By Representative Ehrlich of Marblehead and Senator Lewis, a joint petition (accompanied by bill, House, No. 1275) of Lori A. Ehrlich and others for legislation to prevent trafficking in ivory and rhino horns. The Judiciary.

The Commonwealth of Massachusetts

In the One Hundred and Eighty-Ninth General Court (2015-2016)

An Act to prevent trafficking in ivory and rhino horns.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

The Legislature finds that wildlife trafficking is one of the world's most lucrative criminal
 activities. Valued at \$7-10 billion annually, it ranks 4th globally in terms of value, just behind
 the trafficking of drugs, people, and counterfeiting.

The Legislature finds that there is a direct link between the destruction of elephant and rhinoceros populations and the violent actions of global criminal networks. Wildlife traffickers operate primarily within well-organized, transnational criminal and terrorist syndicates that often participate in other illegal activities such as narcotics and weapons trafficking. These groups use poaching as a substantial source of funding for their violent activities, the proliferation of which threatens U.S. national security.

10 The Legislature finds that trafficking in elephant ivory and rhinoceros horns is at the 11 highest rate ever recorded and that the most effective way to discourage the illegal trafficking is 12 to eliminate markets and profits for traffickers.

13	The Lea	gislature determines that it is an important public purpose to protect all species of	
14	elephants and rhinoceros by prohibiting the import, sale, purchase, barter, or possession with		
15	intent to sell, of any ivory, ivory product, rhinoceros horn, or rhinoceros horn product.		
16	SECTIO	ON 1: The General Laws are hereby amended by inserting after chapter 131A the
