(1) A carrier shall allow any insured who is engaged in a continuing course of treatment with a licensed mental health provider eligible for coverage under the plan, and whose provider in connection with said mental health treatment is involuntarily or voluntarily disenrolled, other than for quality-related reasons or for fraud, or whose carrier has changed for any reason thereby placing the provider out-of-network, to continue treatment with said provider through an out-ofnetwork option, pursuant to the following:

(1) The carrier shall reimburse the licensed mental health care professional the usual
 network per-unit reimbursement rate for the relevant service and provider type as payment in

division of health care finance and policy at the commissioner's request. If the increased costs
are not justified, the commissioner shall require the carrier to recalculate the appropriate costs

policy.
