## **HOUSE . . . . . . . . . . . . . . . . No. 3261**

## The Commonwealth of Massachusetts

PRESENTED BY:

Paul R. Heroux

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying bill:

An Act relative to conducting study on sexual recidivism.

PETITION OF:

NAME:	DISTRICT/ADDRESS:
Paul R. Heroux	2nd Bristol
Kay Khan	11th Middlesex
Denise Provost	27th Middlesex

## **HOUSE . . . . . . . . . . . . . . . . No. 3261**

By Mr. Heroux of Attleboro, a petition (accompanied by bill, House, No. 3261) of Paul R. Heroux, Kay Khan and Denise Provost that the joint legislative committee on Public Safety and Homeland Security appoint an independent organization to study the rates of sexual recidivism of certain sex offenders. Public Safety and Homeland Security.

## The Commonwealth of Massachusetts

In the One Hundred and Ninetieth General Court (2017-2018)

An Act relative to conducting study on sexual recidivism.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Notwithstanding any general or special law to the contrary or any

regulation, a study of the rates of sexual recidivism of Level 1, 2 and 3 offenders shall be

conducted by an independent organization that shall be selected by the Legislative Joint

Committee on Public Safety and Security to help determine whether the current classification

system is accurately classifying offenders. The study shall provide general information on the

sexual recidivism rates of classified sex offenders and shall include the type of sexual recidivism

to determine the degree of dangerousness, which is part of the classification level.

The study shall examine five years sexual recidivism rates beginning with offenders

classified in 2004. Recidivism rates hall be measured by tabulating new sex offense charges by

reviewing new CORI sex offense convictions. In addition to recidivism rates by classification

level, the study should include a) the age of the sex offenders who have recidivated to determine

whether sex offenders in the Commonwealth follow the national trend of lower recidivism rates

- after age 40; b) recidivism rates of juveniles as compared to adults; c) recidivism rates of females as compared to adults; and incidence of noncontact offenders who recidivate by committing a contact sex offense.
- A report on the results of the study shall be filed with the clerks of the Senate and House of Representatives on or before December 31, 2017.
