

SENATE RESOLUTION NO. 249

BY SENATOR BOUDREAUX

A RESOLUTION

To urge and request the State Board of Elementary and Secondary Education to reconvene the Minimum Foundation Program (MFP) task force to determine the actual cost of providing public education in Louisiana and identify all potential funding mechanisms to enable school systems to meet this cost and to submit a written report of findings and recommendations to the Senate Committee on Education and the House Committee on Education not later than February 1, 2019.

WHEREAS, the Constitution of Louisiana requires that the legislature provide for the education of the people of the state and further requires that the legislature establish and maintain a public education system; and

WHEREAS, the Constitution of Louisiana further provides that it is the goal of the public education system to provide learning environments and experiences at all stages of human development that are humane, just, and designed to promote excellence in order that every individual may be afforded an equal opportunity to develop to his full potential; and

WHEREAS, the State Board of Elementary and Secondary Education (BESE) has the constitutional responsibility of annually developing, adopting, and submitting to the legislature for its approval and funding a formula to be used to determine the cost of a Minimum Foundation Program of education in all public elementary and secondary schools as well as to equitably allocate the funds to local school systems; and

WHEREAS, the constitution provides that the legislature may not amend the formula that is adopted by the board and submitted to the legislature for its consideration, but may only return an unsatisfactory formula to the board along with recommendations to the board for an amended formula; and

WHEREAS, since initially convening an MFP Task Force in 2013, BESE has re-convened the task force to study and make recommendations relative to the MFP formula each year; and

WHEREAS, many education stakeholders feel that various issues relative to the MFP formula warrant further study so that the needs of students and the school systems that educate them are sufficiently met; and

WHEREAS, in order to fulfill the state's constitutional duty of affording every student an equal opportunity to develop to his full potential, it is imperative that there be continued study of the Minimum Foundation Program formula so that determinations can be made as to how the state can best provide experiences and opportunities to students that help them succeed in all aspects of life.

THEREFORE, BE IT RESOLVED that the Senate of the Legislature of Louisiana does hereby urge and request the State Board of Elementary and Secondary Education to reconvene the Minimum Foundation Program (MFP) task force to determine the actual cost of providing public education in Louisiana and identify all potential funding mechanisms to enable school systems to meet this cost and to submit a written report of findings and recommendations to the Senate Committee on Education and the House Committee on Education not later than February 1, 2019.
