HOUSE No. 3543

The Commonwealth of Massachusetts

PRESENTED BY:

Brandy Fluker Oakley

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying resolution:

Resolutions to improve the care of atherosclerotic cardiovascular disease.

PETITION OF:

NAME:	DISTRICT/ADDRESS:	DATE ADDED:
Brandy Fluker Oakley	12th Suffolk	1/20/2023

HOUSE No. 3543

By Representative Fluker Oakley of Boston, a petition (accompanied by resolutions, House, No. 3543) of Brandy Fluker Oakley for the adoption of resolutions by the House of Representatives urging state agencies to expand comprehensive cardiovascular screening programs. House Rules.

The Commonwealth of Alassachusetts

In the One Hundred and Ninety-Third General Court (2023-2024)

Resolutions to improve the care of atherosclerotic cardiovascular disease.

- 1 WHEREAS, cardiovascular disease is the leading cause of death in the United States, and
- 2 in the United States, approximately 21 million patients have been diagnosed with atherosclerotic
- 3 cardiovascular disease (ASCVD) and are at risk of cardiovascular event; and
- WHEREAS, ASCVD is linked to the build-up of cholesterol in the arteries, and the risk
- 5 of associated events can be modified by lowering low-density lipoprotein cholesterol (LDL-C),
- 6 nearly 70 million United States adults had higher than recommended LDL-C levels, and 43.1
- 7 million people in the United States are currently treated with lipid-lowering therapies to manage
- 8 cardiovascular risk; and
- 9 WHEREAS, only 20% of people with ASCVD who are taking statins, one of the leading
- 10 lipid-lowering therapies, actually achieve healthy levels of LDL-C, and the total direct and
- indirect cost of ASCVD in the US was \$555 billion in 2016, and is projected to climb to \$1.1
- trillion by 2035; and

WHEREAS, in Massachusetts, 418,600 adults have been told by a health professional that they had angina, a stroke, a heart attack, or coronary heart disease, which are some of the manifestations of ASCVD, 6,030 people had ASCVD as an underlying cause of death, 235,200 adults reported experiencing a heart attack in their lifetime, and 129,700 adults reported experiencing a stroke in their lifetime; and

WHEREAS, Massachusetts spends an estimated \$2.4 billion dollars on direct medical expenses for ASCVD care each year; now, therefore, be it

RESOLVED, by the House of Representative of the Commonwealth of Massachusetts urges state agencies to expand comprehensive cardiovascular screening programs to allow for earlier identification of patients at risk of cardiovascular events, to collaborate with federal and national agencies and organizations to establish or expand comprehensive cardiovascular screening programs, to update the state's cardiovascular plan to accelerate quality improvements in the care rendered to these patients such that screening, treatment, monitoring, and improved health outcomes are achieved, and that policies are created to decrease the rising number of deaths of Americans as a result of ASCVD; and be it further

RESOLVED, that a copy of these resolutions be forwarded by the Clerk of the House of Representatives to the author for appropriate distribution.
