

HOUSE No. 2785

The Commonwealth of Massachusetts

PRESENTED BY:

Antonio F. D. Cabral

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the passage of the accompanying bill:

An Act concerning proprietary specifications in public construction..

PETITION OF:

NAME:

Antonio F. D. Cabral

DISTRICT/ADDRESS:

13th Bristol

HOUSE No. 2785

By Mr. Cabral of New Bedford, a petition (accompanied by bill, House, No. 2785) of Antonio F. D. Cabral relative to proprietary specifications in public construction. State Administration and Regulatory Oversight.

[SIMILAR MATTER FILED IN PREVIOUS SESSION

SEE

HOUSE
 , NO. 824 OF 2011-2012.]

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act concerning proprietary specifications in public construction..

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 Paragraph (b) of section 39M of chapter 30 of the General Laws, as so appearing in the
2 2010 official edition, is hereby amended by striking it out in its entirety and inserting in place
3 thereof the following:

4
5 (b) Specifications awarded pursuant to the provisions of this section and sections forty-four A
6 to forty-four L of chapter 149, shall be written to provide for full and open competition for each
7 item of material to be furnished under the contract. Specifications shall be stated in terms of (1)
8 descriptive elements and characteristics, providing a written detail of material properties without
9 the use of trade or brand names or (2) performance standards, including specifications of the
10 range of acceptable characteristics or of the minimum acceptable standards. For each item of
11 material the above described specifications shall provide for either a minimum of three named
12 brands of material or a description of material which can be met by a minimum of three
13 manufacturers or producers, whose names and model numbers shall be stated in the
14 specifications or in an addendum when any bidder requests same in writing within a reasonable
15 time prior to the bid opening date.

16

17 Specifications may be written other than as described above only when the awarding authority
18 has, after a reasonable investigation, made a written determination that there are sound reasons in
19 the public interest for the use of specifications that are proprietary or otherwise do not allow for
20 full and open competition. The awarding authority shall set forth the basis for its determination
21 in the public records and will promptly make said determination available to anyone making a
22 written request therefore.

23

24 Every specification shall provide that an item equal to that named or described in the
25 specifications may be furnished; and an item shall be considered equal to that named or
26 described if, in the opinion of the awarding authority (1) it is equal in quality, durability,
27 appearance, strength and design, (2) it will perform at least equally the function imposed by the
28 general design for the public work being contracted for or the materials being purchased, and (3)
29 it conforms substantially, even with deviations, to the detailed requirements for the items in the
30 specifications. No material submitted for approval as the equal of a brand named in the
31 specifications shall be rejected for failing to meet a characteristic or requirement not explicitly
32 stated in the description of material in the specifications.

33
