<i>Kay Khan</i>	<i>11th Middlesex</i>

**HOUSE . . . . . No. 1486**

By Ms. Malia of Boston, a petition (accompanied by bill, House, No. 1486) of Elizabeth A. Malia and others relative to the use of solitary confinement in correctional facilities. The Judiciary.

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act relative to the appropriate use of solitary confinement.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 127 is hereby amended by striking out section 39, as appearing in  
2 the 2010 Official Edition, and inserting in place thereof the following section:-

3 Section 39. At the request of the superintendent of any correctional institution of the  
4 commonwealth, the commissioner may authorize the confinement in a segregated unit within any  
5 correctional institution of the commonwealth, of any inmate whose continued retention in the  
6 general institution population poses a substantial threat: (1) to the safety of others; (2) of  
7 damaging or destroying property; or (3) to the operation of a state correctional facility.  
8 Segregated housing should be for the briefest term and under the least restrictive conditions  
9 practicable and consistent with the rationale for placement and with the progress achieved by the  
10 inmate.

11 Within 15 days of placement in a segregation unit, and at 90 day intervals thereafter, an  
12 inmate shall receive written notice of the reasons for confinement in segregation; a hearing at  
13 which he may contest the asserted reasons; and a written decision describing the evidence relied  
14 on and explaining the reasons for the decision. If placement or retention in segregation is  
15 contemplated, the written decision shall contain (1) a conditional release date that shall not  
16 exceed six months except in the most extraordinary circumstances; and (2) conditions for release  
17 that are specifically related to the reasons for the placement or retention in segregation. If the  
18 inmate meets the conditions set forth in the written decision, he shall be released from  
19 segregation.

20 Such segregated units shall provide regular meals, fully furnished cells, the opportunity  
21 for at least one hour per day of out-of-cell and, rights of visitation and communication by those

22 properly authorized. Prisoners in segregated housing shall be allowed property, other privileges,  
23 and programming that is, as much as practicable, equivalent to what is provided inmates in  
24 general population, consistent with security. An emphasis shall be placed upon making  
25 individualized rehabilitative programming available which has as its goal the return of inmates to  
26 the general population. Such opportunities may be used to assess whether an inmate is  
27 appropriate for less restrictive confinement. Under the supervision of the department of mental  
28 health, all inmates confined to a segregated unit shall be given periodic medical and psychiatric  
29 examinations, and shall receive such medical and psychiatric treatment as may be indicated.

30 SECTION 2. Section 40 of said chapter 127, as so appearing, is hereby amended by  
31 inserting in line 4 after the words "to an isolation unit" the following words:-

32 ,a disciplinary unit, or any cell where the inmate is confined to his cell for approximately  
33 23 hours per day.

34 SECTION 3. Section 40 of said chapter 127, as so appearing, hereby further amended by  
35 striking out the second paragraph and inserting in place thereof the following paragraph:-

36 All isolation and disciplinary units, or any cell where the inmate is confined to his cell for  
37 approximately 23 hours per day, must provide light, ventilation, adequate sanitary facilities,  
38 adequate clothing, regular meals, and the opportunity for recreation five days each week for at  
39 least one hour per day, and may contain a minimum of furniture. Under the supervision of the  
40 department of mental health, all inmates confined to isolation and disciplinary units shall be  
41 given periodic medical and psychiatric examinations, and shall receive such medical and  
42 psychiatric treatment as may be indicated.
