constitutes no part
of the legislative instrument, were prepared by Christopher D. Adams.

DIGEST

Present law provides the informed consent requirements for an abortion.

Present law provides except in the case of a medical emergency, and in addition to the provisions of R.S. 40:1299.35.6, consent to an abortion of an unborn child at any stage of gestational development is voluntary and informed only if an obstetric ultrasound is performed.

Present law provides the ultrasound shall be performed by the physician who is to perform the abortion, the referring physician, or a qualified person working in conjunction with either physician.

Present law provides at least two hours prior to the woman having any part of an abortion

performed or induced, and prior to the administration of any anesthesia or medication in preparation for the abortion on the woman, the physician who is to perform the abortion, the referring physician, or a qualified person working in conjunction with either physician shall comply with all of the following requirements:

1. Perform an obstetric ultrasound on the pregnant woman and offer to simultaneously display the screen which depicts the active ultrasound images so that the pregnant woman may view them.
2. Offer to provide a simultaneous explanation of what the ultrasound is depicting, including the presence and location of the unborn child within the uterus and the number of unborn children depicted, the dimensions of the unborn child, and the presence of external members and internal organs, if present and viewable.
3. Offer to provide the pregnant woman with a sealed envelope clearly marked "ultrasound print" that contains an ultrasound photograph or print of her unborn child of a quality consistent with current standard medical practice that accurately portrays, to the extent feasible, the body of the unborn child including external members, if present and viewable; provided that the pregnant woman shall be informed that present law requires that she be provided with the envelope containing the ultrasound print, but that there is no requirement that she view the print image of her unborn child.
4. Orally read the following statement to the pregnant woman in the examination room prior to beginning the ultrasound examination:

"Louisiana law requires that you be informed of three options that you may request at any time during this ultrasound examination:

 - (a) You have the option to view the ultrasound screen at any time during the examination.
 - (b) You have the option to receive an oral explanation of the ultrasound images.
 - (c) You have the option to receive an ultrasound photographic print. Please inform me now or at any time during the ultrasound examination if you want to view the screen, receive an oral explanation or receive an ultrasound print."
5. Obtain a written certification from the woman, after the ultrasound and prior to the abortion, that the requirements of present law have been complied with.
6. Retain a copy of the written certification prescribed by present law. Present law requires certification to be placed in the medical file of the woman and kept by the abortion provider for a period of not less than seven years. If the woman is a minor, the certification shall be placed in the medical file of the minor and kept for at least seven years or for five years after the minor reaches the age of majority, whichever is greater. The woman's medical files shall be kept confidential as provided by law.

Proposed law amends present law's time requirement from two hours before the procedure to 24 hours before the procedure.

Proposed law amends present law to require medical personnel to simultaneously display the screen which depicts the active ultrasound images, so the woman may view the images. Proposed law further requires making audible the fetal heartbeat, if present, using a fetal heart monitor.

Proposed law further requires the medical personnel to provide simultaneous and objectively accurate verbal explanation of what the ultrasound is depicting. Proposed law provides the

pregnant woman the opportunity to ask questions during the description by the medical personnel. Further provides the pregnant woman the option of requesting an ultrasound photograph or print of her unborn child.

Proposed law requires the medical personnel obtain certification of the pregnant woman by her signature, which confirms that she understands the following statements:

"During this ultrasound examination, you will receive a verbal explanation of the results.

1. You have the option to view the images or listen to the sounds required to be provided to obtain your fully informed consent.
2. You may ask questions at any time.
3. may also ask to receive an ultrasound photographic print, which will be provided at your request."

Proposed law provides the options to view or listen to required medical information.

1. A pregnant woman may choose not to exercise her option to request an ultrasound photograph print as provided for under the proposed law.
2. A pregnant woman may choose not to view the ultrasound images required to be provided to and reviewed with the pregnant woman as provided for under the proposed law.
3. A pregnant woman may choose not to listen to the sounds detected by the fetal heart monitor required to be provided to the pregnant woman as provided for under the proposed law.
4. The physician, the agent of the physician who is certified by a national registry of medical sonographers, and the pregnant woman are not subject to a penalty under proposed law solely because the pregnant woman chooses not to request an ultrasound print, view the ultrasound images, or hear the heart auscultation.

Effective August 1, 2012.

(Amends R.S. 40:1299.35.2(D) and 1299.35.6(B)(3)(h))
