47 SECTION 3. Said chapter 32 of the General Laws is hereby amended by inserting after  
48 section 26 the following section:—

49 Section 26A. (1) As used in this section, the term “public safety officer” shall, unless the  
50 context clearly requires otherwise, mean any member of a municipal police department as  
51 classified to be in Group 4 pursuant to paragraph (g) of subdivision (2) of section 3 or sheriff or  
52 employee of a sheriff’s department so classified; provided, the employee of a sheriff’s  
53 department is not a member of the state employees’ retirement system.

54 (2) Any public safety officer employed as of the effective date of this section shall be  
55 retired by the appropriate retirement board upon their attaining age 65; provided, that any such  
56 public safety officer who has performed service as a public safety officer for not less than 20  
57 years, including creditable service granted by paragraph (h) of subdivision (1) of section 4 and  
58 who has not attained the age of 65 may elect to retire pursuant to this section. Any public safety  
59 officer employed after the effective date of this section shall be retired by the appropriate  
60 retirement board upon their attaining age 65; provided, that any such public safety officer who  
61 has performed service as a public safety officer for not less than 20 years, including creditable  
62 service granted by paragraph (h) of subdivision (1) of section 4 and who has not attained the age  
63 of 65 shall be retired pursuant to this section.

64 (3) Upon retirement pursuant to this section, a member shall receive a retirement  
65 allowance to become effective on the date of the member's retirement. Payments under such  
66 retirement allowance shall be made as provided for in sections 12 and 13 and the normal yearly  
67 amount shall be equal to 60 per cent of the average annual rate of the member's regular  
68 compensation received by such member during any period of 3 consecutive years of creditable  
69 service for which such rate of compensation was the highest, or on the average annual rate of  
70 regular compensation received by such member during the period or periods, whether  
71 consecutive or not, is constituting the member's last 3 years of creditable service preceding the  
72 member's retirement, whichever is the greater; provided, that the total amount of the allowance  
73 shall be increased by 1/12 of 3 per cent for each full month of service in excess of 20 years of  
74 service; provided, however, that such retirement allowance shall in no case exceed 75 per cent of  
75 such regular compensation. Any such member retired pursuant to this section who is a veteran as  
76 defined in section 1 shall receive an additional retirement allowance of \$15 for each year of

77 creditable service or fraction thereof; provided, that the total amount of the additional retirement  
78 allowance shall not exceed \$300.

79 (4) Any provision of sections 1 to 28, inclusive, which are inconsistent with this section,  
80 shall not apply to any member so classified under this section; provided, however, that any  
81 member with less than 20 years of creditable service as a public safety officer upon retirement  
82 shall be retired in accordance with the provisions of paragraphs (a) and (b) of subdivision (2) of  
83 section 5 and subject to the limitations set forth in paragraphs (c) and (d) of said subdivision (2)  
84 and shall be based on the member's age and number of years and full months of creditable  
85 service on the date the retirement allowance becomes effective.

86 (5) The actuary, acting pursuant to paragraph (h) of subdivision (3) of section 21, shall  
87 require each board to obtain certain information from each member eligible for the retirement  
88 benefit authorized pursuant to this section, including the name, date of birth, prior contribution  
89 rate, date of hire and any other information required by the actuary for the purposes of the report  
90 required under said paragraph (h).

91 SECTION 4. Any member of a retirement system who meets the definition of public  
92 safety officer as defined in section 26A of chapter 32 of the General Laws on the effective date  
93 of this act may elect in writing to participate in the alternative public safety retirement benefit  
94 provided for pursuant to said section 26A within 180 days of the effective date this act. Any such  
95 election shall become effective on the first day of the next pay period following such election,  
96 and shall constitute a waiver of any retirement benefits provided pursuant to section 5 or section  
97 10 of said chapter 32. Any member making such an election shall be required to make a  
98 minimum of 3 years of retirement contributions at the rate of 12 per cent; provided, however,

99 that if the member chooses to retire before the member has made 3 years of contributions at 12  
100 per cent, the member shall pay into the annuity savings fund or have deducted from their  
101 retirement allowance an amount equal to the contributions that would have been made had such  
102 member remained in service for 3 years at the rate of regular compensation from which the  
103 member retired. The election by an eligible member to participate in the alternative public safety  
104 retirement benefit provided for under said section 26A shall be irrevocable.

105 SECTION 5. The additional contributions required under paragraph (b ½) of subdivision  
106 (1) of section 22 of chapter 32 of the General Laws shall not apply to any public safety officer as  
107 defined in section 26A of said chapter 32.
