**HOUSE . . . . . No. 2263**

---

By Ms. Decker of Cambridge, a petition (accompanied by bill, House, No. 2263) of Marjorie C. Decker and others relative to the use of polystyrene containers and wares by certain food and retail establishments. Public Health.

---

**The Commonwealth of Massachusetts**

**In the One Hundred and Ninety-Second General Court  
(2021-2022)**

An Act to restrict the use of polystyrene.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 111 of the General Laws, as appearing in the 2018 Official Edition,  
2 is hereby amended by inserting after section 5S the following section:-

3 Section 5T. For the purposes of this section “disposable food container” shall mean  
4 single-use disposable products used in the restaurant, food service, and food sales industries for  
5 serving, transporting, or packaging prepared, ready-to-consume, or uncooked food or beverages.  
6 This includes but is not limited to plates, cups, bowls, trays, hinged or lidded containers, straws,  
7 cup lids, and utensils. “Food establishment” shall mean an operation that stores, prepares,  
8 packages, serves, vends, or otherwise provides food for human consumption, including but not  
9 limited to any establishment requiring a permit to operate in accordance with the State Food  
10 Code. “Polystyrene” shall mean a synthetic resin which is a polymer of styrene, used chiefly as  
11 lightweight rigid foams and solid containers. “Prepared food” shall mean any food or beverage  
12 prepared for consumption on the food provider's premises, using any cooking or food preparation

13 technique. This does not include any raw uncooked meat, fish or eggs unless provided for  
14 consumption without further food preparation. “Retail establishment” shall mean any  
15 commercial business facility that sells goods directly to the consumer including but not limited to  
16 grocery stores, pharmacies, liquor stores, convenience stores, restaurants, retail stores and  
17 vendors selling clothing, food, and personal items

18 (b) Except as provided herein, on or after August 1, 2022, food establishments shall be  
19 prohibited from dispensing food to customers in disposable food service containers made from  
20 polystyrene.

21 (c) Except as provided herein, on and after August 1, 2022, retail establishments shall be  
22 prohibited from selling or distributing polystyrene food service ware to customers.

23 (d) The department shall promulgate regulations for the enforcement of this section. Said  
24 regulations shall establish (i) fines not to exceed one thousand dollars for any single violation  
25 and (ii) a process for deferments, in accordance with the following:

26 (1) Upon written application to the health department of the town or city in which it  
27 operates, and upon showing by the food establishment that the conditions of this provision would  
28 cause undue hardship, the municipal health department or its designee may defer application of  
29 this provision for a food establishment for a one year period. An “undue hardship” shall mean a  
30 situation unique to the food establishment where there are no reasonable alternatives to the use of  
31 polystyrene disposable food service containers and compliance with this provision would cause  
32 significant economic hardship to that food establishment.

33           (2) A food establishment granted a deferment must reapply prior to the end of that period  
34 and demonstrate continued undue hardship, if it wishes to have the deferment extended.

35 Deferments may only be granted for intervals not to exceed one year.

36           (3) The application for a deferment or extension thereof shall include all information  
37 necessary for the municipal health department or its designee to make its decision, including but  
38 not limited to, documentation showing the factual support for the claimed deferment. The  
39 municipal health department or its designee may require the applicant to provide such additional  
40 information that it reasonably deems necessary to render a decision.

41           (4) The municipal health department or its designee may approve the deferment  
42 application, in whole or in part, with or without conditions.
